# ~ Spanish Goat Registry ~

The purpose of the Spanish Goat Registry (SGR) is to create a DNA database of Pure Spanish Goat Breed genetics by bloodline and individual herds across the United States. The DNA Registry does not ensure the quality of the goat being Registered or the Breeder registering the goat.

## DNA Policies and Procedures

- In order to ensure the integrity of the Spanish Goat Registry (SGR) each goat undergoes a verification process to determine its eligibility to be DNA Registered as a Pure Spanish Goat.
- Before submitting DNA Samples a breeder must submit a Breeder ID Application and receive a Breeder ID Number.
- Once a Breeder has been issued a Breeder ID Number they are qualified to submit a completed DNA Spreadsheet, full side view photo of the goat(s), DNA Sample and Registration fees in order to DNA Register their goats.
- Breeders are issued a Digital and Mailed copy of their SGR DNA Registration Certificates.
- Breeder who choose to submit 5 female and 1 male DNA sample will be eligible for SGR BREEDER CERTIFICATION.
- Each goat that is SGR DNA Registered is listed on the MASTER LIST OF DNA REGISTERED SPANISH GOATS.
- In order for a goat to be SGR DNA Registered as a specific bloodline SGR must be able to verify the accuracy of the information — otherwise goats will be SGR DNA Registered as a Pure Spanish Goat.
- Parentage is tracked through SGR DNA Parent Verification Only.
- SGR does not accept Registrations from other Registries.
- SGR ensures that each sample has been rigorously verified before being entered into our UC Davis sample database – thereby giving the breeder, buyer and seller the confidence that is needed to ensure the integrity of each goat being sold as a DNA Registered pure Spanish goat.
- Individuals may purchase SGR DNA Registered goats without being a Verified Breeder however Annual Fees are due in order to hold the DNA Registration in an individual's name.

## DNA Registration

- Required Bill of Sale  
*Includes Scrapie Tag Number, Full Side View Photo and Signature of seller.*
- DNA Registration Fees
- Full Side View Photo of Goat
- Hair Samples

## SGR Certified Breeder

SGR DNA Registration of 5 Verified Female Spanish Goats and DNA Registration of 1 Verified Male Spanish Goat.

## SGR GOLD Certified Breeder

SGR DNA Registration of 5 Verified Female Spanish Goats and DNA Registration of 1 Verified Male Spanish Goat that are offspring of SGR DNA Registered Dam and Sire.

## DNA Registration Fees

- Individual Goat Registration = \$45  
*This fee includes Microchip, Sample Envelope, Shipping to UC Davis, UC Davis Testing, Digital Copy & Mailed Hard Copy of DNA Registration Certificate*
- Shipping and Handling = \$20  
*This fee includes from 1 to 40 DNA Registration Kits Assembled and Shipped*
- Annual Breeder Fee = \$30
- Transfer Fee = \$10
- Duplicate Fee = \$10
