Fiesta

RU ANN FIESTA

WELCOME TO THE RUANN FIESTA!

On behalf of the Maddox family, we invite you to take a step back in time & be a part of history. Our father, Doug Maddox, put on some of the most iconic dairy cattle sales because it was based around 3 things: good cows, good people & a good time.....and we will not disappoint. Come experience this legendary sale of top Registered Holsteins, Jerseys and an evening of great cattle, dairy enthusiasts and California culture sure to be the event of the year!

Thank you to our consignors for entrusting us with your top cattle and helping make this a memorable event. This past winter, we traveled the US handpicking premier offerings from the top herds in the nation. We stepped into their corrals asking for their best of the best & we were thrilled when they said yes. Whether you are looking for animals who will be standing at the top of their classes, high genomics, or a combination of the two, our stellar line-up is sure to impress.

We appreciate our sponsors who believed in our vision and helped us make this an unforgettable event. Please feel free to call us at any time if we can be of assistance to you. We look forward to celebrating the legacy of the RuAnn Fiesta Sale with you on March 14th at Maddox Dairy!

A Unique Sale Experience

Terms of sale: Buyers will be invoiced immediately by email with overnight payments expected by money wires or good check sent by priority mail! We want a lot of participation from buyers who understand that proceeds need to be issued immediately! Buyers of embryos are responsible for their own shipping charges and expected to contact sellers direct to arrange for shipment after payment. On lots selling in absentia, buyers are expected to pay 100% down sale day. If a choice is sold from litter not yet born, the buyer must pay 35% down sale day & balance when calves are 4 months of age. Buyers are guaranteed an acceptable calf at time of pick up. Buyers of live cattle should make immediate arrangements with sellers for transportation after payment has been made to sale manager. ANNOUNCEMENTS TAKE PRECEDENTS OVER PRINTED MATERIAL.

HOLSTEIN ASSOCIATION TERMS AND CONDITIONS FOR PUBLIC SALES

EFFECTIVE MARCH 2, 1996 - Amended October 1, 1997, June 28, 2000, June 23, 2002, and March 26, 2010

TERMS: The terms of the sale are cash unless arrangements are made prior to the sale or are printed in the sale catalog. Only when the above conditions are met will the buyer be entitled to the warranties listed below. In no case will animals be released unless settlement is made with the clerk of the sale.

RESPONSIBILITY: The seller, buyer, and manager of this sale are obligated to comply with the provisions of these terms and conditions.

EXPORT SALES: Buyer assumes all responsibility for health tests required by the importing country.

BIDS: The highest bidder is the buyer. Bidding parties or their agents are responsible for all bids placed. Every animal or lot presented for bidding is pledged to absolute sale. In case of dispute, the animal or lot will again be put up for advance bids, and if there is no advance bid, the animal or lot will be sold to the person the auctioneer accepted the last bid from. In case two or more claim the bid, the auctioneer will indicate the party whose bid he recognized. Other claimants will be given an opportunity to increase the bid and bidding will be restricted to the two or more claimants.

BY-BIDDING: Bidding directly or indirectly by the sole owner of any animal or lot is prohibited unless the intention to bid is disclosed specific to each animal in the catalog and announced when the animal enters the ring. Bidding by any member of a partnership, syndicate, or other entity having an ownership interest in an animal or lot is permitted.

TRANSFER OF OWNERSHIP: For all Registered HolsteinsSM, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA and a certificate of registration showing that transfer of ownership will be provided to the buyer free of charge. For embryos, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA free of charge to the buyer.

RISK: All animals located at sale site are at the purchaser's risk as soon as struck off, but will be cared for free of charge for a maximum of 24 hours following the end of the sale.

WARRANTIES:

- 1) Each consignor warrants clear title to the animal or lot, and the right to sell same.
- 2) To the best of the seller's knowledge, each animal is sound and healthy in every respect and embryos have been recovered, processed, frozen, transferred and graded in keeping with IETS recommendations unless otherwise noted in the catalog or announced from the auction stand. Every precaution will be taken to represent the physical condition of each lot exactly as is known. Examination of all purchases should be made immediately after the purchase and before the close of the sale, and if found not to be as represented, complaint must be reported to the sale management before the close of the sale. In the event no complaint is filed, it is understood that the buyer assumes full ownership in the case of animals at sale site together with all risks, after which no representations of the seller can be challenged through the sale management. Heifers that never calved are in no way guaranteed as to the condition of their udders following calving.

3) Breeding Warranty

The seller guarantees all animals to be breeders, but not beyond the purchase price, with the following understanding:

- a. Males - Should any bull after reaching the age of fourteen months fail to prove a breeder after being used for two months on cows or heifers known to be breeders, the matter shall be reported in writing to the seller within three months of the sale date. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed,

by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller. The seller makes no guarantees with respect to the ability to freeze semen.

- b. Females - All females are guaranteed to be breeders with the exception of:
 1. Cows over 7 years of age when sold;
 2. Cows and/or heifers carrying a pregnancy that is the result of an embryo transfer.

Report of a non-breeder must occur in writing within 3 months of the date of sale or before the animal reaches 21 months of age and must be submitted to the seller. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed, by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller.

Females bred when sold and pronounced in calf are presumed to be pregnant but pregnancy is not guaranteed unless so announced. The seller makes no warranty that pregnant cows will deliver calves or that they will carry calves full term.

- c. If, after the sale, embryos or oocytes are recovered from a female or an attempt is made to superovulate her, this negates the breeding warranty unless there is a separate written agreement between buyer and seller.

SHIPPING: Assistance will be given in arranging shipping of the animals after the sale. All costs, risks and responsibility will be borne by the purchaser.

PEDIGREE INFORMATION: All production, classification, type and production summaries are current. Only information recorded on Holstein Association USA pedigrees is used. Any production or classification records supplied by the seller or consignor will be properly identified as provided by owner. Records in progress are identified as such.

GENOMIC INFORMATION: If genomic information on the animal or embryo is available, it must be dated and disclosed at or before the time of sale.

EMBRYO TRANSFER: All registered animals that have resulted from embryo transfer are identified with one of the following suffixes in the name: ET, ETS (from split embryo), or ETN (from nuclear transfer). If unregistered, the appropriate technology will be identified. Donor dams are identified.

HEALTH WARRANTY: The seller will provide an official health certificate to the buyer for each animal showing the results of all health tests made in preparation for this sale as required by the state where the cattle reside. Other health tests completed for this sale will be disclosed.

ERRORS: The material in this catalog has been carefully edited. If any errors or omissions are discovered, they will be announced. Such announcements take precedence over that printed in this catalog.

ACCIDENT: The sale management, the consignors, and the owner of the grounds will not be responsible in any case for the condition of the grounds or the behavior of the animals and disclaim any liability in the event of personal accident or property loss.

LIMITATIONS OF WARRANTIES: Warranties contained herein, unless terminated earlier, will cease upon the resale of an animal.

Gloria & Tony Arieas

With much thanks and appreciation.....

After over 50 years of dedicated service to our company, Gloria Arieas retired from RuAnn Dairy on February 15th, 2020. Gloria has been an integral part of our company and will always be valued for her hard work, resourcefulness and attention to detail. Gloria was here when RuAnn started using the first DHI management program, she has been witness to the numerous evolutions of Holstein registration programs and services, she hand-typed thousands of certificates when we were in the cattle export business and she helped Doug design hundreds of Holstein ads over the years as well as Fiesta sale catalog covers. She has been instrumental in developing and organizing our cattle reporting and record keeping systems. She will be greatly missed.

We would also like to recognize Tony for his years of service to our company. Tony started as a milker at RuAnn Dairy in 1966. Doug selected Tony to operate our first TMR mixer truck- the first of its kind in the California dairy industry. Tony retired from RuAnn Dairy in 1985 before beginning his 2nd career working for the Riverdale school system. He then returned to Maddox Dairy for several years as a relief feed truck driver. Like Gloria, Tony will always be remembered for his dedication and hard work.

Thank you Tony & Gloria!

-The Maddox Family-
