MAYERLANE HOLSTEINS

MAY 13, 2021 | BLOOMER, WIS.

Little Red Barn

By Hannah Ullom

(High School English Project)

There is a little red barn in the north.

In that little red barn live cows-
black cows, white cows, red cows
and yes, even those brown ones.

Cows with strong, deep pedigrees,
and ones with a plethora of offspring.

Show cows, barn cows,
fat cows and skinny cows-
they all have a place.

In two sheds near the barn,
there are heifers-
the cow's daughters.

Daughters of excellent cows,
daughters of first calvers.

Heifers with potential to turn into
the best cows the world has ever seen.

Embryo or natural,
they are all cared for daily.

Who cares for these animals?

Wakes up every day without a complaint,
goes out to the barn and milks the cows-
three times a day?

Feeds calves even in
the Wisconsin winters?

A white farmhouse is the home of the farmer and his wife.

They are the ones who, day in and day out
tend to the animals with tender hearts.

Building their herd with outstanding animals,
working with their children and grandchildren
to instill a love for dairy cows and working hard.

So that one day, their offspring will be able
to take over the farm they worked so hard for
in that little red barn.

MAYERLANE

CELEBRATING *Excellents*

Bloomer, WI | Thursday, May 13th, 2021 | 10:30 A.M.

Sales Force:

Scott Courtney 563-380-1318

When we were thinking about what to call this sale, we knew it had to be something to embody what we as a family have built. You will find that every lot in this catalog is Excellent, or has significant Excellent animals in their pedigree. Celebrating Excellents is exactly what we plan to do today and we hope you will continue the celebration in your own barns.

For the last 31 years we have grown our herd and family in the welcoming community of Bloomer. The memories and stories that have been written in this little red barn are far too numerous to tell, but each has a special place in our hearts. From outstanding days of scoring, to that heifer everyone has been waiting for, we have been fortunate to do it surrounded by family. Over the years we have extended our family to foreign trainees, high school help, neighbors and wonderful cattle partners. We would like to thank everyone who has helped us along the way and for your continuous support, not only today but in our lifetimes in this industry.

While there are so many people to be thanked and recognized, Scott and Amy Courtney, along with everyone at Courtney Sales, deserves a huge thank you from us as they have gone above and beyond to help make this a reality. We are also eternally grateful to Tom and Sandy Morris for their decades of advice and friendship, from our days at Deronda to advertising in the Cattle Connection. We are truly surrounded by some of the best people in the business.

We are ready for our new adventures following the sale. Every cow and heifer in the following pages has a story and we can't wait to see how you'll add to it. Thank you for considering adding our "girls" to your herd and for the kind words in the past years.

Sincerely,
The Don and Liz Mayer Family

Notes

HOLSTEIN ASSOCIATION TERMS AND CONDITIONS FOR PUBLIC SALES

EFFECTIVE MARCH 2, 1996 - Amended October 1, 1997, June 28, 2000, June 23, 2002, March 26, 2010 and March 24, 2016

TERMS: The terms of the sale are cash unless arrangements are made prior to the sale or are printed in the sale catalog. Only when the above conditions are met will the buyer be entitled to the warranties listed below. In no case will animals be released unless settlement is made with the clerk of the sale.

RESPONSIBILITY: The seller, buyer, and manager of this sale are obligated to comply with the provisions of these terms and conditions.

EXPORT SALES: Buyer assumes all responsibility for health tests required by the importing country.

BIDS: The highest bidder is the buyer. Bidding parties or their agents are responsible for all bids placed. Every animal or lot presented for bidding is pledged to absolute sale. In case of dispute, the animal or lot will again be put up for advance bids, and if there is no advance bid, the animal or lot will be sold to the person the auctioneer accepted the last bid from. In case two or more claim the bid, the auctioneer will indicate the party whose bid he recognized. Other claimants will be given an opportunity to increase the bid and bidding will be restricted to the two or more claimants.

BY-BIDDING: Bidding directly or indirectly by the sole owner of any animal or lot is prohibited unless the intention to bid is disclosed specific to each animal in the catalog and announced when the animal enters the ring. Bidding by any member of a partnership, syndicate, or other entity having an ownership interest in an animal or lot is permitted.

TRANSFER OF OWNERSHIP: For all Registered HolsteinsSM, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA and a certificate of registration showing that transfer of ownership will be provided to the buyer free of charge. For embryos, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA free of charge to the buyer.

RISK: All animals located at sale site are at the purchaser's risk as soon as struck off, but will be cared for free of charge for a maximum of 24 hours following the end of the sale.

WARRANTIES:

- 1) Each consignor warrants clear title to the animal or lot, and the right to sell same.
- 2) To the best of the seller's knowledge, each animal is sound and healthy in every respect and embryos have been recovered, processed, frozen, transferred and graded in keeping with IETS recommendations unless otherwise noted in the catalog or announced from the auction stand. Every precaution will be taken to represent the physical condition of each lot exactly as is known. Examination of all purchases should be made immediately after the purchase and before the close of the sale, and if found not to be as represented, complaint must be reported to the sale management before the close of the sale. In the event no complaint is filed, it is understood that the buyer assumes full ownership in the case of animals at sale site together with all risks, after which no representations of the seller can be challenged through the sale management. Heifers that never calved are in no way guaranteed as to the condition of their udders following calving. The sex of an embryo or fetus is in no way guaranteed.

3) Breeding Warranty

The seller guarantees all animals to be breeders, but not beyond the purchase price, with the following understanding:

- a. Males - Should any bull after reaching the age of fourteen months fail to prove a breeder after being used for two months on cows or heifers known to be breeders, the matter shall be reported in writing to the seller within three months of the sale date. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed,

by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller. The seller makes no guarantees with respect to the ability to freeze semen.

- b. Females - All females are guaranteed to be breeders with the exception of:
 1. Cows over 7 years of age when sold;
 2. Cows and/or heifers carrying a pregnancy that is the result of an embryo transfer.

Report of a non-breeder must occur in writing within 3 months of the date of sale or before the animal reaches 21 months of age and must be submitted to the seller. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed, by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller.

Females bred when sold and pronounced in calf are presumed to be pregnant but pregnancy is not guaranteed unless so announced. The seller makes no warranty that pregnant cows will deliver calves or that they will carry calves full term.

- c. If, after the sale, embryos or oocytes are recovered from a female or an attempt is made to superovulate her, this negates the breeding warranty unless there is a separate written agreement between buyer and seller.

SHIPPING: Assistance will be given in arranging shipping of the animals after the sale. All costs, risks and responsibility will be borne by the purchaser.

PEDIGREE INFORMATION: All production, classification, type and production summaries are current. Only information recorded on Holstein Association USA pedigrees is used. Any production or classification records supplied by the seller or consignor will be properly identified as provided by owner. Records in progress are identified as such.

GENOMIC INFORMATION: If genomic information on the animal or embryo is available, it must be dated and disclosed at or before the time of sale.

EMBRYO TRANSFER: All registered animals that have resulted from embryo transfer are identified with one of the following suffixes in the name: ET, ETS (from split embryo), or ETN (from nuclear transfer). If unregistered, the appropriate technology will be identified. Donor dams are identified.

HEALTH WARRANTY: The seller will provide an official health certificate to the buyer for each animal showing the results of all health tests made in preparation for this sale as required by the state where the cattle reside. Other health tests completed for this sale will be disclosed.

ERRORS: The material in this catalog has been carefully edited. If any errors or omissions are discovered, they will be announced. Such announcements take precedence over that printed in this catalog.

ACCIDENT: The sale management, the consignors, and the owner of the grounds will not be responsible in any case for the condition of the grounds or the behavior of the animals and disclaim any liability in the event of personal accident or property loss.

LIMITATIONS OF WARRANTIES: Warranties contained herein, unless terminated earlier, will cease upon the resale of an animal.
