DECEMBER (RUN 1) 2023 WAGYU BREEDPLAN

**Lot 104 and Dam Lot 105
GVF KYLIE 037J ET AA -6**

This young cow is from the great Chisahime maternal line and is sired by the internationally popular Australian bull, Macquarie Prelude. With nearly 2000 registered progeny, Prelude has high accuracies for all genomic EBV traits. Kylie's maternal grandsire is a son of the highly proven Itozurudo TF151 out of the Hikokura maternal line. Breed greats such as Michifuku, JVP 068, and TF Kikuhana round out her strong pedigree. She sells with a May heifer calf that is sired by the very popular and proven red Wagyu sire, JC Rueshaw 92. This cow/calf package will fit into any Wagyu program!
