*2 sons in AI, 40 embryos exported and still in the herd!
38 descendants sell!

Billy Heath

*For every beast of the forest is mine, and the cattle upon a thousand hills.
Psalm 50:10*

A warm welcome to all fellow breeders! Thank you for all the interest expressed in our cattle. Our hope would be that they exceed your expectations and you have as much enjoyment continuing the Roxy family as we have!

In 2009, while renovating the facilities at what is now TransOva in Boonsboro, Maryland, I was introduced to the beautiful Red Advent (Galestone Little Socks) EX 92. However, my budget was limited and Bernie Frye graciously offered a flush from her younger full sister (Sammie VG 86). We flushed her to Destry which resulted in six #1 embryos and four calves. One was a black and white, and three were red and white! Genomics was new then and we had all four tested. Shampoo came back....the # 1 red type heifer and # 2 red GTPI heifer in America! Destry...Advent...Rubens...who would have thought this could be possible?

As we worked with each successive generation, we have been privileged to have animals within the top 20 GTPI. As we continue forward we hope that you also can achieve this success and enjoy the Red Roxys!

We continue to work with this family and ask that if you need that special "Red" animal, you would feel free to inquire. Thanks again "Bernie: for your kindness!

A special thank you to each of the guest consigners. It has been a privilege to work with each of you in various ways.

Thank you also to each bidder and buyer for making this day possible. We trust you will be more than pleased with your purchases!
