ZUCK HOLSTEINS

TUESDAY, APRIL 2, 2024 • 9:30 AM  
135 FOX RD, LEBANON, PA

## Welcome to the Zuck Holstein farm!

We would like to share a little bit of history on how God has guided and blessed us through the years. When Jeff was 16 years-old he got his first job on a dairy farm working for Lynwood & Mary Heagy. He received his first Holstein calf from the FFA program and was able to have dairy animals on the Heagy's farm. This gave Jeff a way to start building his herd. When Jeff left the Heagy's 3 years later he had about 15 animals that he was able to take with him to Cyrus Bomberger's farm. This is where Karen had already been working for the last year. Jeff & Karen worked together for the Bomberger's for four years and during this time in 1986 we got married. We continued to grow our herd and started the KAR-JE prefix. Two and a half years later we moved our 30 cows and 15 heifers and started farming on our own. We rented James Patches farm in the spring 1989 and farmed there for 4 years. We bought cows at this time and quickly build up our herd to milk 50 cows. In 1990 God blessed us with a daughter, Amanda and then in 1991 with a son, Bradley.

In the spring of 1993, we had to move and God blessed us again by provided a farm to rent. We moved here to 135 Fox Rd, Lebanon and rented this 100-acre farm from Wilmer & Janice Esbenshade. We again grew our herd by purchasing 10 cows. For the first 10 years we milked about 68 cows, which involved switching 20 cows twice a day for milking. During this time, we were blessed with 2 more children, a daughter, Valerie in 1994 and son, Travis in 1996. In 2002 we were able to purchase the farm from the Esbenshades as again we saw God guiding and blessing us. Then in 2004 we built the addition on the front of the barn and started using sand for bedding. We now had a total of 105 stalls and no more switching cows. All four of our children showed animals in 4-H or FFA. We want to thank our children for all of their help with the farm work over the years!

In 2011 we started milking 3X a day. This really helped with herd health. Our SCC has consistently averaged around 85,000. Jeff always enjoyed improving the herd. He picked a variety of bulls with good type, udders, feet and legs to see how they worked. Then he would go back and use the ones that worked well. This continually improved the herd type. We classified on and off over the first years, but have been consistent for the last 10 years. Our BAA has really improved over these last 10 years. During this time again we saw God's blessing as we had extra animals to sell each year. We would freshen in the two-year-old heifers and sell the extra, but keep the heifer calves. It was always encouraging to get good reports from animals that we sold over the years about longevity and productivity!

In 2019 Travis purchased Golden-Rose Goldrush-ET and that is when he started the Zuck prefix. In 2020/21 we built 3 broiler houses for Bell & Evans. At this point Travis already owned a quarter of the herd. We (Jeff & Karen) desired to be less tied down with the daily operations of the dairy, so in January 2022 Travis purchased the remaining 100 milking cows and took over the managing of the dairy herd.

We have bred 6 -EX94 point cows. As of the December 2023 classification we had 43-EX, 59-VG, 17-GP cows and our BAA is 110.6. We also had our first 2 cows that are 4th generation home bred EX. We haven't always had the highest scoring 2-year-olds, but they continue to improve with age. Over the last few years, we had 6 cows reach 300,000 lbs lifetime milk.

Since we (Jeff & Karen) are trying to do less with the dairy and rather than relying on all outside help, Travis made the decision to disperse the herd. He would like to pursue other interests like custom work involving corn planting, 3x3 square baling, triple mower and combining.

Thank you all for joining us today for the sale. We hope you will enjoy working with the animal families that you purchase today as much as we have over the years.

God Bless,

Jeff & Karen, Travis

# ZUCK REGISTERED HOLSTEINS COMPLETE DISPERSAL

Tuesday, April 2nd, 2024 • 9:30A.M. • Lebanon, PA

**315 reg. Holstein lots sell including 135 milking & dry cows, 150+ heifers
