Lansing, Iowa

The Legacy of Kerndt Farms

It is truly my pleasure to welcome you to Kerndt Holsteins and all the history that goes with it. Registered Holsteins have grazed these hills since 1945. At that time Brad's grandfather, Herman, started milking here. Later, Donnie and Patsy took over the reins. They worked together and continued to develop the herd until December of 1976 when the milking herd was dispersed. Shortly thereafter, Donnie passed away, leaving behind Patsy, Brad and Julie. After a brief break from milking, the perseverance and passion for continuing Donnie's legacy was evident, and Patsy and Brad started milking again.

PATSY KERNDT

They have developed the herd that is going to be offered to you today. Brad truly has been a student of the Holstein breed. He always loved studying and working to breed the next cow to better not only in his herd, but the Holstein industry. Brad made a couple of key purchases over the years. In July, 1990, Brad traveled to Colorado and at the Boulder Valley Dispersal, he purchased a Stewart daughter that went on to be the cornerstone of his breeding program. This purchase is the 6th dam behind Lot 31. From this purchase, every AI stud came through the doors of the barn. At one time, there were two cows in America that had five active sons in AI, and these two cows lived less than one mile apart. If you are not aware of who they are: Snow-N Denises Dellia-ET EX-95 and Kerndt Mattie Grumpy EX-92. Truly a story for the history books and the Holstein breed is better today from the impact of this herd.

All of this success and endeavor would not have been possible without the help of Mary, Ben and Katie throughout all these years. To continue the success of the maternal side, the Kerndt prefix was on the dam of 7HO9264 Lirr Drew Dempsey. His dam was a Derry daughter that was purchased by Randy and Robert Nigh of Viroqua, WI. Le-O-La Mogul Gambler 14HO7303, a sire that has made fans around the world is from an EX-92 Throne grandam that the Demmers bred and continue with this family today. The influence of this will continue with your purchases.

The entire team at Kerndt Farms want to thank you for your support and wish you the absolute best of luck in the future.

Scott Courtney

The following are just a few of the sons that went on to make active proofs in the AI industry:

- 7HO6310 Kerndt Maxie Goldstar
- 14HO3401 Kerndt Maxie Remington-ET
- 11HO5286 Kerndt Maxie-ET
- 29HO11986 Kerndt George-ET
- 200HO5379 Kerndt Stallion
- 7HO8039 Kerndt Mae Apache-ET
- 14HO4452 Kerndt Grumpy Thunder-ET
- 29HO11603 Kerndt Guardian-ET
- 29HO13343 Kerndt Gables
- 200HO5548 Kerndt-Premier Butze-ET
- 200HO5611 Premier-Kerndt Sailing-ET

HOLSTEIN ASSOCIATION TERMS AND CONDITIONS FOR PUBLIC SALES

EFFECTIVE MARCH 2, 1996 - Amended October 1, 1997, June 28, 2000, June 23, 2002, and March 26, 2010

TERMS: The terms of the sale are cash unless arrangements are made prior to the sale or are printed in the sale catalog. Only when the above conditions are met will the buyer be entitled to the warranties listed below. In no case will animals be released unless settlement is made with the clerk of the sale.

RESPONSIBILITY: The seller, buyer, and manager of this sale are obligated to comply with the provisions of these terms and conditions.

EXPORT SALES: Buyer assumes all responsibility for health tests required by the importing country.

BIDS: The highest bidder is the buyer. Bidding parties or their agents are responsible for all bids placed. Every animal or lot presented for bidding is pledged to absolute sale. In case of dispute, the animal or lot will again be put up for advance bids, and if there is no advance bid, the animal or lot will be sold to the person the auctioneer accepted the last bid from. In case two or more claim the bid, the auctioneer will indicate the party whose bid he recognized. Other claimants will be given an opportunity to increase the bid and bidding will be restricted to the two or more claimants.

BY-BIDDING: Bidding directly or indirectly by the sole owner of any animal or lot is prohibited unless the intention to bid is disclosed specific to each animal in the catalog and announced when the animal enters the ring. Bidding by any member of a partnership, syndicate, or other entity having an ownership interest in an animal or lot is permitted.

TRANSFER OF OWNERSHIP: For all Registered HolsteinsSM, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA and a certificate of registration showing that transfer of ownership will be provided to the buyer free of charge. For embryos, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA free of charge to the buyer.

RISK: All animals located at sale site are at the purchaser's risk as soon as struck off, but will be cared for free of charge for a maximum of 24 hours following the end of the sale.

WARRANTIES:

- 1) Each consignor warrants clear title to the animal or lot, and the right to sell same.
- 2) To the best of the seller's knowledge, each animal is sound and healthy in every respect and embryos have been recovered, processed, frozen, transferred and graded in keeping with IETS recommendations unless otherwise noted in the catalog or announced from the auction stand. Every precaution will be taken to represent the physical condition of each lot exactly as is known. Examination of all purchases should be made immediately after the purchase and before the close of the sale, and if found not to be as represented, complaint must be reported to the sale management before the close of the sale. In the event no complaint is filed, it is understood that the buyer assumes full ownership in the case of animals at sale site together with all risks, after which no representations of the seller can be challenged through the sale management. Heifers that never calved are in no way guaranteed as to the condition of their udders following calving.
- 3) **Breeding Warranty**

The seller guarantees all animals to be breeders, but not beyond the purchase price, with the following understanding:

- a. **Males** - Should any bull after reaching the age of fourteen months fail to prove a breeder after being used for two months on cows or heifers known to be breeders, the matter shall be reported in writing to the seller within three months of the sale date. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed,

by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller. The seller makes no guarantees with respect to the ability to freeze semen.

- b. **Females** - All females are guaranteed to be breeders with the exception of:

1. Cows over 7 years of age when sold;
2. Cows and/or heifers carrying a pregnancy that is the result of an embryo transfer.

Report of a non-breeder must occur in writing within 3 months of the date of sale or before the animal reaches 21 months of age and must be submitted to the seller. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed, by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller.

Females bred when sold and pronounced in calf are presumed to be pregnant but pregnancy is not guaranteed unless so announced. The seller makes no warranty that pregnant cows will deliver calves or that they will carry calves full term.

- c. If, after the sale, embryos or oocytes are recovered from a female or an attempt is made to superovulate her, this negates the breeding warranty unless there is a separate written agreement between buyer and seller.

SHIPPING: Assistance will be given in arranging shipping of the animals after the sale. All costs, risks and responsibility will be borne by the purchaser.

PEDIGREE INFORMATION: All production, classification, type and production summaries are current. Only information recorded on Holstein Association USA pedigrees is used. Any production or classification records supplied by the seller or consignor will be properly identified as provided by owner. Records in progress are identified as such.

GENOMIC INFORMATION: If genomic information on the animal or embryo is available, it must be dated and disclosed at or before the time of sale.

EMBRYO TRANSFER: All registered animals that have resulted from embryo transfer are identified with one of the following suffixes in the name: ET, ETS (from split embryo), or ETN (from nuclear transfer). If unregistered, the appropriate technology will be identified. Donor dams are identified.

HEALTH WARRANTY: The seller will provide an official health certificate to the buyer for each animal showing the results of all health tests made in preparation for this sale as required by the state where the cattle reside. Other health tests completed for this sale will be disclosed.

ERRORS: The material in this catalog has been carefully edited. If any errors or omissions are discovered, they will be announced. Such announcements take precedence over that printed in this catalog.

ACCIDENT: The sale management, the consignors, and the owner of the grounds will not be responsible in any case for the condition of the grounds or the behavior of the animals and disclaim any liability in the event of personal accident or property loss.

LIMITATIONS OF WARRANTIES: Warranties contained herein, unless terminated earlier, will cease upon the resale of an animal.
