Greetings Everyone,

We first want to start off by saying thank you. The love and support that our friends and community have shown us over the last several weeks have left us with nothing short of sincere gratitude. The memories and stories told over the course of those weeks have been full of laughter and even a few tears, as we remember the man who who meant so much to so many. Doug Dye was not just a remarkable “cow guy”, but a wonderful Son, Brother, Husband, Father, & Grandfather. He built his family around his strong faith for Jesus Christ and his passion for helping others. He enjoyed watching his children take interest in the farm. Whether it be with the crops and machinery or with the registered Holstein cow. He was always encouraging their successes, whatever they might be.

Quality-Quest Holsteins has been a prevalent name in northeast Ohio for the past 31 years. Over time, Doug grew his herd and was honored with receiving the Progressive Breeder Award for the past 14 years. In 2010, and again in 2012, Doug decided it was time to “Pull back on the throttle”, reducing the herd twice. He sold his very best, but would always say he would do it again in a heartbeat. Watching others have success with their purchases, made it all worth it.

Doug enjoyed breeding cows that paid their way while still looking pretty doing it! The combination of strength, good feet and legs, quality udders, and a will to milk was his perfect formula. Doug believed in integrity. He never once moved a calf’s birthday even by a day, always saying “She will make a better cow.” He wouldn’t sell an animal if he didn’t know she was 100% straight and right. Today, we are upholding those values. To the best of our knowledge, these cattle are ready to go to work for you. They have been through some change over the last month, but they took it all in stride without missing a beat, which is a testament to his breeding. This may be the last of Quality-Quest, but Doug’s legacy and his mark on the Holstein breed will live on.

“That is what the Scriptures mean when they say, ‘No eye has seen, no ear has heard, and no mind has imagined what God has prepared for those who love him.’”

1 Corinthians 2:9, NLT

In loving memory of Douglas Scott Dye

February 27th, 1962 - July 21st, 2020

We love you!

-The Doug Dye Family

The Legacy of *Quality-Quest*

Wednesday, September 2, 2020 • 10:00 AM • Beloit, OH

(10:00 AM small items (not many), 10:15 AM tractors & equip., followed by bulk tank, hutches and cattle at approx. 11:00 AM)

*Cattle and Equipment viewing available before the sale. Chocolate Milk and Donuts provided courtesy of Smith Dairy and Jim Ray of COBA/Select Sires. Food will be available on location - made possible by the North Georgetown First Brethren Church.

Sale managers note: Doug was a true Dairyman and loved working with the Holstein cow! There is something here for everyone! Milk cows, show cows, 4-H projects, few Red & Whites, and tremendous uddered cows with great feet and legs. Quality throughout. Please join us in honoring Doug's love of farming and dairying

**View/bid online in Real Time

*Bidders must pre-register & be pre-approved.

*Contact Aaron Tompkins if you need assistance at 336-363-4639

Lunch at ringside • Long distance trucking available

Note from Herd Veterinarian: I have had the pleasure of working with Doug caring for his healthy herd of well managed cows for many years. These girls have consistent very good milk quality and those beautiful Quality Quest udders. His cows have excellent conception rates. They are also very milky cows. On his June DHIA test, before running out of corn silage, they tested: milk 97.3 lbs, fat 3.7%, protein 2.9% and a 94,000 SCC. I expect these well bred Quality Quest Cows and heifers to bring their new herds solid production, reproduction, health, and excellent genetics for the future.

-Fred Bennett, DVM, Lisbon Vet Clinic

Terms of Sale: Drivers license or state ID required to register for bidder number. Payment is expected by cash, check, Visa or Mastercard on sale day. 4% buyers premium on all sales: 4% fee waived for cash or check. Those buying through a purchasing agent or a member of the sale staff will be expected to make immediate payment by overnight mail or money wire. All catalog information is believed to be accurate but not guaranteed. Multi Par auction process may be used.

HOLSTEIN ASSOCIATION TERMS AND CONDITIONS FOR PUBLIC SALES

EFFECTIVE MARCH 2, 1996 - Amended October 1, 1997, June 28, 2000, June 23, 2002, and March 26, 2010

TERMS: The terms of the sale are cash unless arrangements are made prior to the sale or are printed in the sale catalog. Only when the above conditions are met will the buyer be entitled to the warranties listed below. In no case will animals be released unless settlement is made with the clerk of the sale.

RESPONSIBILITY: The seller, buyer, and manager of this sale are obligated to comply with the provisions of these terms and conditions.

EXPORT SALES: Buyer assumes all responsibility for health tests required by the importing country.

BIDS: The highest bidder is the buyer. Bidding parties or their agents are responsible for all bids placed. Every animal or lot presented for bidding is pledged to absolute sale. In case of dispute, the animal or lot will again be put up for advance bids, and if there is no advance bid, the animal or lot will be sold to the person the auctioneer accepted the last bid from. In case two or more claim the bid, the auctioneer will indicate the party whose bid he recognized. Other claimants will be given an opportunity to increase the bid and bidding will be restricted to the two or more claimants.

BY-BIDDING: Bidding directly or indirectly by the sole owner of any animal or lot is prohibited unless the intention to bid is disclosed specific to each animal in the catalog and announced when the animal enters the ring. Bidding by any member of a partnership, syndicate, or other entity having an ownership interest in an animal or lot is permitted.

TRANSFER OF OWNERSHIP: For all Registered HolsteinsSM, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA and a certificate of registration showing that transfer of ownership will be provided to the buyer free of charge. For embryos, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA free of charge to the buyer.

RISK: All animals located at sale site are at the purchaser's risk as soon as struck off, but will be cared for free of charge for a maximum of 24 hours following the end of the sale.

WARRANTIES:

- 1) Each consignor warrants clear title to the animal or lot, and the right to sell same.
- 2) To the best of the seller's knowledge, each animal is sound and healthy in every respect and embryos have been recovered, processed, frozen, transferred and graded in keeping with IETS recommendations unless otherwise noted in the catalog or announced from the auction stand. Every precaution will be taken to represent the physical condition of each lot exactly as is known. Examination of all purchases should be made immediately after the purchase and before the close of the sale, and if found not to be as represented, complaint must be reported to the sale management before the close of the sale. In the event no complaint is filed, it is understood that the buyer assumes full ownership in the case of animals at sale site together with all risks, after which no representations of the seller can be challenged through the sale management. Heifers that never calved are in no way guaranteed as to the condition of their udders following calving.
- 3) **Breeding Warranty**
The seller guarantees all animals to be breeders, but not beyond the purchase price, with the following understanding:
 - a. Males - Should any bull after reaching the age of fourteen months fail to prove a breeder after being used for two months on cows or heifers known to be breeders, the matter shall be reported in writing to the seller within three months of the sale date. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed,

by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller. The seller makes no guarantees with respect to the ability to freeze semen.

- b. Females - All females are guaranteed to be breeders with the exception of:
 1. Cows over 7 years of age when sold;
 2. Cows and/or heifers carrying a pregnancy that is the result of an embryo transfer.

Report of a non-breeder must occur in writing within 3 months of the date of sale or before the animal reaches 21 months of age and must be submitted to the seller. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed, by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller.

Females bred when sold and pronounced in calf are presumed to be pregnant but pregnancy is not guaranteed unless so announced. The seller makes no warranty that pregnant cows will deliver calves or that they will carry calves full term.

- c. If, after the sale, embryos or oocytes are recovered from a female or an attempt is made to superovulate her, this negates the breeding warranty unless there is a separate written agreement between buyer and seller.

SHIPPING: Assistance will be given in arranging shipping of the animals after the sale. All costs, risks and responsibility will be borne by the purchaser.

PEDIGREE INFORMATION: All production, classification, type and production summaries are current. Only information recorded on Holstein Association USA pedigrees is used. Any production or classification records supplied by the seller or consignor will be properly identified as provided by owner. Records in progress are identified as such.

GENOMIC INFORMATION: If genomic information on the animal or embryo is available, it must be dated and disclosed at or before the time of sale.

EMBRYO TRANSFER: All registered animals that have resulted from embryo transfer are identified with one of the following suffixes in the name: ET, ETS (from split embryo), or ETN (from nuclear transfer). If unregistered, the appropriate technology will be identified. Donor dams are identified.

HEALTH WARRANTY: The seller will provide an official health certificate to the buyer for each animal showing the results of all health tests made in preparation for this sale as required by the state where the cattle reside. Other health tests completed for this sale will be disclosed.

ERRORS: The material in this catalog has been carefully edited. If any errors or omissions are discovered, they will be announced. Such announcements take precedence over that printed in this catalog.

ACCIDENT: The sale management, the consignors, and the owner of the grounds will not be responsible in any case for the condition of the grounds or the behavior of the animals and disclaim any liability in the event of personal accident or property loss.

LIMITATIONS OF WARRANTIES: Warranties contained herein, unless terminated earlier, will cease upon the resale of an animal.
