IVF Sessions offered in this sale must be performed by a certified IVF facility or practitioner that is agreeable to both Seller and Buyer. If after 4 IVF Sessions the guarantee has not been fulfilled, the seller will remit to the Buyer a refund on pro-rated price based on original sale price of 8 #1 or #2 embryos to be transferred or frozen if requested by the Buyer. Example: Sale price of \$40,000.00 on an IVF Session would equal \$5,000.00 (or sale price divided by 8) refund per embryo not produced in event all embryos are not produced. IVF flush histories available upon request.
