Embryo & Semen Auction

HOSTED BY

DO-N-JOY 
GENETICS

April 5, 2024

ARLINGTON, MN - 6 PM

We would like to say thank you to all of our consignors for opening their doors to us and allowing us to select from the top of their herds. Throughout all of our travels from near and far your willingness and trust in us to sell your best means the world to us.

To all of the buyers, please know that the cattle are represented in the catalog match the pedigree. There is truly something in every breed that will compete at every level of competition and at every level of price range.

To all of our sponsors, thank you for your continued trust in our adventures. It's your willingness to always step in and support that allows us to continue to host these events whether it's a sale or an event for youth programs.

To our crew and sales force, thank you isn't enough. Most of you have been working side by side with us for many years and your not only our friends, but your family to us. Your commitment and dedication to not only us, but the love and ability to continuously be a mentor to our children is a debt we can never repay.

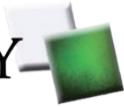

To our families, thank you! Thank you for always stepping in when we are hosting an event or being the cheerleaders or helpers from the sidelines. We don't get to pick our families, but we would have chosen all of you. Your selfless acts and support never goes unnoticed.

Everyone here has a love and appreciation for the great dairy cow! It's that passion and everyday commitment to make the best better. This dairy cow is in our blood, it's born into us. This business is tough and it will knock you down. It's the friends and family that you meet along the way that make this industry worth it!

I was asked not to long ago, "how do you define success?" My answer was "success is when you look back at your life and the memories make you smile!"

We wish you all the best with your purchases today! We will be your biggest supporters and cheerleaders as you move forward with your purchases.

THANK YOU from all of us at
