TOP OF CLASS
in and out of the ring

STyle genetics™ is a must-have tool for dairymen focusing on type in their breeding strategy.

STyle genetics™ sires are carefully selected through their genomic results to provide balance, production and strong type, favoring showing results and high classification scores while possessing deep maternal lines.

XY® and Sexing Technologies® sex-selected sperm products are made using the proprietary technologies of XY LLC and Inguran LLC, as partially represented by US patents 7,723,116, 6357307, 6604435, and 8623657. Patents Pending worldwide. XY® sex-selected inseminates are packaged as single use artificial insemination doses for heifers not to be divided or used in MOET or IVF procedures. STgenetics is a division of Inguran LLC. XY is a registered trademark of XY, LLC. The SexedULTRA and SexedULTRA 4M logos/marks are trademarks of Inguran LLC. Sexing Technologies and STgenetics logos/marks are registered trademarks of Inguran LLC. Product of the USA. Neither Inguran, LLC, nor any of its affiliated companies makes any warranty, either express or implied, as to (a) pregnancy rate or gender at birth with respect to use of any sorted semen or related products, regardless of sorted semen product purity or concentration, or (b) any other results achievable with respect to use of any products or services provided by Inguran, LLC or its affiliated companies.

Welcome!

It is with great enthusiasm that we welcome you back to Nashville, TN for Music City IV. As you review the pages of this catalog, we hope you will agree it is the best yet. We want to express our sincere gratitude to all the consignors for opening their barns to us and giving us what ever we want for the sale. It is very gratifying to have someone say, "Take whatever you want for the sale" when you are doing sale selections.

This sales series has become one of the most popular in the business and the past three sales have been a huge success. A success not just because of the prices achieved but because of the connections, comradery and friendships developed at the event. We have had numerous people tell us it is a great event because everyone is there to celebrate our business, see friends and listen to great music. The addition of the All-American nomination announcements from Cowsmo added a great deal of excitement to the event and we hope to be able to do that again this year!

It goes without saying that this year has been a challenge. Our friends in Nashville have had a challenging year with the shutdowns of everything they do to make a living. The musicians, bar tenders, managers, and owners of all the establishments we love have suffered, like so many others. As of today, Nashville is up and running and while volume of visitors is down, the energy and great music is still high. Obviously, rules for restaurant and clubs are ever changing, you can be assured, Nashville is taking all precautions that they can to keep the guests and artists safe. As of today, many of the establishments are open with controlled capacity and guidelines in place to keep all safe. As we get closer, watch our updates on Facebook or reach out to us to be put on an email list to help keep you informed of the latest info from Nashville.

While we realize some of you may choose to stay home this year, we understand but with success stories like the March Madness Sale, two Bright Futures Embryo Sales and countless other events held with just online bidding, we urge you to take part in this event even if it is from your living room.

We would like to express our sincere thanks again to ST Genetics for their continued support of this event. Jack Hippen and his team have been our sole sponsor for the event from day one. They help sponsor the venue, music, drinks, and food all weekend and we hope you will show your appreciation to them for this. Also, the management and staff at Alan Jackson's Goodtime Bar have been fantastic to us over the years and are making a huge effort to make this year work as well. And lastly to the buyers and consignors of this and the past events, it is because of you that we can do this.

We hope to see you in Nashville on the weekend of December 12-14 and if you can not make it we invite you to join us online for the sale on Monday December 14.

All the best,

Chris & Jen
Tim & Sharyn

LIVE INTERNET BIDDING AT

www.cowbuyer.com

- View/bid online in Real Time
- Registration is required. Please register at least one (1) hour prior to sale time at www.cowbuyer.com
- High Speed Internet is required. Slower speed will not permit you to bid and keep pace in real time.
- Terms: Purchasing online constitutes a legal contract and promise for payment of purchases. All purchases must be paid within ten (10) days of sale date and prior to load out or delivery of cattle purchased.
- Cowbuyer.com is a service provider and is not responsible for the activity or inactivity of any technology, internet connection at the sale site or connection and technology of the bidders.

Here is a unique opportunity to acquire one of the highest ranked genomic Wagyu females in the USA.

Synergy F154 Chiyotake 536G has an elite blend of high genomic EBVs for growth traits, Carcass Weight, Marble Score and Wagyu Breeder Index. She is the #13 ranked 2019 born female in the USA for Wagyu Breeder Index. Synergy F154 Chiyotake 536 is sire by the #2 ranked carcass proven bull in the breed Sumo Cattle Co Michifuku F154. Her pedigree features elite foundation Wagyu bulls Michifuku, Hirashigetayasu, Itoshigefuji, and Terutani 40/1. She descends from the highly proven Chiyotake cow family which has produced many high-ranking sires. She is flush age and ready to work. Tested free of all recessives.

Don't miss this chance to jump to the front of the Wagyu EBV leaderboards with this young donor!

GRF MS HIRASHIGE F50 REG# FB37057 – LIVE LOT

Born: July 18, 2018

F50 is a fullblood, black wagyu heifer, free of all genetic defects and is AA for SCD test and 7 for tenderness. Her Dam is GRF MS SHIGESHIGETANI C06 (FB22886), one of our best donors from the line that goes back to the famous cow EZOKINTOU. This the same line that produced ITOSHIGENAMI JNR, who's semen recently set a world record of \$68,000.00 per straw! She is sired by Hirashige Tayasu 533 (FB13499), who is known for his fast-growing calves and their fine marbling. Her pedigree carries the famous bulls Shigesigetani, Sanjiro, Kitaguni Jr, Takazakura, and the queen of the breed Suzutani. This heifer checks the boxes for calf growth, large carcasses, and prime marbling genetics. To top off F50's traits, she is carrying an embryo from her dam's full sister GRF MS SHIGESHIGETANI C04 FB22885 and sired by HIRASHIGETAYASU FB670. The Japanese tested J2351 and found that 80% of his progeny will grade AA5, the highest possible grade on the Japanese scale. This is a future donor to build a herd around with a bonus calf to boot due July 21, 2021!

Selling: Embryo Pregnancy in Holstein Heifer
Sire: Old Stone Legend 021E (FB41493)
Dam: GRF Ms Hirashige Tayasu F33 ET (FB38929)
MGS: Hirashige Tayasu 533 (FB13499)

Pregnancy in Holstein heifer is carrying an embryo made with sexed semen out of our donor cow, GRF MS Hirashige Tayasu F33-ET (FB38929), by Old Stone Legend (FB41493) due to calve July 14th. F33 is a large heifer who is one of the most docile in the herd. She is backed by bulls known for growth and size like Hirashige Tayasu 533, Takazakura, and Haruki 2. She also has World K's Suzutani, the queen of the breed, on both the top and bottom of her pedigree. Old Stone Legend is a Hikokura line bull with that breeding present in three of the four legs of his pedigree. The MGD to this embryo is a prolific donor in our program with excellent trait transmission and F33 is following in her footsteps. This calf would provide multiple lines of the Hikokura and Tajima lines to complement a herd or give a solid base to start a herd with or build into an existing program. You are getting carcass size, superior marbling, maternal traits, and solid front pasture cow all in one very sound package. Her recip mother will raise a giant calf for you or put her into your herd for added milk and a recipient again! The resulting calf will be SCD AA and free of all genetic defects by parentage. This is a very similar embryo to the mating that topped the 2020 Nittany Lion Fall Classic sale with its waygy recipient for \$9600!

HOLSTEIN ASSOCIATION TERMS AND CONDITIONS FOR PUBLIC SALES

EFFECTIVE MARCH 2, 1996 - Amended October 1, 1997, June 28, 2000, June 23, 2002, and March 26, 2010

TERMS: The terms of the sale are cash unless arrangements are made prior to the sale or are printed in the sale catalog. Only when the above conditions are met will the buyer be entitled to the warranties listed below. In no case will animals be released unless settlement is made with the clerk of the sale.

RESPONSIBILITY: The seller, buyer, and manager of this sale are obligated to comply with the provisions of these terms and conditions.

EXPORT SALES: Buyer assumes all responsibility for health tests required by the importing country.

BIDS: The highest bidder is the buyer. Bidding parties or their agents are responsible for all bids placed. Every animal or lot presented for bidding is pledged to absolute sale. In case of dispute, the animal or lot will again be put up for advance bids, and if there is no advance bid, the animal or lot will be sold to the person the auctioneer accepted the last bid from. In case two or more claim the bid, the auctioneer will indicate the party whose bid he recognized. Other claimants will be given an opportunity to increase the bid and bidding will be restricted to the two or more claimants.

BY-BIDDING: Bidding directly or indirectly by the sole owner of any animal or lot is prohibited unless the intention to bid is disclosed specific to each animal in the catalog and announced when the animal enters the ring. Bidding by any member of a partnership, syndicate, or other entity having an ownership interest in an animal or lot is permitted.

TRANSFER OF OWNERSHIP: For all Registered HolsteinsSM, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA and a certificate of registration showing that transfer of ownership will be provided to the buyer free of charge. For embryos, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA free of charge to the buyer.

RISK: All animals located at sale site are at the purchaser's risk as soon as struck off, but will be cared for free of charge for a maximum of 24 hours following the end of the sale.

WARRANTIES:

- 1) Each consignor warrants clear title to the animal or lot, and the right to sell same.
- 2) To the best of the seller's knowledge, each animal is sound and healthy in every respect and embryos have been recovered, processed, frozen, transferred and graded in keeping with IETS recommendations unless otherwise noted in the catalog or announced from the auction stand. Every precaution will be taken to represent the physical condition of each lot exactly as is known. Examination of all purchases should be made immediately after the purchase and before the close of the sale, and if found not to be as represented, complaint must be reported to the sale management before the close of the sale. In the event no complaint is filed, it is understood that the buyer assumes full ownership in the case of animals at sale site together with all risks, after which no representations of the seller can be challenged through the sale management. Heifers that never calved are in no way guaranteed as to the condition of their udders following calving.

3) Breeding Warranty

The seller guarantees all animals to be breeders, but not beyond the purchase price, with the following understanding:

- a. Males - Should any bull after reaching the age of fourteen months fail to prove a breeder after being used for two months on cows or heifers known to be breeders, the matter shall be reported in writing to the seller within three months of the sale date. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed,

by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller. The seller makes no guarantees with respect to the ability to freeze semen.

- b. Females - All females are guaranteed to be breeders with the exception of:
 1. Cows over 7 years of age when sold;
 2. Cows and/or heifers carrying a pregnancy that is the result of an embryo transfer.

Report of a non-breeder must occur in writing within 3 months of the date of sale or before the animal reaches 21 months of age and must be submitted to the seller. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed, by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller.

Females bred when sold and pronounced in calf are presumed to be pregnant but pregnancy is not guaranteed unless so announced. The seller makes no warranty that pregnant cows will deliver calves or that they will carry calves full term.

- c. If, after the sale, embryos or oocytes are recovered from a female or an attempt is made to superovulate her, this negates the breeding warranty unless there is a separate written agreement between buyer and seller.

SHIPPING: Assistance will be given in arranging shipping of the animals after the sale. All costs, risks and responsibility will be borne by the purchaser.

PEDIGREE INFORMATION: All production, classification, type and production summaries are current. Only information recorded on Holstein Association USA pedigrees is used. Any production or classification records supplied by the seller or consignor will be properly identified as provided by owner. Records in progress are identified as such.

GENOMIC INFORMATION: If genomic information on the animal or embryo is available, it must be dated and disclosed at or before the time of sale.

EMBRYO TRANSFER: All registered animals that have resulted from embryo transfer are identified with one of the following suffixes in the name: ET, ETS (from split embryo), or ETN (from nuclear transfer). If unregistered, the appropriate technology will be identified. Donor dams are identified.

HEALTH WARRANTY: The seller will provide an official health certificate to the buyer for each animal showing the results of all health tests made in preparation for this sale as required by the state where the cattle reside. Other health tests completed for this sale will be disclosed.

ERRORS: The material in this catalog has been carefully edited. If any errors or omissions are discovered, they will be announced. Such announcements take precedence over that printed in this catalog.

ACCIDENT: The sale management, the consignors, and the owner of the grounds will not be responsible in any case for the condition of the grounds or the behavior of the animals and disclaim any liability in the event of personal accident or property loss.

LIMITATIONS OF WARRANTIES: Warranties contained herein, unless terminated earlier, will cease upon the resale of an animal.

TERMS AND CONDITIONS FOR THE MUSIC CITY CELEBRATION SALE, NASHVILLE, TN DECEMBER 14, 2020

Please review these terms and conditions for all lots selling at the Music City Celebration Sale
These Terms & Conditions will be used in conjunction with Holstein USA Terms & Conditions
for Public Auction.

BUYERS

Purchase of Live Animals (Lots that do not have a choice to be made)

If you purchase any lot that is a single animal, live on sale day, regardless of her age or location, you are obligated to pay the full purchase price of the animal on sale day. Buyers can protect their investment by purchasing insurance (info in the back of this catalog) at the sale or providing insurance through a company of their choice. If Buyers do not acquire insurance immediately at the time of purchase, Buyer is self-insuring the animal and assumes all risk at that point. It is not the Sellers nor Sale Managers responsibility to insure cattle for the Buyer once the gavel has fallen whether purchased by the Buyer at the sale, through an agent or on the internet.

Choice of Flush or Choice of Multiple Animals/Individual Live

35% of the selling price is due on sale day to sale management. The remaining balance is due direct to the seller upon selection of your purchase. Purchase of Choice of flush or choice of multiple animals sold require Buyer to select their purchase by the time the youngest animal in the package reaches 4 months of age unless otherwise noted or announced. All health testing and insurance details outlined in these terms and conditions shall apply.

Payment for animals sold in absentia is expected in full on sale day. Any animal selling in absentia is guaranteed to be in good health and condition at the time of the sale and will have been inspected by a licensed Veterinarian prior to the sale with the necessary tests guaranteed to be negative (TB BVD-PI and Brucellosis (if age appropriate) along with a shipping fever vaccination). A certificate of veterinary inspection (CVI) will be provided at the sale for health guarantees and insurance purposes. After this certificate is provided, the Seller's only responsibility after the sale is to provide adequate and proper housing and care for the animal until she is picked up by the Buyer or his agent and perform the necessary testing once notified. It is the Buyer's responsibility to provide Seller with information needed for interstate health charts for delivery of the animal and transportation plans and instructions. It is the sole responsibility of the Buyer to arrange for transportation of the purchased animal. We have provided a list of truckers who can assist in transportation in the front of this catalog and we also included phone numbers and emails of all consignors for your convenience. All animals in the sale may be inspected by prospective Buyers or their agents prior to the sale upon request to the seller.

SELLERS

Any animals sold in absentia under 4 months of age can be housed at the Seller's facility at no extra charge to the Buyer until that animal is 4 months of age, if the buyer so wishes. For an animal sold in Absentia that is over 4 months of age, the Buyer will be responsible for board fees of \$5 per day until the animal leaves the Seller's facility. For this sale, the Buyer will have a grace period until 1/14/2021 where no board fees will be charged.

Seller guarantees a sound, healthy, animal at the time of the sale and proof of this will be the Certificate of Veterinary Inspection (CVI) which must be provided prior to the sale. Seller will prepare health charts for interstate travel for all animals in the sale immediately upon receiving instructions from the buyer. The only tests that are guaranteed to be provided by the Seller are TB, BVD, Brucellosis and a vaccination for shipping fever.

Seller will work to provide adequate care for the cattle that are sold to a new Buyer and will notify Buyer immediately in the event of illness or sudden death of an animal should occur. Any veterinarian care or autopsies performed will be at the Buyer's Expense.
