For Your Information

Sale Order is Catalog Order,

beginning with the TYPE lots at 6 pm on Wednesday!

Cattle Housing...

The World Classic 2026 cattle will be housed throughout the week in Row 1 of Pavilion 1. Your inspection is welcomed.

Cattle Release...

The sale management will assist you with trucking arrangements for your purchases. Please inform the clerks at the time of settlement if you desire assistance. After satisfactory settlement has been made, animals may be released Wednesday night up until 12 midnight; proper loadout protocol is required and can be obtained by contacting Sandy Morris at the clerk's table or at 715-410-0919. Remaining animals will be released beginning Friday at 5:30 PM. All animals must be removed from the World Dairy Expo grounds by noon on Saturday, October 3, 2026.

Absentee Bidding...

If you are unable to attend the World Classic, feel free to contact the sale management or any member of the sales force. They will be happy to assist and represent you at the sale. Also, sale will be broadcast live via www.cowbuyer.com with real-time bidding to pre-approved buyers. See further Cowbuyer information in back of catalog.

Terms, Live Animals...

The live animals, whether physically on the World Dairy Expo grounds or selling in absentia, will be subject to the terms and conditions listed in the back of the catalog. The terms are payment in full sale day, unless prior written arrangements have been made with the consignor and/or sale management. **Any animal selling in absentia** is guaranteed to be in good health and condition at time of sale, and is guaranteed to pass all necessary health tests to enter the state to which she is going. These tests will be performed at the seller's expense. Buyer should contact seller ASAP to arrange health testing and shipping. Any animal sold in absentia under 4 months of age may be housed at the seller's facility at no extra charge to buyer until 4 months of age, at buyer's request.

Terms, IVF Sessions...

Buyer of each IVF Lot is purchasing rights to control the next IVF sessions until a minimum of 8 #1 or #2 IVF embryos are produced. Embryo grades are determined at the time of transfer if fresh embryos, or at time of freezing if freezing is requested by buyer. Buyer keeps all resulting embryos from these controlled IVF sessions. Buyer is responsible for all costs of the aspirations and mating sire decisions. Sessions offered in the World Classic must be performed by a certified IVF facility or practitioner that is agreeable to both seller and buyer. If after 4 IVF sessions the guarantee has not been fulfilled, EITHER PARTY can choose to call the sale complete and refund will be issued. The seller will then remit to the buyer a refund on pro-rated price based on original sale price. Example: Sale price of \$40,000 on an IVF session would equal \$5,000 (or sale price divided by 8) refund per embryo not produced in event all embryos are not produced. IVF flush histories available upon request.

Terms, First Choices...

35% down sale day, balance on possession when youngest choice reaches four months of age. Seller will provide and pay for GHP genomic testing of all resulting calves prior to selection, at buyer's request.

There's Only One!

Once again, it is our pleasure to invite you to join us in the Tanbark or on Cowbuyer, as we proudly present the 37th Edition of the World Classic.

Since its inception, the World Classic has been recognized as the dairy industry's International Marketplace. Over the years, an average of twenty-five percent of the offerings have been purchased and/or consigned by international buyers and sellers from around the globe.

Each edition has attempted to offer the very best that the industry has to offer, from show winners and famous, deep pedigrees, to the high index and genomic list toppers. We are proud that this has allowed the sale to have the distinction of the world's highest grossing and averaging dairy sale series in history.

Rest assured, we realize it is due to the consignors over the decades who have entrusted us in marketing their very, very best, as well as the buyers who have trusted, supported and invested in the offerings. As you review this year's lineup, we are confident you will agree that it just might be the best lineup ever!

There has been a near endless number of people who have assisted us over the years, and we send them all our grateful thanks. Sale selectors, sales forces, barn crews, our office and Cattle Connection staff, the many members of the World Dairy Expo and event center staffs, and all the volunteers who have been involved. And, of course, our children Moriah and Adam for their help and support through all the years of the World Classic and so much more. And, it is only fitting to recognize the tremendous efforts of the Captain of the World Classic, Scott Culbertson, who is assisting us for his 18th year!

And so, the time has come to change the guard. We are extremely thankful for all the support and encouragement through the decades, and allowing us the privilege of a lifetime.

Tom & Sandy Morris

*Join us Wednesday evening as
we proudly present
a limited offering of the world's
most sought-after dairy genetics.*

Hellenbrand Lasting Legacy Award

Mike & Linda
Hellenbrand

Feed your Passion | Grow your Potential
Showcase your Opportunity

SETH, LARSEN & LITTLE THING

An opportunity to expand the dairy experience of a high school student with interest and experience in agriculture is what the **Hellenbrand Lasting Legacy Award (HLLA)** had in mind with its inauguration in 2021. This year's winner, **Larsen Swan** from Sherman, New York, graduated from high school in June and is currently a freshman at the University of WI-Madison. His leadership in FFA and 4-H, participation in dairy cattle judging contests and winning Quiz Bowl competitions, his experience in showing and breeding elite Guernseys, and aligning himself with an exceptional mentor, Seth Johnson, are just some of the attributes that made him such a deserving HLLA winner.

Larsen Swan's integrity and his desire to take the guidance and mentoring from this experience and pay it forward as an ambassador, leader, and mentor for the next generation of dairy youth would make **Mike Hellenbrand** very proud! Mike and his wife, Linda, left successful business careers in New York City to operate City Slickers Farm in Cross Plains, Wisconsin, where hard work, dedication and focus grew successful partnerships with well-known dairy cattle breeders throughout the country, brought Hillpoint Partners animals to the colored shavings, and **Mike Hellenbrand** to many years of leadership at World Dairy Expo before his passing in 2020.

As co-owner and consignor with Vierra Dairy of Hilmar, California, **Larsen Swan** brings Vierra Every Little Thing-ET, to the World Classic Sale. A Jersey Fall Calf out of Rivendale VIP Eloise-ET, EX-94 and World Dairy Expo's 2022 Jersey Grand Champion, Every Little Thing started the summer show season placing third in the Cortland Classic early in July. Larsen then took her to the Chautauqua County Fair later that month, where she won her class in both the 4-H and Open shows, and was named Junior Champion of the 4-H show and Reserve Junior Champion of the open show.

The winner of the 2027 HLLA calf will receive a calf donated by Peter Vail of Englewood, Florida.
She will be a daughter of Lazy M Wildside Genette-EXP, World Dairy Expo's 2022
Milking Shorthorn Grand Champion.

**Applications for the 2027 award can be found at <https://hellenbrandlastinglegacy.com>
and submitted between October 1, 2026 and January 1, 2027.**

TERMS AND CONDITIONS OF SALE

TERMS: The terms are cash or check on sale day payable to Tom Morris Ltd, in U.S. funds unless other arrangements are made with the seller and management prior to the sale. All payments must be made to the clerk of the sale and no release of animals will be given until satisfactory settlement has been made. Compliance with the above terms of payment on the part of the buyer will then entitle him to the guarantees offered by the seller and listed below.

EXPORT SALES: Buyer assumes all responsibility for health tests required by the importing country.

BIDS: The highest bidder shall be the buyer. Bidding parties or their agents are responsible for all bids placed. Every animal or lot presented for bidding is pledged to absolute sale. In case of dispute, the animal or lot shall be again put up for advance bids, and if there is no advance bid, the animal or lot shall be sold to the person from whom the auctioneer on the stand accepted the last bid. In case two or more claim the bid, the auctioneer in the box shall indicate the party whose bid he recognized. Other claimants will be given an opportunity to increase the bid, and bidding will be restricted to the two or more claimants.

BY-BIDDING: Bidding directly or indirectly by the sole owner of any animal or lot is prohibited. Seller reserves the right to be a member of a buying partnership or syndicate. Bidding by any member of a partnership, syndicate, or other entity having an ownership interest in an animal or lot is permitted.

RISK: All animals, whether on site or sold in absentia, are at the purchaser's risk as soon as struck off. Those at the sale will be cared for free of charge until noon on Saturday, October 3rd. Animals are solely at the seller's risk prior to selling in the event of fire or other eventuality.

TRANSFER OF OWNERSHIP: For all Registered HolsteinsSM, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA and a certificate of registration showing that transfer of ownership will be provided to the buyer free of charge. Other breed consignments will be transferred in the same manner with their respective breed organizations.

WARRANTIES:

1) Each seller warrants clear title to the animal or lot, and the right to sell same.

2) To the best of the seller's knowledge, each animal is sound and healthy in every respect, unless otherwise noted in the catalog or announced from the auction stand. Every precaution will be taken to represent the physical condition of each lot exactly as it is known. Heifers that have never calved are in no way guaranteed as to the condition of their udders following calving.

3) Breeding Warranty: The seller guarantees all animals to be breeders, but not beyond the purchase price, with the following understanding:

Should any female less than eighteen months old when sold, fail to become pregnant by the time she reaches the age of 21 months, after having been bred to a bull known to be a breeder and after having been examined or treated by a licensed veterinarian, the matter shall be reported in writing to the seller within three months of the stated limit. The seller shall then have the privilege of four months' time in which to prove the animal a breeder by service to a registered bull of its same breed before refunding the purchase price or making other settlement satisfactory to the buyer. Females bred when sold

and pronounced in calf are presumed to be pregnant but pregnancy is not guaranteed. The seller makes no warranty that pregnant heifers will deliver calves or that they will carry calves full term.

If, after the sale embryos or oocytes are recovered from a female or an attempt is made to superovulate her, this negates the breeding warranty unless there is a separate written agreement between buyer and seller.

4) Health tests completed for this sale will be disclosed. The results of any future health tests are not guaranteed. The seller and sale management hereby notify buyers that according to the State of Wisconsin ATCP Rule 10.21, all animals are sold as originating from a maximum risk paratuberculosis herd. The seller and sale management cannot be held liable. Any animal that is a member of a herd enrolled in an official state supervised Herd Status Program may be identified as such with status level shown.

5) Buyer of each IVF Lot is purchasing rights to control the next IVF sessions until a minimum of 8 #1 or #2 IVF embryos are produced. Embryo grades are determined at the time of transfer if fresh embryos, or at time of freezing if freezing is requested by buyer. Buyer keeps all resulting embryos from these controlled IVF sessions. Buyer is responsible for all costs of the aspirations and mating sire decisions. Sessions offered in the World Classic must be performed by a certified IVF facility or practitioner that is agreeable to both seller and buyer. If after 4 IVF sessions the guarantee has not been fulfilled, EITHER PARTY can choose to call the sale complete and refund will be issued. The seller will then remit to the buyer a refund on pro-rated price based on original sale price. Example: Sale price of \$40,000 on an IVF session would equal \$5,000 (or sale price divided by 8) refund per embryo not produced in event all embryos are not produced. IVF flush histories available upon request.

SHIPPING: Assistance will be given in arranging shipping of animals after the sale. All costs, risks and responsibility will be borne by the buyer.

PEDIGREE INFORMATION: All production, classification, type and production summaries are current. Information recorded on breed association pedigrees is used in this catalog. All records, except records in progress, are shown on crude protein scale. Donor dams are identified.

GENOMIC INFORMATION: If genomic information on the animal or embryo is available, it must be dated and disclosed at or before the time of sale.

ERRORS: The material in this catalog has been carefully edited. If any errors or omissions are discovered, they will be announced. Such announcements take precedence over material printed in this catalog. Neither the editors of the catalog, the sale management, nor the sellers can assume any responsibility for any errors or omissions in the catalog.

ACCIDENT: The sale management, the sellers, and the owner of the grounds will not be responsible in any case for the condition of the grounds or the behavior of the animals and disclaim any liability in the event of personal accident or property loss.

RESPONSIBILITY: The seller will represent and be responsible for his animal. In no case, however, will the seller be responsible for any damages beyond the selling price of the animal. Seller's responsibilities and warranties will cease when the animal is resold. Tom Morris Ltd., as sale manager, assumes no responsibility, acting only as an agent, but will endeavor to protect the interests of both buyer and seller.
