Guernsey Gold Production Contest

Lots GG66 - GG69 are designated as Guernsey Gold Production Contest Heifers.

The Guernsey Gold Heifer Sale started in 1986 as a small sale of select open heifers for junior members. We are excited to bring this contest back for the first time in five years. The top production winners will receive prize money at the 2027 National Convention. Every animal that completes her first lactation will receive at least \$100.

We encourage all juniors to participate in this program by bidding on the Guernsey Gold consignments. The production winners from the calves purchased this year will be recognized at the 2027 National Guernsey Convention. The American Guernsey Association is very appreciative of the breeders who have nominated top-pedigreed heifers for this program. We also extend our thanks to the sale managements who have agreed to donate the monies into the Guernsey Gold pot.

GUERNSEY GOLD PRODUCTION CONTEST RULES

1. Fifteen percent of the sale gross will be set aside for the production contest.
2. Purchaser must be between six and 19 years of age as of January 1 of the year they buy the calf.
3. The heifer must calve before reaching 30 months of age to be eligible to compete in the production contest.
4. The production contest ranking will be based on the animal's 2-year-old mature equivalent pounds of combined fat & protein. These records must be DHIR or official DHI.
5. All heifers must be tested in a DHIR or DHI herd owned by the purchaser or the purchaser's parents or legal guardian. In the event that this is not possible, a written request may be made to the American Guernsey Association for permission to test the animal in another herd.
6. A junior member may not purchase an animal consigned by his or her immediate family.
7. A junior member may purchase only one Guernsey Gold Heifer Sale consignment per year.
8. The owner of each animal that completes her first lactation will receive \$100. The remaining monies in the production contest fund will be divided into four prizes as follows: first - 40 percent; second - 30 percent; third - 20 percent; and fourth - 10 percent.
9. Heifers sold in 2024 will compete in the 2027 production contest. (Sell in 2024; calve in 2025 or early 2026; finish record in 2026 or early 2027.)
10. Loss, death or transfer of ownership of any purchased animal before the record is completed eliminates that entry and owner from the production contest.

SALES CODE

Terms: The terms of the sale are cash or check for the full purchase price in US funds on sale day. Absentee Bidders must have a Credit Card or Bank Statement on file with the Wisconsin Guernsey Breeders Assn. Parties unknown to the seller or sale management who desire to pay by check should furnish bank statement or certified check. If other arrangements for payment are made with seller, then a written document acknowledging such terms signed by both parties must be filed with the sale clerk prior to release. All payments must be made to the sale clerk. The seller, sponsor or sale manager reserves the right to require payment by wire transfer, certified check or in cash. All goods purchased should be settled with cash or good check at the time of sale. If paying by Credit Card a convenience fee of 4% will be added to the full purchase price. If not settled within 10 days, interest will be added to the balance at the rate of 18% per annum. No release will be given prior to satisfactory settlement, whereupon a signed order from the clerk must be presented to the barn superintendent or seller. Seller retains title until payment has been honored unless other arrangements are made. Buyers are entitled to warranties as listed below only after full compliance with those terms.

Sales Positive: The highest bidder shall be the buyer. Every animal is pledged to absolute sale unless withdrawn for just cause. In case of dispute the animal shall again be put up for advance bids. If there be no advance bid, the auctioneer shall indicate the party whose bid he recognized. Other claimants will be given opportunity to increase the bid. Bidding directly or indirectly on an animal in which the bidder or any person for whom the bid is made has an ownership interest is prohibited unless the intention to bid is disclosed specific to each animal in the catalog and/or announced when the animal enters the ring.

Certificates of Registration: Certificates of registration or identification (whichever applies) showing transfer to the buyer on the records of the American Guernsey Association will be furnished by the seller for each animal at no cost within a reasonable period of time. An animal may not be transferred back to seller within a period of one year following the sale except at the discretion of the American Guernsey Association. Registry Certificates show ownership on the records of the American Guernsey Association, but are not documents of title.

Catalog Information: The material in this catalog has been carefully edited. Any errors, omissions or information noted after printing of the catalog will be announced. Such announcements will take precedence over printed matter in the catalog. In any event, neither the sponsor nor the sale manager assumes personal responsibility for errors or omissions. The American Guernsey Association assumes no responsibility for the accuracy of the breeder supplied information which is designated in the pedigree.

Risk: The purchase of mortality insurance is strongly recommended or the animal is purchased at "buyer's risk". All animals are at the buyer's risk as soon as struck off, but will be cared for at no cost for 24 hours. Buyers must make arrangements for the care of their purchases beyond the 24 hour period. Animals are solely at the seller's risk prior to being struck off, including that time while under the care and supervision of the sponsor or sale manager.

Warranties: The seller or consignor warrants clear title to the animal and the right to sell same. Each animal is sound and healthy unless otherwise noted in the catalog or announced from the auction stand. Every precaution will be taken to represent the true physical condition of the animal exactly as it is known. Examination of all purchases should be made immediately after the purchase and if found not to be as represented, then complaint must be reported to the sale management before the close of the sale. In the event no complaint is filed, it is understood that the buyer assumes all risks, after which no representation of the seller can be made through the sale manager. Heifers that have never calved are not guaranteed as to the condition of their udders following calving. In complete dispersal sales, cattle are sold "as is" unless stated otherwise in the catalog, and if so stated, all claims must be made within 3 days following the complete dispersal. All warranties cease when animal is resold by the original purchaser.

Breeding Warranties: All animals are sold as is, in regard to pregnancy or breeding status. No animals are guaranteed pregnant, to breed, to deliver normal calves, or to carry calves full term. However, all animals that have been bred for a reasonable amount of time will be checked by a licensed veterinarian before the sale and his diagnosis will be announced, but not guaranteed.

Health Warranty: The seller will provide an official health certificate suitable for interstate shipment to the buyer for each animal. Each animal has passed a negative test for tuberculosis within 30 days of the sale date. Each female other than official calf-hood vaccinates under 18 months of age or non vaccinates under 6 months of age has passed a negative test for Brucellosis within 30 days of the sale date. Herd and/or area accreditation and certification status are printed in the catalog for each animal. Health tests and conditions for export sales or sales to states with health requirements additional to those indicated above are disclosed to the sponsor and or sale manager prior to the sale. The result of any future health test is not guaranteed.

Shipping: Assistance will be given in loading and shipping animals after the sale, but no risk is assumed by anyone associated with the sale when such assistance is given. All costs, risks and responsibilities are borne by the buyer unless other arrangements are made. Transportation charges on all animals subject to adjustment shall be paid by the shipper.

Absentee Bidders: While it is preferable for prospective bidders to attend the sale in person, for the convenience of those not present, members of the sales force are qualified to act and will gladly represent you. Any person handling a bid for an absentee buyer does so as agent only and is not responsible in any way for any animal he may purchase in that capacity. Others handling bids for absentee buyers should identify themselves to the sponsor or sale manager before the sale to ensure that the terms of the sale are complied with.

Responsibility: The seller is the responsible party for all recommendations and warranties. The sale manager, auctioneer and/or sponsor are acting as agents only and are not responsible in any way, but will endeavor to protect the interests of both buyer and seller. The sale manager, sponsor, seller or anyone associated with the sale will not be responsible for accident, injury or property loss to anyone attending the sale. Provided the terms of the sale have been adhered to, the sale manager or sponsor will not be liable for any amounts of money not paid by a purchaser of any animal, at any time. The sale manager and sponsor will be responsible only for transmitting to the seller net proceeds of funds actually received from a purchaser. In submitting the entries and in selling the animals listed in this sale, the seller or consignor subscribes to the various regulations and requirements as set forth above and assumes full responsibility for his animals.

The terms and conditions of this sales code shall be construed under the laws of the state of Wisconsin. This sale is subject to the Wisconsin Guernsey Breeders Association Merchandising Policy and Public Sales Code. Violation of these terms and conditions shall subject the violator to such penalties as may be imposed by the Wisconsin Guernsey Breeders Association. Revised 3/3/19

Guernsey Sire Print

Donated to benefit Youth Associations

This beautiful original print sells on June 22nd during the National Guernsey Sale. All proceeds will be split between the National and Wisconsin Guernsey Youth Associations.

This original print is one-of-a-kind and was professionally framed and given to Jer and Deb Lang of Majestic Oak Farm on their wedding day by all the nieces and nephews that had shown for them over the years. It measures 36.5" x 46" (frame size).

It's the largest print of this picture anyone has seen. It's in exceptional condition with a minor water mark on the lower edge.

Thank you to Deb Lang and family for donating this print to the youth in Jerry's memory.

Eustis Artist's Proof Model Cow

Donated to create a youth convention travel fund

Janice Keene served as editor of the Guernsey Breeders' Journal from 1982 to 1986. When she left to pursue her Master's degree at The Ohio State University, she was presented with a "Proof"* Eustis Model Guernsey. As Keene's career in animal health, product development, advertising and promotion in agriculture-related industries moved her across the country, the Eustis cow traveled with her. In fact, the cow has been housed in Ohio, Minnesota, Indiana, Pennsylvania, New Jersey, Iowa and Tennessee.

She has donated this cow to be auctioned to create a fund that will be used to sponsor awards to assist youth in attending AGA National Conventions. Janice attended national breed conventions as a junior member and values the connections, learning and camaraderie that conventions provide for people of all ages. She is grateful for her time serving Guernsey breeders and for the opportunity to give back to the Guernsey breed in this one-of-a-kind way.

*An artist's proof is an original sculpture that has been approved for the final edition. There exists only one AP for each edition and it is left unnumbered. APs are usually of a higher value than the edition's numbered reproductions because they are rare. Many times, the artist proof varies from the final edition, making it unique, a trait that entices collectors.
