

BO-ANN HOLSTEINS

Complete Dispersal

Saturday, May 31, 2025 · 11:00 am

Welcome

It is a great honor and privilege to invite you to the Bo-Ann Holsteins & Jerseys Herd Dispersal. For over 100 years and four generations, cattle have been milked in this barn on our small farm in Snyder County, PA. Saying goodbye to our herd and moving onto the next chapter of our farm is a decision we do not make lightly or easily; but is ultimately the right decision for our families. Next year Judi and I will celebrate our 40th wedding anniversary. We met at a local fair and married June 1986. In 1990 after farming with my parents for a few years, we took over Judi's parents farm, joined our two herds together and formed Bo-Ann Holsteins & Jerseys. Together we raised 2 kids who as they grew joined in our vision and began showing our cattle, mostly at local, regional, and state shows. With the help of our children and some of the industry's most talented people, we were able to have a dream come true watching a cow we bred walk the colored shavings at Madison. Our children to this day are still immersed in this wonderful lifestyle. Amanda and her husband Joe along with their two daughters, Adelaide and Emerson, live in Illinois. Amanda manages the bull program for GenoSource. Matt and his wife Dyanna and their two daughters, Kennedy and Willow, live here on the farm. Matt has held the reigns to the farm for the past last two years and is an AI technician with Premier Select Sires. Our main goals have always been to produce high quality milk and breed a better cow. One thing that keeps us going each day is seeing the potential each cow has to offer and figuring out how we can breed the next generation better. Our herd is the result of a lifetime of hard work and dedication to creating a better animal. We hope that each one finds a home that sees the same potential we see every day.

We've had overwhelming support throughout the years. Whether it's been someone to lend an ear, a compliment on our herd, lending a piece of equipment or help in the fields or in the barns, we've been blessed to be surrounded by such supportive family, friends, and neighbors. We'd like to give a special thanks to Judi's parents, Lloyd and Ruth Troxell. Although they are no longer with us, without their support and willingness to help wherever needed, we would not be where we're at today. A big thank you to our nephew Ronnie and his daughter Tabby for all the help throughout the years, they've always been able to step in when needed. We'd also like to thank everyone who help us prepare for our dispersal.

To the potential buyers, thank you for your interest in our cattle and your support. We hope you will find what you are looking for and that any purchases you may make today will be lasting additions to you herd.

Sincerely,
Robert and Judi

Schedule of Events

Friday, May 30th

Cattle Viewing 4-7pm

Saturday, May 31st

Coffee, Juice and Donuts beginning at 8 am
sponsored by Stevens Feed Mill, ABS Global,
Lira Gold, Premier Select Sires and Purina
Milk provided by Maola Local Dairies

Sale Time: 11am Sharp!

Herd Owner:

Robert & Judi Hauck and Family
Robert Hauck: 570-765-4233
Matthew Hauck: 570-765-4245
Amanda Hauck: 570-765-0536

Herd Details

- DHI Herd Code 23-55-0235
- RHA: 23301 4.1 963 3.1 730
- SCC: 113,000 • BAA: 110.6

Cows are housed in bedded pack/tie stall and
milked in a tie stall

Cows are NOT fed a TMR

Heifers are housed in a pack barn with headlocks

All cattle were dewormed on 5/5/25 and will be vaccinated
with Triangle 10 two weeks prior to the sale

Herd Health

Any cattle requiring specific health testing to meet interstate
requirements will need to be tested prior to shipment at buyer's
expense. All lactating cattle will be HPAI (bird flu) tested the
week of the sale.

HOLSTEIN ASSOCIATION TERMS AND CONDITIONS FOR PUBLIC SALES

EFFECTIVE MARCH 2, 1996 - Amended October 1, 1997, June 28, 2000, June 23, 2002, March 26, 2010 and March 24, 2016

TERMS: The terms of the sale are cash unless arrangements are made prior to the sale or are printed in the sale catalog. Only when the above conditions are met will the buyer be entitled to the warranties listed below. In no case will animals be released unless settlement is made with the clerk of the sale.

RESPONSIBILITY: The seller, buyer, and manager of this sale are obligated to comply with the provisions of these terms and conditions.

EXPORT SALES: Buyer assumes all responsibility for health tests required by the importing country.

BIDS: The highest bidder is the buyer. Bidding parties or their agents are responsible for all bids placed. Every animal or lot presented for bidding is pledged to absolute sale. In case of dispute, the animal or lot will again be put up for advance bids, and if there is no advance bid, the animal or lot will be sold to the person the auctioneer accepted the last bid from. In case two or more claim the bid, the auctioneer will indicate the party whose bid he recognized. Other claimants will be given an opportunity to increase the bid and bidding will be restricted to the two or more claimants.

BY-BIDDING: Bidding directly or indirectly by the sole owner of any animal or lot is prohibited unless the intention to bid is disclosed specific to each animal in the catalog and announced when the animal enters the ring. Bidding by any member of a partnership, syndicate, or other entity having an ownership interest in an animal or lot is permitted.

TRANSFER OF OWNERSHIP: For all Registered HolsteinsSM, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA and a certificate of registration showing that transfer of ownership will be provided to the buyer free of charge. For embryos, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA free of charge to the buyer.

RISK: All animals located at sale site are at the purchaser's risk as soon as struck off, but will be cared for free of charge for a maximum of 24 hours following the end of the sale.

WARRANTIES:

- 1) Each consignor warrants clear title to the animal or lot, and the right to sell same.
- 2) To the best of the seller's knowledge, each animal is sound and healthy in every respect and embryos have been recovered, processed, frozen, transferred and graded in keeping with IETS recommendations unless otherwise noted in the catalog or announced from the auction stand. Every precaution will be taken to represent the physical condition of each lot exactly as is known. Examination of all purchases should be made immediately after the purchase and before the close of the sale, and if found not to be as represented, complaint must be reported to the sale management before the close of the sale. In the event no complaint is filed, it is understood that the buyer assumes full ownership in the case of animals at sale site together with all risks, after which no representations of the seller can be challenged through the sale management. Heifers that never calved are in no way guaranteed as to the condition of their udders following calving. The sex of an embryo or fetus is in no way guaranteed.
- 3) **Breeding Warranty**
The seller guarantees all animals to be breeders, but not beyond the purchase price, with the following understanding:
 - a. Males - Should any bull after reaching the age of fourteen months fail to prove a breeder after being used for two months on cows or heifers known to be breeders, the matter shall be reported in writing to the seller within three months of the sale date. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed,

by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller. The seller makes no guarantees with respect to the ability to freeze semen.

- b. Females - All females are guaranteed to be breeders with the exception of:
 1. Cows over 7 years of age when sold;
 2. Cows and/or heifers carrying a pregnancy that is the result of an embryo transfer.

Report of a non-breeder must occur in writing within 3 months of the date of sale or before the animal reaches 21 months of age and must be submitted to the seller. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed, by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller.

Females bred when sold and pronounced in calf are presumed to be pregnant but pregnancy is not guaranteed unless so announced. The seller makes no warranty that pregnant cows will deliver calves or that they will carry calves full term.

- c. If, after the sale, embryos or oocytes are recovered from a female or an attempt is made to superovulate her, this negates the breeding warranty unless there is a separate written agreement between buyer and seller.

SHIPPING: Assistance will be given in arranging shipping of the animals after the sale. All costs, risks and responsibility will be borne by the purchaser.

PEDIGREE INFORMATION: All production, classification, type and production summaries are current. Only information recorded on Holstein Association USA pedigrees is used. Any production or classification records supplied by the seller or consignor will be properly identified as provided by owner. Records in progress are identified as such.

GENOMIC INFORMATION: If genomic information on the animal or embryo is available, it must be dated and disclosed at or before the time of sale.

EMBRYO TRANSFER: All registered animals that have resulted from embryo transfer are identified with one of the following suffixes in the name: ET, ETS (from split embryo), or ETN (from nuclear transfer). If unregistered, the appropriate technology will be identified. Donor dams are identified.

HEALTH WARRANTY: The seller will provide an official health certificate to the buyer for each animal showing the results of all health tests made in preparation for this sale as required by the state where the cattle reside. Other health tests completed for this sale will be disclosed.

ERRORS: The material in this catalog has been carefully edited. If any errors or omissions are discovered, they will be announced. Such announcements take precedence over that printed in this catalog.

ACCIDENT: The sale management, the consignors, and the owner of the grounds will not be responsible in any case for the condition of the grounds or the behavior of the animals and disclaim any liability in the event of personal accident or property loss.

LIMITATIONS OF WARRANTIES: Warranties contained herein, unless terminated earlier, will cease upon the resale of an animal.
