For Your Information

Sale Order is Catalog Order,
beginning with the TYPE lots at 6 pm on Thursday!

Cattle Housing...

The World Classic 2024 cattle will be housed throughout the week in Row 1 of Pavilion 1. Your inspection is welcomed.

Cattle Release...

The sale management will assist you with trucking arrangements for your purchases. Please inform the clerks at the time of settlement if you desire assistance. After satisfactory settlement has been made, the animals will be released any time after the sale; proper loadout protocol is required and can be obtained by contacting Sandy Morris at 715-410-0919. All animals must be removed from the World Dairy Expo grounds by noon on Saturday, October 5, 2024.

Absentee Bidding...

If you are unable to attend the World Classic, feel free to contact the sale management or any member of the sales force. They will be happy to assist and represent you at the sale. Also, sale will be broadcast live via www.cowbuyer.com with real-time bidding to pre-approved buyers. See further Cowbuyer information in back of catalog.

Mortality Insurance...

Full mortality coverage for your World Classic purchases is available through the Paula Bovre Livestock Insurance Agency. An insurance form is printed in the back of the catalog with further information.

Terms, Live Animals...

The live animals, whether physically on the World Dairy Expo grounds or selling in absentia, will be subject to the terms and conditions listed in the back of the catalog. The terms are payment in full sale day, unless prior written arrangements have been made with the consignor and/or sale management. **Any animal selling in absentia** is guaranteed to be in good health and condition at time of sale, and is guaranteed to pass all necessary health tests to enter the state to which she is going. These tests will be performed at the seller's expense. Buyer should contact seller ASAP to arrange health testing and shipping. Any animal sold in absentia under 4 months of age may be housed at the seller's facility at no extra charge to buyer until 4 months of age, at buyer's request.

Terms, IVF Sessions...

Buyer of each IVF Lot is purchasing rights to control the next IVF sessions until a minimum of 8 #1 or #2 IVF embryos are produced. Embryo grades are determined at the time of transfer if fresh embryos, or at time of freezing if freezing is requested by buyer. Buyer keeps all resulting embryos from these controlled IVF sessions. Buyer is responsible for all costs of the aspirations and mating sire decisions. Sessions offered in the World Classic must be performed by a certified IVF facility or practitioner that is agreeable to both seller and buyer. If after 4 IVF sessions the guarantee has not been fulfilled, EITHER PARTY can choose to call the sale complete and refund will be issued. The seller will then remit to the buyer a refund on pro-rated price based on original sale price. Example: Sale price of \$40,000 on an IVF session would equal \$5,000 (or sale price divided by 8) refund per embryo not produced in event all embryos are not produced. IVF flush histories available upon request.

There's Only One!

With “The Golden Age” as this year’s World Dairy Expo theme, our World Classic sale has evolved as well, and encompasses everything great about our past and now into the present age. The World Classic sale has the distinction of being the highest averaging cattle sale series in breed history. And this year, the sale format has expanded again to encompass a broader view for all dairymen.

Our Type selections offer an exclusive amount of the breed’s best! All dams or grandams are either former class winners here at the International Show, or are back in the hunt again this fall! View these heifers as solid investments, for show potential next year, exporting embryos everywhere, or calving them out as a potential class winners as well!

The genomic Holstein pages might be the strongest group we have ever assembled. We have never offered this many outstanding IVF sessions, including one from the #1 female in the world! Our three elite Jersey selections for this sale also mirror greatness for genetic progress to create “generation next”. In a new twist, our sale this year offers two groups of genomic heifers from two outstanding dairy farms. You have the opportunity to invest in a genetic package for adding value to your operation.

Our sale venue will again be located in “The Tanbark,” in a relaxed atmosphere on Thursday night! As always, all Type lots will be on display all week in Pavilion 1, Row 1. Ask any sales staff member questions and we will have answers. Honesty and integrity are what we offer to all involved, from the consignors we work with, to aiding the buyers who ask for guidance.

We are proud of the lineup in this, our 35th edition of the World Classic. Thank you, and great luck with your purchases!

Tom & Sandy Morris

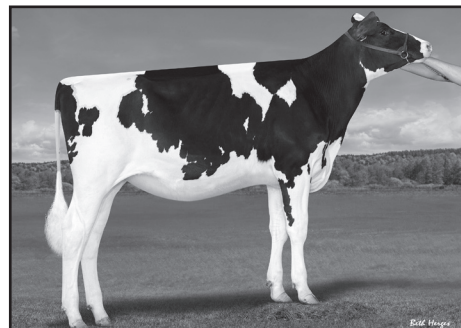

*We proudly present
a limited offering of the world’s most sought-after Holstein & Jersey genetics.*

15 HEIFERS LISTED SELL AS ONE LOT

LARSON ACRES INC
18218 W STATE ROAD 59
EVANSVILLE, WI 53536-9038
608-751-9166 MIKE LARSON
mike@larsonacres.com

These 15 heifers sell as a group in absentia and are housed at Larson Acres Inc, Evansville, WI
Heifers must be picked up by October 18, 2024,
after which board of \$8/day/head applies.

THE LARSON FAMILY

Front row: Mike, Ed, Barb & Sandy Larson. Back row: Luke, Jim, Dane & Brooke Trustem

The Larson Family of Larson Acres has been honored as World Dairy Expo's 2024 DAIRY PRODUCERS OF THE YEAR!

The Larson family of Evansville, Wisconsin has been farming in southern Wisconsin for nearly a century. Focusing on three key pillars – quality, pride and family – Larson Acres is truly a superior example of modern dairy farming. Milking 2,800 Holsteins in both a conventional double-20 parallel parlor and a cross-ventilated double-22 parallel parlor, the herd averages 109 pounds of energy corrected milk daily, with a 4.68% fat, 3.4% protein and 56,000 somatic cell count.

In addition to stellar production records, Larson Acres has bred 130 Excellent cows, 16 Gold Medal Dams, 40 Dams of Merit, four Gold Medal Sires and 16 regional and/or national Elite Performer Award recipients. The cows play a pivotal role at Larson Acres, but the people are just as important to the Larson family, who open their barn doors to welcome community members, industry leaders, fellow dairy producers, international guests, school children and more.

20 heifers sell as a group in absentia and are housed at Terra Linda Dairy in Tulare, CA. You choose 20 of the 23 heifers listed on facing page. Heifers must be picked up by October 18, 2024, after which board of \$8/day/head applies.

With nearly 100 years of dairy farming in the U.S., the Santos family of Tulare, CA, has a rich history of caring for their land and their cows. While production and genomics are main focuses for the dairy, breeding Very Good and Excellent cows is still at the forefront of every mating decision. Terra Linda is top 10 in the U.S for total number of EX cows.

The original home farm was started in 1944 by brothers Manuel Jr. and John, who were partners in the operation. In 1972, Manuel and his son Michael Sr. formed Terra Linda Dairy, or "beautiful land" in Portuguese, next to the original homestead, which was eventually purchased in 2010. Today, Michael Sr.'s sons, Michael Jr. and Craig, are the fourth generation involved at Terra Linda Dairy. Michael Jr. handles the day-to-day operation of the dairy and runs the genetic program. Craig manages the farming operation. Michael Sr. oversees both operations.

Terra Linda Dairy is home of 1500 registered Holstein cows and 1700 registered Holstein replacements. Over 75% of the herd is VG or EX. The RHA is 35,705 FCM and 35,401 ECM. Terra Linda Dairy has put over 75 bulls into AI and continues to be a force for breed-leading improvement around the world!

Hellenbrand Lasting Legacy Award

Mike & Linda
Hellenbrand

WESLEY & WINSOM

Feed your **Passion** | Grow your **Potential**
Showcase your **Opportunity**

An opportunity that became a reality for **Wesley Winch** of Fennimore, Wisconsin is what the **Hellenbrand Lasting Legacy Award (HLLA)** had in mind with its inauguration in 2021. To enable high school youth with skills and dreams of being a part of the dairy industry make connections with a mentor, share ownership of a calf that could open doors, create experiences, facilitate learning, grow knowledge and make future dreams come true keeps the legacy and dreams of **Mike Hellenbrand** alive. Mike and his wife, Linda, left successful business careers in New York City to operate City Slickers Farm in Cross Plains, WI, where hard work, dedication and focus grew successful partnerships with well-known dairy cattle breeders throughout the country, brought Hillpoint Partner animals to the colored shavings, and Mike Hellenbrand to many years of leadership at World Dairy Expo before his passing in 2020.

Wesley Winch, the 19-year old 2024 HLLA winner, is the co-owner and consignor of Top Acres Winsome ETV, a Winter Calf out of Top Acres Supreme Wizard ET, 3E-95 and 2017 World Dairy Expo Brown Swiss Grand Champion, with Top Acres - Wayne and Connie Sliker.

Wesley, a graduate of Fennimore High School, is a student at Southwest WI Technical College, where his mentor, Ryan Weigel is a professor of Dairy and Animal Science. The mentor connection, solidified in the classroom, is facilitated by Weigel's proximity and work with Winch's Pine Grove family farm, but also by Weigel's own success in the show ring, his connection with World Dairy Expo, animal breeding, genetics and other international dairy industries. Wesley's interest in growing a hoof trimming business, his hard work and dedication to the family farm, success with 4-H and FFA dairy cattle judging, and his recognition as World Dairy Expo's 2023 Supreme Showman are just some of the attributes and accomplishments that earned him the 2024 HLLA.

The 2025 HLLA calf will be a daughter of Ms Ransom-Rail Beth-Red-ET, EX-94,
the 2022 World Dairy Expo Red & White Grand Champion.

**Applications for the 2025 award can be found at <https://hellenbrandlastinglegacy.com>
and submitted between October 1, 2024 and January 1, 2025.**

Coverage is available on animals age 2 wks. - 3 mos. and over age 7. Contact company for rating.

- 1 Month Term.....2.40%
- 3 Month Term.....3.60%
- 6 Month Term.....4.00%
- 1 Year Term.....6.00%

Minimum Policy Premium is \$100.00
 Policy must be in place a minimum of 3 months prior to calving to cover any loss resulting from calving.

Signature of Applicant:

Date: _____

This is not a Binder until accepted by Insurance Company Representative

LIVE INTERNET BIDDING AT www.cowbuyer.com

- View/bid online in Real Time
- Registration is required. Please register at least one (1) hour prior to sale time at www.cowbuyerlive.com
- High Speed Internet is required. Slower speed will not permit you to bid and keep pace in real time.
- Terms: Purchasing online constitutes a legal contract and promise for payment of purchases. All purchases must be paid within five (5) days of sale date and prior to load out or delivery of cattle purchased.
- Cowbuyer.com is a service provider and is not responsible for the activity or inactivity of any technology, internet connection at the sale site or connection and technology of the bidders.

For questions or information, contact:

Aaron Ray Tompkins – 336-363-4639, atompkin@vt.edu

TERMS AND CONDITIONS OF SALE

TERMS: The terms are cash or check on sale day payable to Tom Morris Ltd, in U.S. funds unless other arrangements are made with the seller and management prior to the sale. All payments must be made to the clerk of the sale and no release of animals will be given until satisfactory settlement has been made. Compliance with the above terms of payment on the part of the buyer will then entitle him to the guarantees offered by the seller and listed below.

EXPORT SALES: Buyer assumes all responsibility for health tests required by the importing country.

BIDS: The highest bidder shall be the buyer. Bidding parties or their agents are responsible for all bids placed. Every animal or lot presented for bidding is pledged to absolute sale. In case of dispute, the animal or lot shall be again put up for advance bids, and if there is no advance bid, the animal or lot shall be sold to the person from whom the auctioneer on the stand accepted the last bid. In case two or more claim the bid, the auctioneer in the box shall indicate the party whose bid he recognized. Other claimants will be given an opportunity to increase the bid, and bidding will be restricted to the two or more claimants.

BY-BIDDING: Bidding directly or indirectly by the sole owner of any animal or lot is prohibited. Seller reserves the right to be a member of a buying partnership or syndicate. Bidding by any member of a partnership, syndicate, or other entity having an ownership interest in an animal or lot is permitted.

RISK: All animals, whether on site or sold in absentia, are at the purchaser's risk as soon as struck off. Those at the sale will be cared for free of charge until noon on Saturday, October 5th. Animals are solely at the seller's risk prior to selling in the event of fire or other eventuality.

TRANSFER OF OWNERSHIP: For all Registered HolsteinsSM, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA and a certificate of registration showing that transfer of ownership will be provided to the buyer free of charge. Jersey consignments will be transferred in the same manner with the American Jersey Cattle Association.

WARRANTIES:

1) Each seller warrants clear title to the animal or lot, and the right to sell same.

2) To the best of the seller's knowledge, each animal is sound and healthy in every respect, unless otherwise noted in the catalog or announced from the auction stand. Every precaution will be taken to represent the physical condition of each lot exactly as it is known. Heifers that have never calved are in no way guaranteed as to the condition of their udders following calving.

3) Breeding Warranty: The seller guarantees all animals to be breeders, but not beyond the purchase price, with the following understanding:

Should any female less than eighteen months old when sold, fail to become pregnant by the time she reaches the age of 21 months, after having been bred to a bull known to be a breeder and after having been examined or treated by a licensed veterinarian, the matter shall be reported in writing to the seller within three months of the stated limit. The seller shall then have the privilege of four months' time in which to prove the animal a breeder by service to a registered Holstein bull before refunding the purchase price or making other settlement satisfactory to the buyer. Females bred when sold and

pronounced in calf are presumed to be pregnant but pregnancy is not guaranteed. The seller makes no warranty that pregnant heifers will deliver calves or that they will carry calves full term.

If, after the sale embryos or oocytes are recovered from a female or an attempt is made to superovulate her, this negates the breeding warranty unless there is a separate written agreement between buyer and seller.

4) Health tests completed for this sale will be disclosed. The results of any future health tests are not guaranteed. The seller and sale management hereby notify buyers that according to the State of Wisconsin ATCP Rule 10.21, all animals are sold as originating from a maximum risk paratuberculosis herd. The seller and sale management cannot be held liable. Any animal that is a member of a herd enrolled in an official state supervised Herd Status Program may be identified as such with status level shown.

5) Buyer of each IVF Lot is purchasing rights to control the next IVF sessions until a minimum of 8 #1 or #2 IVF embryos are produced. Embryo grades are determined at the time of transfer if fresh embryos, or at time of freezing if freezing is requested by buyer. Buyer keeps all resulting embryos from these controlled IVF sessions. Buyer is responsible for all costs of the aspirations and mating sire decisions. Sessions offered in the World Classic must be performed by a certified IVF facility or practitioner that is agreeable to both seller and buyer. If after 4 IVF sessions the guarantee has not been fulfilled, EITHER PARTY can choose to call the sale complete and refund will be issued. The seller will then remit to the buyer a refund on pro-rated price based on original sale price. Example: Sale price of \$40,000 on an IVF session would equal \$5,000 (or sale price divided by 8) refund per embryo not produced in event all embryos are not produced. IVF flush histories available upon request.

SHIPPING: Assistance will be given in arranging shipping of animals after the sale. All costs, risks and responsibility will be borne by the buyer.

PEDIGREE INFORMATION: All production, classification, type and production summaries are current. Information recorded on Holstein Association USA pedigrees is used in this catalog. All records, except records in progress, are shown on crude protein scale. Any production records followed by a quotation mark ("") have been supplied by the seller. Donor dams are identified.

GENOMIC INFORMATION: If genomic information on the animal or embryo is available, it must be dated and disclosed at or before the time of sale.

ERRORS: The material in this catalog has been carefully edited. If any errors or omissions are discovered, they will be announced. Such announcements take precedence over material printed in this catalog. Neither the editors of the catalog, the sale management, nor the sellers can assume any responsibility for any errors or omissions in the catalog.

ACCIDENT: The sale management, the sellers, and the owner of the grounds will not be responsible in any case for the condition of the grounds or the behavior of the animals and disclaim any liability in the event of personal accident or property loss.

RESPONSIBILITY: The seller will represent and be responsible for his animal. In no case, however, will the seller be responsible for any damages beyond the selling price of the animal. Seller's responsibilities and warranties will cease when the animal is resold. Tom Morris Ltd., as sale manager, assumes no responsibility, acting only as an agent, but will endeavor to protect the interests of both buyer and seller.
