Genasci Dairy, Inc.

Welcome to the Genasci Holstein Complete Dispersal!

Edwin, Jim, and Bill have been involved with registered Holsteins since 1959, beginning with 4-H and FFA projects. This special sale represents four generations. For 100 years the Genasci Family Dairy has been located at the present location in West Modesto, California.

Early purchases were from the Hedegard Dispersal and private purchases were from Sawyers Diamond S Ranch, as well as Stanislaus and Merced Holstein Club Sales. Following graduation from Fresno State College (Edwin-1969, Jim-1970, and Bill-1972), additional cattle purchases were made from Canada, New York, Pennsylvania, Colorado, Washington, and all states in between! Great cow families have risen to the top end of our herd.

In 1998 the family was devastated with a loss of 430 cows. At that time we were blessed to receive donations of cattle and money from all over the world. The current herd was built up to a high genetic profile through intensive embryo transfer work, sound mating's, and selected cattle purchases. A big thank you to the sale managers, Dave Rama and Ken Melvold.

We have been associated with both Dave and Ken for many years. They were both involved with our 1994 Genetic Express Sale, which was a great success. We were extremely pleased to have both of these gentleman involved with our 100th anniversary sale. Thank you to the sale crew listed in the catalog and also to the preparation crew! We also want to express our appreciation to our valuable employees, both past and present, for caring for our herd for so many years!

We wish great success to the buyers and contending bidders, and we thank you for your support!

Edwin & Della
Jim & Donna
Bill & Susan & Families

GEN-ACE HOLSTEINS

Complete Dispersal

Thursday, March 18, 2021 • 9:00 AM (PDT)

March 1, 2021

To all Dairy producers and Holstein Breeders across the country, we welcome you to Gen-Ace Holsteins for what should be, one of the greatest Holstein Herd Dispersals the dairy industry has ever seen!

105 years in the making, the Genasci family have used the greatest sires, years of DHIA records, embryo transplant work and astute husbandry practices to build this sensational herd. In addition, the Genasci family supported numerous California Breeder sales, club sales and other major sales across the country, usually cherry picking the finest genetics and maternal lines those sales offered and building on them. These are quality people with integrity and the cattle they have sold over the years have outperformed buyer's greatest expectations!

Buyers can expect high performance cows that are bred to be trouble free and last with many yielding 150,000 to 200,000 pounds of milk in their lifetimes. You can also expect that many selling in groups will be backed by generations of Excellent and Very Good dams that continually breed true and will leave you offspring that will move your herd forward at an accelerated speed.

We appreciate being asked to assist the Genasci family with their complete Herd Dispersal. They have been friends for years and we look forward to seeing their cattle please new owners across the country. Come to the sale on March 18th or bid online via www.cowbuyer.com and buy cattle for a very affordable price that will make you money for years to come! Many hidden Gems in every group!

Special thanks to all staff members who work behind the scenes, tagging, sorting, moving and loading cattle with care and our sale staff listed in the front of the catalog that are here to assist all bidders and potential buyers. Good Luck, stay well & hope to see you sale day!

Sincerely,

David & Merry Rama & Ken Melvold

Genasci Dairy

The final hurrah ... here we are again, 5 years later and 5 years better. I am honored and saddened as I write these final thoughts today. 5 years ago I thought I would never be writing these words for Genasci dairy, and today I am sitting here again writing about an amazing five years since the last sale. I have been in the Central Valley as a large animal practitioner and owner at Lander Veterinary Clinic for 16 years and have seen a lot of dairies, but few as unique as Genasci Dairy. The owners, Edwin, Jim and Bill are some of the finest, most trustworthy people in this industry. Their reputation speaks for itself and they are known from one end of this state to the other, and beyond. Family means everything to the Genasci family and through this pandemic it has become even more clear that family needs to be the focus in life above all else.

This pandemic may have stopped many things but it has not stopped Genasci Dairy cows. Herd checks continue to be every Monday and it truly is the highlight of my week. I work with amazing staff here at the dairy, Paul, Rudy, Miguel, Willy, Augustine, Marcos, Armando, Noel, Daisy (the dog who pushes cows) - all the milkers - it is an amazing crew. Our services per conception is 2.55, our average days at first breeding is 73 DIM with a calving interval of 13.1 and a pregnancy rate of 23.4% (DHI). The Average age at first calving is an amazing 23.5 months, with very few problems. The heifers are big and beautiful, the maternity crew and the fresh cow programs are great. Milk production currently sits at 95.3 lbs, and 305 ME is 32,385 for milk, 1263 fat and 943 protein with an average DIM sitting at 155 days. The average SCC is currently 130,000 but is rarely more than 160,000. Fresh cows, dry cows, fresh heifers and mastitis cows are milk quality tested and treatment protocols are in place for everything from mastitis. fresh cows, sick cows, lame cows, calving protocols and euthanasia protocols. The herd has a complete vaccination program which includes BRSV, BVD. P13, leptospirosis, clostridium, e.coli, rota and coronavirus and salmonella.

I thank God for an additional 5 years working with this fine crew of people and even though I will no longer be the vet at Genasci Dairy. the friendships and camaraderie will continue for a lifetime. No doubt we will cross paths at future cattle sales. shows and events. Cheers to making it through a pandemic of epic proportions with the greatest group of cattle people and friends that I know. I hope and pray for health, love and prosperity for every single one of the fine friends I have gotten the chance to meet and know at this dairy.
