For Your Information

Cattle Housing...

The World Classic 2021 cattle will be housed throughout the week in Pavilion 1. Your inspection is welcomed.

Cattle Release...

The sale management will assist you with trucking arrangements for your purchases. Please inform the clerks at the time of settlement if you desire assistance. After satisfactory settlement has been made, the animals will be released any time after the sale; proper loadout protocol is required and can be obtained by contacting Sandy Morris at 715-410-0919. All animals must be removed from the World Dairy Expo grounds by noon on Sunday, October 3, 2021.

Absentee Bidding...

If you are unable to attend the World Classic, feel free to contact the sale management or any member of the sales force. They will be happy to assist and represent you at the sale. Also, sale will be broadcast live via www.cowbuyer.com with real-time bidding to pre-approved buyers. See further Cowbuyer information in back of catalog.

Mortality Insurance...

Full mortality coverage for your World Classic purchases is available through the Paula Bovre Livestock Insurance Agency. An insurance form is printed in the back of the catalog with further information.

Terms, Live Animals...

The live animals, whether physically on the World Dairy Expo grounds or selling in absentia, will be subject to the terms and conditions listed in the back of the catalog. The terms are payment in full sale day, unless prior written arrangements have been made with the consignor and/or sale management. **Any animal selling in absentia** is guaranteed to be in good health and condition at time of sale, and is guaranteed to pass all necessary health tests to enter the state to which she is going. These tests will be performed at the seller's expense. Buyer should contact seller ASAP to arrange health testing and shipping. Any animal sold in absentia under 4 months of age may be housed at the seller's facility at no extra charge to buyer until 4 months of age, at buyer's request.

Terms, IVF Sessions...

Buyer of each IVF Lot is purchasing rights to control the next IVF sessions until a minimum of 8 #1 or #2 IVF embryos are produced. Embryo grades are determined at the time of transfer if fresh embryos, or at time of freezing if freezing is requested by buyer. Buyer keeps all resulting embryos from these controlled IVF sessions. Buyer is responsible for all costs of the aspirations and mating sire decisions. Sessions offered in the World Classic must be performed by a certified IVF facility or practitioner that is agreeable to both seller and buyer. If after 4 IVF sessions the guarantee has not been fulfilled, the seller will remit to the buyer a refund on pro-rated price based on original sale price of 8 #1 or #2 embryos to be transferred or frozen if requested by the buyer. Example: Sale price of \$40,000 on an IVF session would equal \$5,000 (or sale price divided by 8) refund per embryo not produced in event all embryos are not produced. IVF flush histories available upon request.

Join the Crowd Friday Night...

WELCOME to the World Classic 2021! What a whirlwind of events since our last sale in 2019, but here we are again, stronger than ever! The worldwide farming community has always persevered throughout time and knows the word “struggle” to the fullest. Our generations farming today stay positive and upbeat and, even though the pandemic has made an impact, our passion to feed the world and move dairy forward is what makes us unique. We can persevere through anything and this passion brings us all together tonight on a world stage!

The 32nd edition of this sale series may be our best yet! We are offering the highest GTPI female to ever sell at public auction, a world-class, breed-leading male, and our first Jersey selections to impact the breed! Our type lots are second to none, offering females from so many deep-pedigreed class winners from right here on the colored shavings! So, whatever your breeding goals are, we have you covered!

We pride ourselves with a sales force known worldwide, who can advise and answer any questions you have, so feel free to reach out to any sales force member. Our attention to detail is second to none, with our goal to always have satisfied buyers and sellers! Research, scrutinize and invest in simply the best that North America has to offer because, as always, there's only one World Classic!

Tom & Sandy Morris

*...as we proudly present
a limited offering of the world's most sought-after Holstein & Jersey genetics.*

FB RUSSILLO-ET
SELLS AS LOT 1G

WORLD CLASSIC
2021

THE
INTERNATIONAL
MARKETPLACE

FB GENETICS • fbgenetics@yahoo.com
DUMAS, TX

Special terms on Lot 1:

Selling 50% ownership. Heifer will be housed at Gen-Start, Trempealeau, WI 608-385-1592. All IVF work will be done by Trans Ova. Buyer and FB will alternate controlled IVF sessions on the heifer. Each party will own and control 100% of the offspring from their controlled sessions. When heifer is too pregnant to aspirate, she becomes 100% property of the buyer.

TERMS AND CONDITIONS OF SALE

TERMS: The terms are cash or check on sale day payable to Tom Morris Ltd, in U.S. funds unless other arrangements are made with the seller and management prior to the sale. All payments must be made to the clerk of the sale and no release of animals will be given until satisfactory settlement has been made. Compliance with the above terms of payment on the part of the buyer will then entitle him to the guarantees offered by the seller and listed below.

EXPORT SALES: Buyer assumes all responsibility for health tests required by the importing country.

BIDS: The highest bidder shall be the buyer. Bidding parties or their agents are responsible for all bids placed. Every animal or lot presented for bidding is pledged to absolute sale. In case of dispute, the animal or lot shall be again put up for advance bids, and if there is no advance bid, the animal or lot shall be sold to the person from whom the auctioneer on the stand accepted the last bid. In case two or more claim the bid, the auctioneer in the box shall indicate the party whose bid he recognized. Other claimants will be given an opportunity to increase the bid, and bidding will be restricted to the two or more claimants.

BY-BIDDING: Bidding directly or indirectly by the sole owner of any animal or lot is prohibited. Seller reserves the right to be a member of a buying partnership or syndicate. Bidding by any member of a partnership, syndicate, or other entity having an ownership interest in an animal or lot is permitted.

RISK: All animals, whether on site or sold in absentia, are at the purchaser's risk as soon as struck off. Those at the sale will be cared for free of charge until noon on Sunday, October 3rd. Animals are solely at the seller's risk prior to selling in the event of fire or other eventuality.

TRANSFER OF OWNERSHIP: For all Registered HolsteinsSM, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA and a certificate of registration showing that transfer of ownership will be provided to the buyer free of charge. Jersey consignments will be transferred in the same manner with the American Jersey Cattle Association.

WARRANTIES:

1) Each seller warrants clear title to the animal or lot, and the right to sell same.

2) To the best of the seller's knowledge, each animal is sound and healthy in every respect, unless otherwise noted in the catalog or announced from the auction stand. Every precaution will be taken to represent the physical condition of each lot exactly as it is known. Heifers that have never calved are in no way guaranteed as to the condition of their udders following calving.

3) Breeding Warranty: The seller guarantees all animals to be breeders, but not beyond the purchase price, with the following understanding:

Should any female less than eighteen months old when sold, fail to become pregnant by the time she reaches the age of 21 months, after having been bred to a bull known to be a breeder and after having been examined or treated by a licensed veterinarian, the matter shall be reported in writing to the seller within three months of the stated limit. The seller shall then have the privilege of four months' time in which to prove the animal a breeder by service to a registered Holstein bull before refunding the purchase price or making other settlement satisfactory to the buyer. Females bred when sold and pronounced in calf are presumed to be pregnant but pregnancy is not

guaranteed. The seller makes no warranty that pregnant heifers will deliver calves or that they will carry calves full term.

If, after the sale embryos or oocytes are recovered from a female or an attempt is made to superovulate her, this negates the breeding warranty unless there is a separate written agreement between buyer and seller.

4) Health tests completed for this sale will be disclosed. The results of any future health tests are not guaranteed. The seller and sale management hereby notify buyers that according to the State of Wisconsin ATCP Rule 10.21, all animals are sold as originating from a maximum risk paratuberculosis herd. The seller and sale management cannot be held liable. Any animal that is a member of a herd enrolled in an official state supervised Herd Status Program may be identified as such with status level shown.

5) Buyer of each IVF Lot is purchasing rights to control the next IVF sessions until a minimum of 8 #1 or #2 IVF embryos are produced. Embryo grades are determined at the time of transfer if fresh embryos, or at time of freezing if freezing is requested by buyer. Buyer keeps all resulting embryos from these controlled IVF sessions. Buyer is responsible for all costs of the aspirations and mating sire decisions. Sessions offered in the World Classic must be performed by a certified IVF facility or practitioner that is agreeable to both seller and buyer. If after 4 IVF sessions the guarantee has not been fulfilled, the seller will remit to the buyer a refund on pro-rated price based on original sale price of 8 #1 or #2 embryos to be transferred or frozen if requested by the buyer. Example: Sale price of \$40,000 on an IVF session would equal \$5,000 (or sale price divided by 8) refund per embryo not produced in event all embryos are not produced. IVF flush histories available upon request.

SHIPPING: Assistance will be given in arranging shipping of animals after the sale. All costs, risks and responsibility will be borne by the buyer.

PEDIGREE INFORMATION: All production, classification, type and production summaries are current. Information recorded on Holstein Association USA pedigrees is used in this catalog. All records, except records in progress, are shown on crude protein scale. Any production records followed by a quotation mark ("") have been supplied by the seller. Donor dams are identified.

GENOMIC INFORMATION: If genomic information on the animal or embryo is available, it must be dated and disclosed at or before the time of sale.

ERRORS: The material in this catalog has been carefully edited. If any errors or omissions are discovered, they will be announced. Such announcements take precedence over material printed in this catalog. Neither the editors of the catalog, the sale management, nor the sellers can assume any responsibility for any errors or omissions in the catalog.

ACCIDENT: The sale management, the sellers, and the owner of the grounds will not be responsible in any case for the condition of the grounds or the behavior of the animals and disclaim any liability in the event of personal accident or property loss.

RESPONSIBILITY: The seller will represent and be responsible for his animal. In no case, however, will the seller be responsible for any damages beyond the selling price of the animal. Seller's responsibilities and warranties will cease when the animal is resold. Tom Morris Ltd., as sale manager, assumes no responsibility, acting only as an agent, but will endeavor to protect the interests of both buyer and seller.
