The Dairy Science Club at Iowa State University

Welcome to the 3rd annual Cardinal and Gold Classic!

The Dairy Science Club at Iowa State University is delighted to introduce the 3rd annual Cardinal and Gold Classic. In our first year, we had the opportunity to sell 35 heifers and 70 embryos for the Iowa State University Dairy Farm. This year, we are excited to announce the sale will be returning in consignment form, featuring live lots and embryos from Iowa and the surrounding states.

Iowa State University is one of the few universities in the nation that still has a Dairy Science major, and having the opportunity to grow skills and knowledge from putting on this sale is extremely valuable. With nationally-competitive Dairy Challenge and Dairy Judging teams, a wide range of activities available through the Dairy Science Club, the DairyCy Student-Managed Herd, valuable dairy research opportunities, and the ISU Dairy Farm, students are engaged in the dairy industry from every angle. We want to sincerely thank our advisors, professors, farm and university staff, alumni, industry professionals, friends, and family for their support.

Sincerely,

Regan, Irene, Anne, Liz, and Madi
