Welcome

After spending the past few years visiting farms, attending shows and speaking to breeders I came to the over whelming conclusion that breeders in Canada need a platform to buy and sell elite genetics. For the past decade or so Canada has lacked an elite level consignment sale. My hope with Fun at the Falls is to fill that void. Allowing breeders to showcase their best genetics, offer them to the public and allow for new investment opportunities.

Our industry is at an exciting time. Finally replacement prices have exceeded the cost of raising. Beef prices are strong and dairy cross calves are in place as the long-term solution to prevent the oversupply of replacements as a result of sexed semen. Now more than ever, having cattle that can last multiple lactations is a foremost value to producers.

I have been extremely grateful of the elite level of cattle the consignors have entrusted myself and my team to market for them. The caliber is at a level not seen for decades in a consignment sale in Canada. This is an event you won't want to miss!

Eric Salonen
