Genetics, LTD.

Online Embryo Auction

Embryo Auction 31st

Andrew Hetke

Sunday August 31st
6:00 PM

Welcome to the Rosedale Genetics Embryo Sale, happening Sunday, August 31! We're excited to offer a very special opportunity—select embryos from our tank that, though too valuable to put into production, deserve to thrive in herds across the country.

Rosedale Genetics has quietly shaped the Holstein breed through one of the most respected foundation lines in the industry. Originating from pillars like Blackrose & Redrose, this program has produced generations of structurally exceptional, high performing animals that others still chase today

Their influence extends through donor programs and breeding decisions far beyond our own farm, and many of their descendants continue to leave an indelible mark on the breed.

Our embryos represent more than genetics—they are a piece of Holstein history, ready to build into the future. Whether you're aiming to elevate your show string, fortify your donor herd, or simply invest in reliable red-and-white strength, Rosedale offers the kind of depth, consistency, and longevity breeders trust.

We're thrilled to share them with you. Your chance to bring Rosedale's legacy into your program starts now. See you on Cowbuyer, Sunday, August 31!
