### Special Presentation

#### Complete Dispersal of Tom Knicker Herd

Angela Knicker Vargas – 1-940-453-9497  
James Knicker

*Tom Knicker was a most congenial and interesting Charolais breeder. We all recall the good moments we had with Tom at the 2020 Sale of Excellence and were totally surprised to hear just a few days later that he was no longer with us. He totally enjoyed his cattle and constantly worked to improve his genetics and performance of his herd.*

*We will be offering all his cattle in a total dispersal in conjunction with The ONE Sale. There are some outstanding individuals in this offering. The cattle are in excellent condition, with most of them due with fall calves. His herd bulls and a few young bulls he was developing will give you an opportunity to condition them for a sale later in the spring.*

*My thanks to Angela Knicker Vargas, Tom's daughter, and Curtis Knicker, his son, for their help in getting all the information together. I'm sure it's bittersweet to conclude this chapter, but they can greatly admire the accomplishment of their father and know he had many friends in the industry!*

## MORE PROFIT.

Breeding good cattle isn't complicated. Cattle feeders give us the ultimate report card. According to Jared Wareham, Top Dollar Angus, *"No other option offers the greatest terminal crossbreeding value from the ranch through the feeder like a really good set of smokes or buckskins that are at least 50% Angus or Red Angus."*

Use a registered Charolais bull and genetic verification through CharAdvantage to earn more premiums.

## Why?

- Market demand
- Predictability
- Increased weaning & yearling weights
- Easy calving
- More live calves
- Adaptability
- Value of Charolais-cross females
