

July 18th, 2026 | Sale begins at 1:00pm

Sheep Sale Catalog

114 Glenbrook Road Leola, PA 17540

Glenbrook Farm

About Us

Matt started raising commercial Katahdin sheep in 2008 on his parent's farm. In 2009, he sold that flock and bought a registered flock of Katahdins and moved them to the current farm location. In 2013, he joined the National Sheep Improvement Program (NSIP) which provides estimated breeding values to select animals using data. In 2018, he added a small flock of White Dorpers from Paul Lewis in Oregon. He also added a few Romanovs that same year. In 2022, we added Texels from the West Virginia University flock dispersal which brings our current ewe flock to approximately 130 Katahdins, 30 White Dorpers, 20 Romanovs, 20 Texels and 150 commercial ewes.

Our goal as a farm is to use data and visual appraisal to breed sheep that excel in commercial sheep production. For any questions please contact Matt Nolt at **(717) 419-1980**.

Thank you for your interest in our sheep!

Matt and Katie Nolt

Schedule

FRIDAY

6:00 PM to 9:00 PM — Network & view sale animals

Free ice-cream Friday evening and Saturday while supplies last

SATURDAY

8:00 AM to 12:00 PM — Open House and Trade Show

1:00 PM — Sheep Sale Begins

Food Truck Available At Lunch!

Biosecurity is very important to us. PLEASE wear clothes and shoes that are clean or have not been in contact with your sheep.

Made Possible By

Special thanks to Cowbuyer.com for helping with the online auction and Tim Weaver Auction Service. The terms and conditions for the auction are as follows. The auction company and sellers are not responsible for accidents. Auction day announcements take precedence over all advertising. Forms of payment include cash, approved check or credit card with 3% fee. Auctioneers for this event include Tim Weaver who can be reached by phone at **(717) 354-9524**. The license number is AY2109.

For those interested about the online auction service, live internet bidding is taking place at cowbuyer.com. Participants can view and bid online in real time, but high speed internet is required. Registration is also required at least one hour prior to sale time at www.cowbuyerlive.com. Please note that purchasing online constitutes as a legal contract and promise for payment of purchases must be paid within five days of sale date and prior to load and delivery of sheep purchased. Cowbuyer.com is a service provider and is not responsible for the activity or inactivity of any technology, internet connection at the sale site or connection and technology of the bidders. For more questions or information about Cowbuyer.com please contact Aaron Ray Tompkins by phone **(336) 363-4639** or by email at atompkin@vt.edu.

Our Vendors

Special thanks to all the vendors who help make our education sessions and sale possible. Contact us if you would like to become a vendor.

Terms Used Throughout Catalog

NSIP EBV and Indexes Descriptions

BWT: Birth Weight EBV (kg) estimates direct genetic effects on weight at birth. Positive selection is anticipated to increase birth weight and have correlated positive effects on early lamb survival, especially with twins and triplets. Negative selection is anticipated to reduce birth weight and lambing difficulty associated with oversize lambs, especially in singles.

WWT: Weaning Weight EBV (kg) provides an estimate of preweaning growth potential and will likely receive positive selection emphasis in most flocks.

PWWT: Postweaning Weight EBV (kg) combines information on preweaning and postweaning growth to predict genetic merit for postweaning weight at 120 days. Positive selection is expected to favor rapid growth to typical market ages.

NLB: Number of Lambs Born EBV evaluates genetic potential for prolificacy. Expressed as numbers of lambs born per ewe lambing. Ewes with +0.10 are expected to have an average of 0.10 more lambs at each lambing than average ewes and their daughters are expected to have an average of 0.05 more lambs at each lambing compare to daughters of average ewes.

NLW: Number of Lambs Weaned EBV evaluates combined ewe effects on prolificacy and lamb survival to weaning. Expressed as number of lambs weaned per ewe lambing. Ewes with 0.10 are expected to wean an average of 0.10 more lambs at each lambing than average ewes, and their daughters are expected to wean an average of 0.05.

MWWT: Maternal Weaning Weight EBV (kg) estimates the genetic effects of the ewe on the weaning weight of her lambs (a measure of the ewe's merit for mothering ability). Mainly reflects genetic differences in ewe milk production. Ewes whose lambs grow faster than predicted are assumed to be better milk producers, those that grow slower are assumed to produce less milk.

For more information on EBVs visit <https://nsip.org>

Scrapie Genotype Resistance Descriptions

RR — Resistant **QR** — Moderately Susceptible **QQ** — Highly Susceptible

Scrotal Circumference: Rams with larger scrotal circumference tend to product more semen of greater viability and tend to sire daughters that reach puberty earlier and ovulate more eggs.

Our Sires

8 Sires

ELR 21400 : Katahdin 50% Sire

Registration: 182907X **Genotype:** QR **Date of Birth:** 10/12/2021

Birth Type: 4/3

Weight: 226 lbs. as of 6/22/2026

Sire: WRI 19065

Dam: ELR 5052

NSIP ID: 6401562021ELR400

Scrotal Circumference: 34 cm as of 6/22/2026

BWT	WWT	PWWT	NLB	NLW	MWWT
0.3	2.4	4.1	39	37	2.1

This sire continues to dominate the charts for maternal traits! He is sired by WRI 19065 (the General). Whether you want to improve growth or maternal traits, this sire's offspring will do it. We only have one ram out of him on this sale but many lots that he's in the pedigree. We will have more offspring from him in the future.

GLENBROOK 24022 : Katahdin Sire

Registration: 223650X **Genotype:** RR **Date of Birth:** 1/25/2024

Birth Type: 2/2

Weight: 170 lbs. as of 6/26/2025

Sire: GB 23038

Dam: GB 22301

NSIP ID: 6401052024GB4022

Scrotal Circumference: 34 cm as of 6/26/2025

BWT	WWT	PWWT	NLB	NLW	MWWT
0.1	3.1	6.9	24	27	0.6

This GB 23038 son is a larger framed ram that is also really thick and meaty. His PWWT is in the top 1% and NLW top 2%! This sire's offspring will add size, growth and prolific maternal traits to your flock.

WRI 19065 : Katahdin Sire

Registration: 158181 **Genotype:** RR **Date of Birth:** 2/08/2019
Birth Type: 1/1
Weight:
Sire: NWT 18012
Dam: WRI 17093
NSIP ID: 6400452019WRI065
Scrotal Circumference:

BWT	WWT	PWWT	NLB	NLW	MWWT
0	2.4	5.3	21	29	1.2

This sire is also known as "The General" who is owned by Ewe Lamb Right Farm. He was the highest selling ram at the 2019 Virginia Tech ram sale. He has over 400 progeny in NSIP from three different flocks. We are very excited to have semen on this ram; he is a well proven ram with good growth and excellent maternal traits.

BCJ 22036 : Katahdin Sire

Registration: 182905 **Genotype:** RR **Date of Birth:** 2/03/2020
Birth Type: 2/2
Weight:
Sire: BC E856
Dam: BC F440
NSIP ID: 6400312020BCJ036
Scrotal Circumference:

BWT	WWT	PWWT	NLB	NLW	MWWT
.5	3.6	7.0	21	16	-0.5

We purchased this ram at the EAPK sale last summer. His offspring will add a lot of muscle and pounds to your lamb crop.

JRD 24054 : Katahdin Sire

Registration: 210900 **Genotype:** QR **Date of Birth:** 3/05/2024
Birth Type: 2/2
Weight: 182 lbs. as of 6/22/2026
Sire: JRB 21094
Dam: JRB 18016
NSIP ID: 6400352024JRB054
Scrotal Circumference: 31 cm as of 6/22/2026

BWT	WWT	PWWT	NLB	NLW	MWWT
.5	2.2	3.0	11	8	0.8

This is a tough hardy ram that we purchased at the EAPK sale last summer. If you're a low input flock and are looking for sheep that will do well in a tough environment, take a look at this ram's offspring.

Glenbrook 23233 : Dorper/Katahdin Sire Ram

Registration: **Genotype:** **Date of Birth:** 5/18/2023
Birth Type: 2/2
Weight: 234 lbs. as of 6/22/2026
Sire:
Dam: GB 20186
NSIP ID: 4760252023GB3233
Scrotal Circumference: 35 cm as of 6/22/2026

BWT	WWT	PWWT	NLB	NLW	MWWT
-	-	-	-	-	-

This is a large framed meaty ram that is everything a Dorper/Katahdin ram should be. We used this ram on Romanov ewes to make Composite IV crosses.

EL BOOMERANG : Australian White Sire Ram

Registration: CTR45Q **Genotype:** **Date of Birth:**
Birth Type:
Weight:
Sire: AWR 190010
Dam: AWE 170947
NSIP ID:
Scrotal Circumference:

BWT	WWT	PWWT	NLB	NLW	MWWT
-	-	-	-	-	-

We see Australian Whites as an improved Dorper type sheep. We believe they will have a slightly larger frame, shed better, have better feet than Dorpers and this is exactly what we have seen from this first lamb crop. Boomerang was imported as an embryo from Tattykeel in Australia and is a grandson of the \$240,000 "Trump" ram. We artificial inseminated ewes to him last fall and again this spring. We are excited to explore what this breed has to offer.

FETT 274J : Romanov Sire Ram

Registration: U16744 **Genotype:** QR **Date of Birth:** 3/27/2021
Birth Type: 2
Weight: 131 lbs. as of 6/22/2026
Sire: USAMARC 1514103
Dam: FETT 111H
NSIP ID:
Scrotal Circumference: 31 cm as of 6/22/2026

BWT	WWT	PWWT	NLB	NLW	MWWT
-	-	-	-	-	-

We have been using this sire for a few years now and his daughters have done well for us. If you want to increase your lambing percentages or do accelerated lambing, try a Romanov ram on your flock and keep all the daughters. They won't be the prettiest sheep but they will be your most profitable.

Auction Lots

73 Lots

Lot #1

GLENBROOK 26111

Katahdin Spring Ewe lamb

Registration: Pending **Birth Date:** 2/7/2026
Birth Type/Raise Type: 3/2
Weight: 89.00 lbs. as of 6/15/2026
Sire: BCJ 22036

This ram has lambs on the ground in our May group. He sired well, but we decided to sell him to make room for another GB24022 son. He is in the top 3% for WWT, 2% for PWWT and 4% for NLW! I like his good bone and deep depth of body.

Lot #31**GLENBROOK 25396****Katahdin 75% Yearling Ram****Registration:** Pending **Birth Date:** 5/25/2025**Birth Type/Raise Type:** 1/1**Weight:** 178.00 lbs. as of 6/19/2026**Sire:** ELR 21400**Dam:** GLENBROOK 598**NSIP ID:** 6401052025GB5396**Scrotal Circumference:** 35 cm as of 6/19/2026

BWT	WWT	PWWT	NLB	NLW	MWWT
0.3	2	3.9	31	26	1.1

This is a large meaty ram. He is a little slow to shed but he's getting there. He has the largest scrotal circumference of the Katahdins on the sale and is in the top 1% for NLB, 2% for NLW! His 10 year old dam has produced 22 lambs and raised all of them.

Lot #32**GLENBROOK 25462****Katahdin 87.5% Fall Ram****Registration:** Pending **Birth Date:** 9/25/2025**Birth Type/Raise Type:** 3/2**Weight:** 160.00 lbs. as of 6/19/2026**Sire:** ZIM 23054**Dam:** GLENBROOK 18023**NSIP ID:** 6401052025GB5462**Scrotal Circumference:** 32 cm as of 6/19/2026

BWT	WWT	PWWT	NLB	NLW	MWWT
0.4	3.2	4.5	6	16	1.8

This is a meaty medium framed ram. A fall-born triplet, he has great growth and his MWWT is in top 2%. His 8 year old dam has produced 16 lambs and raised all but one.

Lot #33**GLENBROOK 26028****Katahdin 87.5% Spring Ram****Registration:** Pending **Birth Date:** 1/28/2026**Birth Type/Raise Type:** 1/1**Weight:** 125.00 lbs. as of 6/19/2026**Sire:** WRI 19065**Dam:** GLENBROOK 23246**NSIP ID:** 6401052026GB6028**Scrotal Circumference:** 29 cm as of 6/19/2026

BWT	WWT	PWWT	NLB	NLW	MWWT
0.1	2.6	5.2	19	27	2

This is a fancy thick meatwagon of a ram that is easily my favorite of the sale! I agonized a long time over whether I want to sell this ram but I don't really need more rams and I still own the factory so here we go! He has good growth and his NLW & MWWT is in the top 2%! It's rare to find this combination of eye appeal, structure, and EBVs.

Lot #34**GLENBROOK 26010****Katahdin 87.5% Spring Ram****Registration:** Pending **Birth Date:** 1/26/2026**Birth Type/Raise Type:** 1/1**Weight:** 129.00 lbs. as of 6/19/2026**Sire:** WRI 19065**Dam:** GLENBROOK 23009**NSIP ID:** 6401052026GB6010**Scrotal Circumference:** 28 cm as of 6/19/2026

BWT	WWT	PWWT	NLB	NLW	MWWT
0.3	3.1	5.3	18	25	1.8

It's hard to follow the prior ram but this one has better growth, almost as good maternal traits and is a fleshy easy keeper type ram. His WWT is in the top 5%, NLW top 3% and MWWT top 3%.

Lot #35**GLENBROOK 26015****Katahdin Spring Ram****Registration:** Pending **Birth Date:** 1/26/2026**Birth Type/Raise Type:** 2/1**Weight:** 112.00 lbs. as of 6/19/2026**Sire:** WRI 19065**Dam:** GLENBROOK 23274**NSIP ID:** 6401052026GB6015**Scrotal Circumference:** 30 cm as of 6/19/2026

BWT	WWT	PWWT	NLB	NLW	MWWT
0.4	3.4	5.6	17	24	1.5

This ram has a wide front end on him and is built right. His WWT is in the top 3% and NLW in the top 4%. He is woolier than I would like and I can't guarantee that he's going to fully shed, but if you don't mind that, this is a great ram.

Lot #36**GLENBROOK 26021****Katahdin Spring Ram****Registration:** Pending **Birth Date:** 1/27/2026**Birth Type/Raise Type:** 1/1**Weight:** 107.00 lbs. as of 6/19/2026**Sire:** WRI 19065**Dam:** GLENBROOK 22316**NSIP ID:** 6401052026GB6021**Scrotal Circumference:** 27 cm as of 6/19/2026

BWT	WWT	PWWT	NLB	NLW	MWWT
0.3	2.6	5.2	13	22	0.6

This is a larger framed ram who also has lots of muscle and a straighter topline than the rest of the WRI 19065 sons. He has good EBVs across the board.

Lot #37**GLENBROOK 26066**

RamQuip

This is the most impressive Texel ram I have ever seen. We bought him last year from Austin Brown and used him heavily last fall. We kept a bunch of ewe lambs and collected semen from him so we decided to offer him up for sale again. Texels are considered to be the number one terminal sire worldwide; they will add a lot of meat quality to their offspring.

Lot #72**GLENBROOK 26230****Texel Spring Ram****Registration:** Pending **Birth Date:** 2/23/2026**Birth Type/Raise Type:** 2/1**Weight:** 99.00 lbs. as of 6/19/2026**Sire:** PKF 2149**Dam:** DUNN 1087**NSIP ID:** 6970122026GB6230**Scrotal Circumference:** 25 cm as of 6/19/2026

This ram is young yet, but I've been impressed with his early growth. He should be mature enough to breed late October. His sire will also be sold on this sale as Lot 71.
