# *We Are...The Penn State Dairy Science Club*

*The Nittany Lion Fall Classic Sale is a strong tradition for the Penn State Dairy Science Club, and we are excited to present the 38th edition of the sale this year. While sale's main function may be a fundraiser for the club, it provides the club with so much more than that. The sale is an opportunity for our students to learn about elite genetics, obtain skills in marketing and sales, network with alumni, and gain animal handling experience. Most importantly, it brings our club members together. As always, the Pennsylvania Holstein Association is our partner in this year's sale. We are very appreciative of their guidance and support and we thank them for their countless hours of work they have put into every aspect that goes into having this sale. It is clear from the group of animals in this sale that our consignors have put in some of their best and we want to thank them for doing so. From our high genomic lots to our elite type lots, there is sure to be something that will be the perfect addition to your operation. This sale would also not be possible without the many generous sponsors of the sale. From donating feed to shavings to equipment, we are grateful for their generosity and continued support of our club. Be sure to look in the back of the catalog for their advertisements so you can support them as well! I want to especially thank this year's sale chair, Greg Norris, and barn manager, Dominic Mattilio, for their hard work both in front of and behind the scenes to ensure the success of this sale. Their efforts have not gone unnoticed, and we thank them for everything they have done. Thank you everyone for coming out and supporting our sale and the Dairy Science Club!*

*Sincerely,*

*Belle Dallam*

*President, Penn State Dairy Science Club*

# The 2021 Nittany Lion Fall Classic

*In Loving Memory of Caleb B. McGee*

**THE MEMBERS OF THE PENN STATE DAIRY SCIENCE CLUB WOULD LIKE TO DEDICATE THE 38TH ANNUAL NITTANY LION FALL CLASSIC SALE IN MEMORY OF CALEB MCGEE**

Caleb was a member of the Penn State Dairy Science Club and the Pennsylvania Junior Holstein Association, where he showed his love and passion for the dairy industry. Caleb's show career began at a young age with the help of his loving parents, Becky and Brian McGee, and younger brother, Jonathan, of Clearfield, PA. His family successfully raised quality show heifers under the prefix Dayspring. In 2018, Caleb achieved his goal of winning on the colored shavings with his heifer, Dayspring Dimond Jingle, where he won both the junior and open show classes.

At Penn State, Caleb was extremely active in the Dairy Science Club, and specifically the Nittany Lion Fall Classic Sale, where he aspired to one day be the sale chairman. His goal was to send his best heifer to the Nittany Lion Fall Classic for his senior year. Caleb's dream has been fulfilled as the last heifer he bred sells as Lot 1.

TRENT BRIDGE TBRFM100 (TBRFM100)  
Trent Bridge TBRFM100 is a rare recessive free son of the now deceased and highly proven Australian sire Macquarie Y408. M100 has elite genomic EBVs on Breedplan for MS and all three Indexes. M100 has a unique outcross sire stack to most USA genetics of Y408 x TF 148 x 003 x TF 147! To top it off M100 is from the outcross Takeda maternal line of TF Kensei. Don't miss this opportunity to utilize a sire with growth, carcass weight, eye muscle area, and marble score all in one package! October 2021 GEBVs of +1.9 MS, +3.1 REA, +19 CW, +\$244 SRI. M100 has the potential to be the next wagyu super sire! Breeder Charlie Perry's comments on M100 "M100 is a larger framed bull, but a slightly finer bull. He has been heavily used in our stud since he was a yearling and we will continue to so, as he has produced nice easy doing cattle. He has an excellent structure and we attribute this to his dam, B204, who is 14 years old, still produces a live calf every year, and is structurally sound.

# HOLSTEIN ASSOCIATION TERMS AND CONDITIONS FOR PUBLIC SALES

EFFECTIVE MARCH 2, 1996 - Amended October 1, 1997, June 28, 2000, June 23, 2002, and March 26, 2010

**TERMS:** The terms of the sale are cash unless arrangements are made prior to the sale or are printed in the sale catalog. Only when the above conditions are met will the buyer be entitled to the warranties listed below. In no case will animals be released unless settlement is made with the clerk of the sale.

**RESPONSIBILITY:** The seller, buyer, and manager of this sale are obligated to comply with the provisions of these terms and conditions.

**EXPORT SALES:** Buyer assumes all responsibility for health tests required by the importing country.

**BIDS:** The highest bidder is the buyer. Bidding parties or their agents are responsible for all bids placed. Every animal or lot presented for bidding is pledged to absolute sale. In case of dispute, the animal or lot will again be put up for advance bids, and if there is no advance bid, the animal or lot will be sold to the person the auctioneer accepted the last bid from. In case two or more claim the bid, the auctioneer will indicate the party whose bid he recognized. Other claimants will be given an opportunity to increase the bid and bidding will be restricted to the two or more claimants.

**BY-BIDDING:** Bidding directly or indirectly by the sole owner of any animal or lot is prohibited unless the intention to bid is disclosed specific to each animal in the catalog and announced when the animal enters the ring. Bidding by any member of a partnership, syndicate, or other entity having an ownership interest in an animal or lot is permitted.

**TRANSFER OF OWNERSHIP:** For all Registered Holsteins<sup>SM</sup>, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA and a certificate of registration showing that transfer of ownership will be provided to the buyer free of charge. For embryos, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA free of charge to the buyer.

**RISK:** All animals located at sale site are at the purchaser's risk as soon as struck off, but will be cared for free of charge for a maximum of 24 hours following the end of the sale.

## WARRANTIES:

- 1) Each consignor warrants clear title to the animal or lot, and the right to sell same.
- 2) To the best of the seller's knowledge, each animal is sound and healthy in every respect and embryos have been recovered, processed, frozen, transferred and graded in keeping with IETS recommendations unless otherwise noted in the catalog or announced from the auction stand. Every precaution will be taken to represent the physical condition of each lot exactly as is known. Examination of all purchases should be made immediately after the purchase and before the close of the sale, and if found not to be as represented, complaint must be reported to the sale management before the close of the sale. In the event no complaint is filed, it is understood that the buyer assumes full ownership in the case of animals at sale site together with all risks, after which no representations of the seller can be challenged through the sale management. Heifers that never calved are in no way guaranteed as to the condition of their udders following calving.

### 3) Breeding Warranty

The seller guarantees all animals to be breeders, but not beyond the purchase price, with the following understanding:

- a. Males - Should any bull after reaching the age of fourteen months fail to prove a breeder after being used for two months on cows or heifers known to be breeders, the matter shall be reported in writing to the seller within three months of the sale date. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed,

by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller. The seller makes no guarantees with respect to the ability to freeze semen.

- b. Females - All females are guaranteed to be breeders with the exception of:
  1. Cows over 7 years of age when sold;
  2. Cows and/or heifers carrying a pregnancy that is the result of an embryo transfer.

Report of a non-breeder must occur in writing within 3 months of the date of sale or before the animal reaches 21 months of age and must be submitted to the seller. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed, by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller.

Females bred when sold and pronounced in calf are presumed to be pregnant but pregnancy is not guaranteed unless so announced. The seller makes no warranty that pregnant cows will deliver calves or that they will carry calves full term.

- c. If, after the sale, embryos or oocytes are recovered from a female or an attempt is made to superovulate her, this negates the breeding warranty unless there is a separate written agreement between buyer and seller.

**SHIPPING:** Assistance will be given in arranging shipping of the animals after the sale. All costs, risks and responsibility will be borne by the purchaser.

**PEDIGREE INFORMATION:** All production, classification, type and production summaries are current. Only information recorded on Holstein Association USA pedigrees is used. Any production or classification records supplied by the seller or consignor will be properly identified as provided by owner. Records in progress are identified as such.

**GENOMIC INFORMATION:** If genomic information on the animal or embryo is available, it must be dated and disclosed at or before the time of sale.

**EMBRYO TRANSFER:** All registered animals that have resulted from embryo transfer are identified with one of the following suffixes in the name: ET, ETS (from split embryo), or ETN (from nuclear transfer). If unregistered, the appropriate technology will be identified. Donor dams are identified.

**HEALTH WARRANTY:** The seller will provide an official health certificate to the buyer for each animal showing the results of all health tests made in preparation for this sale as required by the state where the cattle reside. Other health tests completed for this sale will be disclosed.

**ERRORS:** The material in this catalog has been carefully edited. If any errors or omissions are discovered, they will be announced. Such announcements take precedence over that printed in this catalog.

**ACCIDENT:** The sale management, the consignors, and the owner of the grounds will not be responsible in any case for the condition of the grounds or the behavior of the animals and disclaim any liability in the event of personal accident or property loss.

**LIMITATIONS OF WARRANTIES:** Warranties contained herein, unless terminated earlier, will cease upon the resale of an animal.
