

# Quietcove Holsteins

## A Golden Anniversary Sale

50 Years of Breeding

May 16, 2020

Wapakoneta, OH

# Quietcove Golden Anniversary Sale

## Sale Format:

The format of the sale will be traditional live auction at the farm in Wapakoneta, with Chad Griffith from COWBUYER on site. The entirety of the sale will be conducted on line. Potential buyers are welcome to view the cattle and the sale itself on site at the farm as well—where we will be adhering to social distancing guidelines. Like any sale at Quietcove, the sales staff listed at the front of the catalog will be on site to assist any potential buyers in evaluating the animals, sending out pictures, and bidding on the animals. We'll also have a steady stream of updates on the Quietcove Facebook page in the days leading up to the sale.

**\*\*COVID-19** has altered the way all of us live out daily lives. The Quietcove crew is balancing the need for everyone to feel safe and secure, while also easing in the transition back to “normalcy” for an industry that has been hit especially hard by the COVID-19 pandemic. To accomplish these two goals, Quietcove, the sales staff and COWBUYER will have pictures of the consignments on line and the sale itself will be streamed on COWBUYER. For those that choose to attend the live sale at the farm, please use the hand sanitizer provided at the sale and stay home if you have a temperature, feel ill, or have been exposed to someone who has had the virus. We'll have limited seating at the event...with chairs arranged with plenty of space between them.

Finally, a special thank you to all of the sponsors of the sale. You can find their advertisements in the catalog. In these challenging times, we are truly one industry. We appreciate their support of the purebred dairy community. We look forward to hosting an event that brings our community together, whether that be virtually or on site at the farm in Wapakoneta.

*Quietcove...50 Years of Breeding Dairy Cattle in Ohio!*

# Quietcove Golden Anniversary Sale

Saturday, May 16th, 2020 • 11:00 AM • Wapakoneta, Ohio

## Directions:

**GPS Address:** 17932 Fryburg (Freyburg) East Road, Wapakoneta, OH 45895

I-75 to Exit 104 OH-219/Botkins, head East on OH-219/Botkins Road for approximately 2.7 miles, turn right onto Santa Fe-New Knoxville Road/CR 100 for 4.1 miles, turn left onto Townline-Lima Road for 1 mile, turn left on Freyburg East to farm.

# Welcome!

Quietcove Farm has had a long, distinguished history breeding and developing great cow families in Western Ohio. Roger and Ethel Elsass created the Quietcove prefix in 1940. Their three sons, Marvin, Loren and Lynn, continued growing the herd and moved it to the present farm in Wapakoneta in 1968. After service in Vietnam, Loren returned to the farm and placed a greater focus on registered Holsteins shortly thereafter. Quietcove Matt Judy resulted from the breeding program. As the first cow ever exhibited at the Ohio State Fair, by Quietcove, she won the National Holstein Futurity and Grand Champion in 1972. Since that day, Quietcove has been a regular contender at local, state and national shows; exhibiting the Grand Champion at the Ohio State Fair 4 times, the National Holstein Futurity 9 times, and exhibiting many All-American nominees.

Our favorite family is that of our most well known cow, Quietcove Valiant Fawn EX-95. Fawn, born and bred at Quietcove in 1983, made her tanbark debut at Louisville in 1985 as an August 29th born Junior 2-Year-Old where she won her class. She followed that up the next year by winning the National Holstein Futurity and Grand Champion at the 1986 Ohio State Fair. Fawn was Grand Champion for the first of three consecutive years at the Ohio Spring Show in 1987. She would ultimately go undefeated in 1987 winning the 4-Year-Old class at the Eastern National in Harrisburg to cap off her year. Loren Elsass had the distinct pleasure of judging Madison that year, so Fawn did not compete. She ultimately was named Reserve All-American 4-Year-Old that year. Fawn's tanbark resume would eventually include All-Ohio honors an unprecedented 6 consecutive times (1986-1992), and two All-American nominations.

Fawn's true impact on Quietcove, and the Holstein breed, is reflected by her remarkable ability to transmit her show ring and genetic excellence. To date, Fawn has had 12 All-American nominated descendants - including all three members of two different groups of AA nominated Junior Best Three Females.

Loren's oldest son, Jeremy, began managing the herd in the mid 1990s, with Loren working full time for COBA Select Sires. Jeremy continued the Quietcove breeding ethos of strong, dairy frames with productive, show ring udders. Tragically, the beautiful 80-cow tie stall barn erupted in flames in September of 2000. Fortunately, none of the cows were harmed, but the barn was completely lost. After a long and difficult deliberation, the decision was made to sell the cows and discontinue milk production at Quietcove. Before selling the entire herd, Loren, Jeremy and Jonathon, along with Philip Schlenker of Wapa Farms in Wapakoneta, OH, purchased the nucleus of the Quietcove herd. Jeremy took the cows and milked in Northern Ohio for a short time, and then in central Wisconsin from 2002-2005. All the while, Jeremy envisioned a return to the home farm in Ohio, and, after getting married in May 2005, came back to Quietcove that summer to milk again.

The acquisition of Blue Gene Durham Dooley in 2005 was in many ways the launching point of the new venture, and the return to Quietcove. Dooley was Reserve All-American Senior 3-Year-Old in 2006 and the herd is still blessed with her offspring today.

From a facilities perspective, 2010 was an exciting year. Quietcove lacked the appropriate facilities to care for great cows the way Jeremy knew best - the way things had been done for 32 years at Quietcove until the fire in 2000. In 2010, construction was completed on a brand new, modern free stall facility, allowing the group to milk more cows in an efficient manner. In conjunction with the free stall barn, a 30 cow tie stall and box stall facility was completed as well - allowing the best of the best to be cared for in a way reminiscent of the Quietcove of old.

Since then, we've seen a return to the glory days of the 1980s and 1990s in the show ring and the development of the Fawn family. Quietcove Foxy Lady, an Alexander daughter tracing back to Fawn through Fleur & Flurry, has proven to be an extreme brood cow. The focal point of the herd now traces through her offspring, highlighted by her All-American nominated daughters in 2019, Avocado and Lollipop.

Over these 50 years, the Elsass family has strived to breed great cows, cows that are built to last and represent the Q prefix well. Being Reserve Premier Breeder of the heifer show at Madison in 2017 was a particular highlight. But more importantly than that, we've been proud members of the dairy community here in Ohio and throughout North America. In these challenging times, it's imperative that we all stick together, and tell the story of family farms efficiently producing the nutritious milk of beautiful cows.

Here's to 50 more years. . . .

# HOLSTEIN ASSOCIATION TERMS AND CONDITIONS FOR PUBLIC SALES

EFFECTIVE MARCH 2, 1996 - Amended October 1, 1997, June 28, 2000, June 23, 2002, and March 26, 2010

**TERMS:** The terms of the sale are cash unless arrangements are made prior to the sale or are printed in the sale catalog. Only when the above conditions are met will the buyer be entitled to the warranties listed below. In no case will animals be released unless settlement is made with the clerk of the sale.

**RESPONSIBILITY:** The seller, buyer, and manager of this sale are obligated to comply with the provisions of these terms and conditions.

**EXPORT SALES:** Buyer assumes all responsibility for health tests required by the importing country.

**BIDS:** The highest bidder is the buyer. Bidding parties or their agents are responsible for all bids placed. Every animal or lot presented for bidding is pledged to absolute sale. In case of dispute, the animal or lot will again be put up for advance bids, and if there is no advance bid, the animal or lot will be sold to the person the auctioneer accepted the last bid from. In case two or more claim the bid, the auctioneer will indicate the party whose bid he recognized. Other claimants will be given an opportunity to increase the bid and bidding will be restricted to the two or more claimants.

**BY-BIDDING:** Bidding directly or indirectly by the sole owner of any animal or lot is prohibited unless the intention to bid is disclosed specific to each animal in the catalog and announced when the animal enters the ring. Bidding by any member of a partnership, syndicate, or other entity having an ownership interest in an animal or lot is permitted.

**TRANSFER OF OWNERSHIP:** For all Registered Holsteins<sup>SM</sup>, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA and a certificate of registration showing that transfer of ownership will be provided to the buyer free of charge. For embryos, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA free of charge to the buyer.

**RISK:** All animals located at sale site are at the purchaser's risk as soon as struck off, but will be cared for free of charge for a maximum of 24 hours following the end of the sale.

## WARRANTIES:

- 1) Each consignor warrants clear title to the animal or lot, and the right to sell same.
- 2) To the best of the seller's knowledge, each animal is sound and healthy in every respect and embryos have been recovered, processed, frozen, transferred and graded in keeping with IETS recommendations unless otherwise noted in the catalog or announced from the auction stand. Every precaution will be taken to represent the physical condition of each lot exactly as is known. Examination of all purchases should be made immediately after the purchase and before the close of the sale, and if found not to be as represented, complaint must be reported to the sale management before the close of the sale. In the event no complaint is filed, it is understood that the buyer assumes full ownership in the case of animals at sale site together with all risks, after which no representations of the seller can be challenged through the sale management. Heifers that never calved are in no way guaranteed as to the condition of their udders following calving.

### 3) Breeding Warranty

The seller guarantees all animals to be breeders, but not beyond the purchase price, with the following understanding:

- a. Males - Should any bull after reaching the age of fourteen months fail to prove a breeder after being used for two months on cows or heifers known to be breeders, the matter shall be reported in writing to the seller within three months of the sale date. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed,

by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller. The seller makes no guarantees with respect to the ability to freeze semen.

- b. Females - All females are guaranteed to be breeders with the exception of:
  1. Cows over 7 years of age when sold;
  2. Cows and/or heifers carrying a pregnancy that is the result of an embryo transfer.

Report of a non-breeder must occur in writing within 3 months of the date of sale or before the animal reaches 21 months of age and must be submitted to the seller. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed, by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller.

Females bred when sold and pronounced in calf are presumed to be pregnant but pregnancy is not guaranteed unless so announced. The seller makes no warranty that pregnant cows will deliver calves or that they will carry calves full term.

- c. If, after the sale, embryos or oocytes are recovered from a female or an attempt is made to superovulate her, this negates the breeding warranty unless there is a separate written agreement between buyer and seller.

**SHIPPING:** Assistance will be given in arranging shipping of the animals after the sale. All costs, risks and responsibility will be borne by the purchaser.

**PEDIGREE INFORMATION:** All production, classification, type and production summaries are current. Only information recorded on Holstein Association USA pedigrees is used. Any production or classification records supplied by the seller or consignor will be properly identified as provided by owner. Records in progress are identified as such.

**GENOMIC INFORMATION:** If genomic information on the animal or embryo is available, it must be dated and disclosed at or before the time of sale.

**EMBRYO TRANSFER:** All registered animals that have resulted from embryo transfer are identified with one of the following suffixes in the name: ET, ETS (from split embryo), or ETN (from nuclear transfer). If unregistered, the appropriate technology will be identified. Donor dams are identified.

**HEALTH WARRANTY:** The seller will provide an official health certificate to the buyer for each animal showing the results of all health tests made in preparation for this sale as required by the state where the cattle reside. Other health tests completed for this sale will be disclosed.

**ERRORS:** The material in this catalog has been carefully edited. If any errors or omissions are discovered, they will be announced. Such announcements take precedence over that printed in this catalog.

**ACCIDENT:** The sale management, the consignors, and the owner of the grounds will not be responsible in any case for the condition of the grounds or the behavior of the animals and disclaim any liability in the event of personal accident or property loss.

**LIMITATIONS OF WARRANTIES:** Warranties contained herein, unless terminated earlier, will cease upon the resale of an animal.
