*with Duckett & Borderview*

Peace & Plenty Farm - March 15 - 10:30 a.m.  
4330 Bark Hill Rd. Union Bridge, MD 21791

# Welcome

It is an honor to welcome everyone to Peace & Plenty Farm LLC. We moved to Carroll County in 1968 and have expanded our operation through the years as well as our family. We are humbled by the continued interest in our cattle and the success that they have had through the years. We never would have imagined the impact Jubilant “Jubie” has had on this industry and we are forever thankful for her legacy. We have watched dreams come true through our very eyes and the eyes of those who have invested in our cow families. We have had over 20 All-American Nominations, countless ribbons and banners, but most importantly cherished memories with friends and family.

As a family we have dedicated our lives to the industry and have met some of our lifelong friends along the way. The next generation is growing fast and it has been exciting to watch them become involved in the place we call home. We thank the Abbott & Duckett Family for their encouragement and driving force in making this sale possible. We hope that everyone has continued success with their purchases and that these cow families will have a lasting impression on their herd.

~Schwartzbeck Family

**Saturday, March 15, 2025**

**10:30 AM**

**at Peace & Plenty Farm**

4330 Bark Hill Road, Union Bridge, MD

*Hosted by the Schwartzbeck Family*

Gus: 443-398-0768 | Davis 443-398-0396 | Austin 443-536-5242

*Join us for a Peace & Plenty social with food  
and drinks on Friday evening, March 14th*

# HOLSTEIN ASSOCIATION TERMS AND CONDITIONS FOR PUBLIC SALES

EFFECTIVE MARCH 2, 1996 - Amended October 1, 1997, June 28, 2000, June 23, 2002, March 26, 2010 and March 24, 2016

**TERMS:** The terms of the sale are cash unless arrangements are made prior to the sale or are printed in the sale catalog. Only when the above conditions are met will the buyer be entitled to the warranties listed below. In no case will animals be released unless settlement is made with the clerk of the sale.

**RESPONSIBILITY:** The seller, buyer, and manager of this sale are obligated to comply with the provisions of these terms and conditions.

**EXPORT SALES:** Buyer assumes all responsibility for health tests required by the importing country.

**BIDS:** The highest bidder is the buyer. Bidding parties or their agents are responsible for all bids placed. Every animal or lot presented for bidding is pledged to absolute sale. In case of dispute, the animal or lot will again be put up for advance bids, and if there is no advance bid, the animal or lot will be sold to the person the auctioneer accepted the last bid from. In case two or more claim the bid, the auctioneer will indicate the party whose bid he recognized. Other claimants will be given an opportunity to increase the bid and bidding will be restricted to the two or more claimants.

**BY-BIDDING:** Bidding directly or indirectly by the sole owner of any animal or lot is prohibited unless the intention to bid is disclosed specific to each animal in the catalog and announced when the animal enters the ring. Bidding by any member of a partnership, syndicate, or other entity having an ownership interest in an animal or lot is permitted.

**TRANSFER OF OWNERSHIP:** For all Registered Holsteins<sup>SM</sup>, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA and a certificate of registration showing that transfer of ownership will be provided to the buyer free of charge. For embryos, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA free of charge to the buyer.

**RISK:** All animals located at sale site are at the purchaser's risk as soon as struck off, but will be cared for free of charge for a maximum of 24 hours following the end of the sale.

## WARRANTIES:

- 1) Each consignor warrants clear title to the animal or lot, and the right to sell same.
- 2) To the best of the seller's knowledge, each animal is sound and healthy in every respect and embryos have been recovered, processed, frozen, transferred and graded in keeping with IETS recommendations unless otherwise noted in the catalog or announced from the auction stand. Every precaution will be taken to represent the physical condition of each lot exactly as is known. Examination of all purchases should be made immediately after the purchase and before the close of the sale, and if found not to be as represented, complaint must be reported to the sale management before the close of the sale. In the event no complaint is filed, it is understood that the buyer assumes full ownership in the case of animals at sale site together with all risks, after which no representations of the seller can be challenged through the sale management. Heifers that never calved are in no way guaranteed as to the condition of their udders following calving. The sex of an embryo or fetus is in no way guaranteed.

### 3) Breeding Warranty

The seller guarantees all animals to be breeders, but not beyond the purchase price, with the following understanding:

- a. Males - Should any bull after reaching the age of fourteen months fail to prove a breeder after being used for two months on cows or heifers known to be breeders, the matter shall be reported in writing to the seller within three months of the sale date. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed,

by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller. The seller makes no guarantees with respect to the ability to freeze semen.

- b. Females - All females are guaranteed to be breeders with the exception of:

1. Cows over 7 years of age when sold;
2. Cows and/or heifers carrying a pregnancy that is the result of an embryo transfer.

Report of a non-breeder must occur in writing within 3 months of the date of sale or before the animal reaches 21 months of age and must be submitted to the seller. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed, by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller.

Females bred when sold and pronounced in calf are presumed to be pregnant but pregnancy is not guaranteed unless so announced. The seller makes no warranty that pregnant cows will deliver calves or that they will carry calves full term.

- c. If, after the sale, embryos or oocytes are recovered from a female or an attempt is made to superovulate her, this negates the breeding warranty unless there is a separate written agreement between buyer and seller.

**SHIPPING:** Assistance will be given in arranging shipping of the animals after the sale. All costs, risks and responsibility will be borne by the purchaser.

**PEDIGREE INFORMATION:** All production, classification, type and production summaries are current. Only information recorded on Holstein Association USA pedigrees is used. Any production or classification records supplied by the seller or consignor will be properly identified as provided by owner. Records in progress are identified as such.

**GENOMIC INFORMATION:** If genomic information on the animal or embryo is available, it must be dated and disclosed at or before the time of sale.

**EMBRYO TRANSFER:** All registered animals that have resulted from embryo transfer are identified with one of the following suffixes in the name: ET, ETS (from split embryo), or ETN (from nuclear transfer). If unregistered, the appropriate technology will be identified. Donor dams are identified.

**HEALTH WARRANTY:** The seller will provide an official health certificate to the buyer for each animal showing the results of all health tests made in preparation for this sale as required by the state where the cattle reside. Other health tests completed for this sale will be disclosed.

**ERRORS:** The material in this catalog has been carefully edited. If any errors or omissions are discovered, they will be announced. Such announcements take precedence over that printed in this catalog.

**ACCIDENT:** The sale management, the consignors, and the owner of the grounds will not be responsible in any case for the condition of the grounds or the behavior of the animals and disclaim any liability in the event of personal accident or property loss.

**LIMITATIONS OF WARRANTIES:** Warranties contained herein, unless terminated earlier, will cease upon the resale of an animal.

TODAY'S FOCUS • TOMORROW'S LEGACY

# ROB-SEE-CO FORAGE DIVISION

**Rob-See-Co is proud to announce the formation of the Rob-See-Co Forage Division. Delivering a comprehensive set of forage products to livestock feeders throughout the United States.**

- Real Silage Dairy
- Real Silage Beef
- Masters Choice Specialty Silage with Feed First Technology
- Streamline Ag Products – Tune Up+ Corn, TuneUp+ CRW, and Residue Release
- MasterGraze
- Rob-See-Co Alfalfa
- Silage Inoculants

While many other companies are moving away from forage and animal nutrition research, Rob-See-Co is focusing significant efforts on developing and helping farmers find the best forage products for their operations. We see this as a key element of adding value to our beef and dairy customers.

The Rob-See-Co forage division will encompass all forage related products that are fed through livestock. Nutrition will be the key focus of Rob-See-Co forage products, from dual purpose products, including Real Silage Dairy and Real Silage Beef, to our exclusive Masters Choice Specialty Silage with Feed First Technology. By offering this broad product portfolio, we can cover Every Farm, Every Crop, Every Acre of your livestock production operation.

What does your operation need to balance your animal’s nutritional daily feed requirements? The Rob-See-Co Forage Research Report will provide you with the knowledge necessary to utilize each of our products and understand how they best fit your dairy or cattle operation.

Rob-See-Co corn hybrids must meet stringent nutritional criteria before being designated as a Real Silage Dairy, Real Silage Beef, or a Masters Choice Specialty Silage product.

## ROB-SEE-CO REAL SILAGE | DAIRY

**Our Real Silage Dairy criteria is:**

- Minimum 58% NDFD30
- Starch over 36%
- Must maintain a 9.5% DM uNDF240 level
- Milk per ton of 3500 lbs. or more
- Above average in Dry Matter yield for its maturity
- 60 days IVSD-7 of at least 75%

## ROB-SEE-CO REAL SILAGE | BEEF

**Our Real Silage Beef criteria is:**

- Minimum 55% NDFD30
- Starch over 38%
- Must maintain a 9.5% DM uNDF240 level
- Must deliver a predicted 2.75 average daily gain while feeding a corn silage only forage diet
- 60 days IVSD-7 of at least 75%
- High tonnage for contract silage producers

## MASTERS CHOICE SEEDCORN.COM SPECIALTY SILAGE

**Masters Choice Specialty Silage, with Feed First Technology, criteria is:**

- Over 58% NDFD30
- Minimum 32% Starch
- Milk per ton of 3500lbs. or more
- Maintain a 10.50% or lower uNDF240
- And, most critical is having an IVSD-7 of 80% or higher at 21 days from harvest
- Remember, higher NDF products with high %NDFD30 provides more units of Digestible NDFD dry matter per ton of silage to support higher milk production

## **Donald Spickler Insurance LLC** **Specializing In Crop Insurance**

Conveniently located in Hagerstown, MD, Donald Spickler Insurance LLC is a premier insurance agency that solely specializes in crop insurance. By specializing in crop insurance, it allows us to set ourselves apart in helping you manage the risk associated with your cropping operation.

Working in an industry where one catastrophic year could wipe out years worth of profit, this form of insurance provides sound risk management opportunities for those producing a wide array of crops, which include most coarse grains, small grains, farm revenue, livestock and milk. Not only is crop insurance a sound risk management tool, it is federally subsidized to help offset premium costs to you, the producer!

*Give us a call to see what specialization can do for you!*

*Check us out on the web today!*

# YIELD. FEED. SUCCEED.

ALWAYS READ AND FOLLOW PESTICIDE LABEL DIRECTIONS. Performance may vary from location to location and from year to year, as local growing, soil and environmental conditions may vary. Growers should evaluate data from multiple locations and years whenever possible and should consider the impacts of these conditions on their growing environment. The recommendations in this material are based upon trial observations and feedback received from a limited number of growers and growing environments. These recommendations should be considered as one reference point and should not be substituted for the professional opinion of agronomists, entomologists or other relevant experts evaluating specific conditions.
