

Southwest Virginia Angus

# DOUBLE HEADER!

**Saturday • April 24th, 2021 • Noon**

***SALE SITE***

***Washington County Fairgrounds • Abingdon, VA***

---

**To All Beef Producers**

**DEAR FRIENDS,**

This year we will be selling 50 lots of registered Angus females, which consist of Spring calving pairs, Fall calving pairs, bred heifers and open heifers. There is something for everyone, no matter what time of year your personal preference is for calving.

The twenty-second annual version of the Southwest Virginia Angus Performance Tested Spring Bull sale follows the females. They were all fed as a group at G&E Farm in Gretna, VA. They were weighed off test on 3/12/21 and evaluated by a VDACS State Grader. This is a top-notch set of bulls; they averaged 3.87 gain on test and their average 365 day adjusted weight is 1,151 lbs. All of the bulls qualified under the Virginia Quality Assurance program and are designated with a VQA symbol underneath the EPDs. Negative BVD PI test at delivery on all bulls. *Look for additional information on the bulls on page 32.*

The sale starts at 12 noon with the females selling first. You are welcome to come by on Friday, April 23rd in the afternoon or on Saturday morning prior to the sale to evaluate the cattle being offered for sale. All animals selling in this sale either have no carrier ancestry or have tested AM, CA and/or NH free. We are also on the web at [swvaangus.org](http://swvaangus.org).

I encourage you to study the pedigrees and performance information on these cattle. Many selling are sired by some of the most proven bulls available in the breed. The consignors of these cattle offered in this sale have been in business for a number of years. They are offering some of their best genetics from which you may select. The EPD's and pedigrees, along with individual performance, will assist you in making your selections.

As with our 2020 sales, if you do not feel comfortable attending in person, we would like to remind you that the sale will also be streamed live on [Cowbuyer.com](http://Cowbuyer.com) where your bids will be received in real time. If you prefer to bid by phone, please contact either Smith Reasor or myself **before sale day** and we will provide you with a number you can call to place your bids that day.

We look forward to seeing you on Saturday, April 24th. Please feel free to contact any of the consignors or the sale coordinator, George T. Johnstone Jr. at 276-620-4901, or the sale auctioneer, Smith Reasor at 276-620-3123.

Southwest Virginia Angus Association hereby reserves the right in its absolute and total discretion to refuse to accept any bid from any person or individual or to issue a bid number for any reason, including but not limited to, a previous instance of non-payment in a Southwest Virginia Angus Association sale.

Sincerely,

George T. Johnstone Jr.

Consignor: **RX ANGUS**

RX Barbara 196H is a direct daughter of our featured donor, DDA Barbara 1306. Maternal sisters to this heifer have been champions and class winners at several major shows. Last year, a maternal sister to this heifer (RX Barbara H189), topped the TN Beef Agribition Sale at \$10,500. This heifer is sired by S&R Roundtable J328, who has sired champion cattle across the country. We have several full sisters to this female in production. You will like her phenotype and love her as a matron. Breeding info available sale day.

Consignor: **RX ANGUS**

These flush sisters by SAC Conversation come from the heart of the Rx Angus program. Their dam served as a Champion Hill donor and was the high selling female in their 2015 Spring Production Sale. A maternal sister to these heifers, RX Georgina 898, sold for \$5,600 in the 2020 TN Agribition Sale. A flush brother to these females sold for \$3,600 in last month's East Tennessee Angus Sale. Bid with confidence on these Georgina females. Breeding info available sale day.
