**Sale Time: 10:30 AM**

*Roger & Julie Lanners, owners*

## ***Welcome to the Roger and Julie Lanners complete milking herd and springing heifer dispersion.***

*We are pleased to have you with us today and hope you are able to make several selections from this outstanding herd of official DHIA Holsteins. Roger and Julie have farmed on this farm for nearly 40 years and now have decided to discontinue the dairy portion of their farming operation to devote more time to crop farming and finishing steers. This dispersion offers an outstanding opportunity to purchase hard-to-find, home-raised, farm fresh, high quality herd replacements in volume. Official DHIA records indicate a herd average on 2X 23,279 milk, 4.0% 931 fat and 3.1% 721 protein, 75 to 80 pound tank average with 50 head over 100 pounds. Many recently fresh or due soon, several fall and winter freshened cows expected to be confirmed bred on next herd health. SCC at an amazing 100,000 on average. The Lanners have used herd sires exclusively from the Melarry (Hackett) Registered Holstein herd for over 10 years. All cows are sired or in service to sons of high TPI and net merit sires including: 12 Frazzled sons plus sons of Helix, Resolve, Reason, Nugent, Curry, Rolan, Moola and Solution. An excellent herd health program has been in place for many years with all cows vaccinated and boosted annually with Bovishield Gold 5L5 and One Shot. At dry off cows receive J-vac and revaccinated with J-vac 3 three weeks prior to calving. Cows also receive Quartermaster and U-seal. All bred heifers vaccinated with Bovishield Gold 5L5 pre-breeding. Cows hooves are trimmed monthly, cows have very good feet-legs and overall mobility. Cows are milked in a 21 swing parlor and housed in a free-stall facility. In order to expedite the sale process, cows and heifers may be sold in lots containing from 1 to a maximum of 4 head per lot. Any cattle sold in multiples will be sorted in uniform lots as to age, lactation stages and production. If you are in need of top quality herd additions, we strongly urge you be ringside on March 23rd to take advantage of this rare opportunity to purchase superior individuals from a single source. Trucking available.*

*Please pay close attention to any statements made from the auction block as to updated breeding, freshening and production information. All purchases must be settled for within 15 minutes of conclusion of the auction. If you will need trucking or will be leaving animals beyond today, please alert owners or sales staff so arrangements can be made.*

*Thank you for attending today's auction. We hope you will enjoy your selections as much as the Lanners' have enjoyed production these past 40 years.*

*Sincerely,*

*Roger & Julie Lanners  
and the staff and management of  
Mid-American Auction Co., Inc.*

# Bred Heifers

**PLEASE NOTE: The following heifers are out of leading Melarry registered Holstein bulls and top Lanners dams. Heifers have complete vaccination program and are in perfect dairy flesh. Heifers were all ultrasounded on February 17th so by sale date heifers will be one month further along than indicated. Most are due April-May.**
