

# Airosa Showcase Sale 2020

Wednesday, February 12, 2020 ~ 6:00 p.m. PT  
Tulare Sale Yard, Tulare, CA

Welcome to Airosa Showcase 2020! The second week in February each year in Tulare, CA is a special week in which agriculturists from all over the world gather at the World AG Expo to see the latest in technology and innovations for the future. The World Ag Expo, in my opinion, is one of the greatest agricultural shows on the planet.

This year marks 108 years our family has been in the dairy farming business here in Tulare County and we are partnering with another long time dairy family the Macedo's, who own and operate Tulare Sales Yard, to host a Dairy Social and Sale Event. The sale will feature 20 lots of Airosa bred cattle and 50 lots of great choices from our friends. There will be a sample of elite show age and high genomic cattle which will include three breeds Holstein, Jersey and Brown Swiss. Something for everyone. In addition we will also sell 200 plus lots of commercial cattle both fresh and closeup springers from some of the elite cattle breeders in California. A big thanks to all the consignors who have opened their doors to let us pick one of their very finest, or in some cases ten of there very finest.

So Mark your Calendar for the Tuesday, February 11th Social & Open House and Cattle Viewing at the farm and for Wednesday afternoon's Social and Sale at Tulare Sales Yard located just 2 minutes from World Ag Expo!

In closing I would like to especially thank Ken Melvold for his help in the selection and management of Airosa Showcase 2020. Ken was the 2019 Klussendorf winner at World Dairy Expo in October. His love for the Dairy Cow and our industry is second to none.

God Bless,

Joey

### **Letter of Nomination for the 2019 Klussendorf Award.**

I would like to place in nomination for the 2019 Klussendorf award, Ken Melvold, from Fresno, CA. Ken has had a long and successful career in the dairy cattle business and particular showing cattle throughout the United States.

Ken's showing experiences started like many others with a 4-H project and progressed from there. During college he worked with the Piney Hill West show herd traveling up and down the California circuit which was popular in the 1960's. The string would show all summer and end up at the Cow Palace and then on to Waterloo. It was during that time that Ken rubbed elbows with the likes of Henry LaFranchi, Stuart Rowe, Harlan Askelson, Al Hay and many more. Ken would work for such herds as Willomonte in California, Champ Goodwood in Missouri and Dreamstreet in New York and Bottema Farms in Indiana as well as some of the best herds in California. Ken has also assisted with and managed hundreds of sales, all breeds, throughout the U.S.

If success is measured in miles traveled, few can match Ken's odometer from box car to airplane. Ken has traveled countless times across this country with show herds starting in the box car days and proceeding to flying the Bottema show herd to the Western National in the 70's. If success is measured in Ribbons, Banners and trophies won for other people, Ken's trophy case would be huge. More importantly if success is measured by friendships gained and maintained for years, few could match the success of Ken. Simply stated, Ken Melvold is one of the most popular people in our business.

Ken Melvold is a humble, friendly and kind human being which might mask the fact that he is a tremendous cowman and a great competitor. As always when I think of someone for this, the pinnacle of show ring honors, I look at the articles on Arthur Klussendorf and read "honest, caring, and considerate with a genuine affinity for working with cattle". When you combine ability, character and sportsmanship Ken makes a great candidate.

I thank you very much for your time and do hope that you consider Ken Melvold for this award.

Regards,  
Norman Nabholz

The seller guarantees all animals to be breeders, but not beyond the purchase price, with the following understanding:
  - a. Males - Should any bull after reaching the age of fourteen months fail to prove a breeder after being used for two months on cows or heifers known to be breeders, the matter shall be reported in writing to the seller within three months of the sale date. The report

by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller. The seller makes no guarantees with respect to the ability to freeze semen.

- b. Females - All females are guaranteed to be breeders with the exception of:
  1. Cows over 7 years of age when sold;
  2. Cows and/or heifers carrying a pregnancy that is the result of an embryo transfer.

Report of a non-breeder must occur in writing within 3 months of the date of sale or before the animal reaches 21 months of age and must be submitted to the seller. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed, by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller.

Females bred when sold and pronounced in calf are presumed to be pregnant but pregnancy is not guaranteed unless so announced. The seller makes no warranty that pregnant cows will deliver calves or that they will carry calves full term.

- c. If, after the sale, embryos or oocytes are recovered from a female or an attempt is made to superovulate her, this negates the breeding warranty unless there is a separate written agreement between buyer and seller.

**SHIPPING:** Assistance will be given in arranging shipping of the animals after the sale. All costs, risks and responsibility will be borne by the purchaser.

**PEDIGREE INFORMATION:** All production, classification, type and production summaries are current. Only information recorded on Holstein Association USA pedigrees is used. Any production or classification records supplied by the seller or consignor will be properly identified as provided by owner. Records in progress are identified as such.

**GENOMIC INFORMATION:** If genomic information on the animal or embryo is available, it must be dated and disclosed at or before the time of sale.

**EMBRYO TRANSFER:** All registered animals that have resulted from embryo transfer are identified with one of the following suffixes in the name: ET, ETS (from split embryo), or ETN (from nuclear transfer). If unregistered, the appropriate technology will be identified. Donor dams are identified.

**HEALTH WARRANTY:** The seller will provide an official health certificate to the buyer for each animal showing the results of all health tests made in preparation for this sale as required by the state where the cattle reside. Other health tests completed for this sale will be disclosed.

**ERRORS:** The material in this catalog has been carefully edited. If any errors or omissions are discovered, they will be announced. Such announcements take precedence over that printed in this catalog.

**ACCIDENT:** The sale management, the consignors, and the owner of the grounds will not be responsible in any case for the condition of the grounds or the behavior of the animals and disclaim any liability in the event of personal accident or property loss.
