Piper has loved being in the Heifer Project because it has shown her how to care for a large animal as well as involved her in a world (dairy) that she otherwise wouldn't know anything about. She loves how many friends she has made from different backgrounds. Her mom says it has given her a confidence we couldn't teach her.

I love the heifer project because it has taught me a lot about responsibility and tons about dairy heifers. It is hard work but fun hard work.
