****TRUCKING CAN BE ARRANGED TO
ALL PARTS OF THE COUNTRY****

Welcome!

Dear Friends,

Welcome to “Genetic Super Bowl II Sale”. We believe there are cattle for everyone, and we will sell cattle in all price ranges on February 5.

Six years ago, I began my quest to find cattle from the very best cow families in North America. My good friend and one of our industry’s most respected leaders, Doug Maddox, when talking about breeding great cattle, said, “Like begets like”. Doug was right. With that as my touchstone, my quest began. Since that time, I have added genetics from these great proven cow families:

- *Delta Missy 4212*- dam of Mystic Crush and Thunderstruck
- *McCutchen Summer*-Former #1 Conformation Cow in Canada, nominated Canadian Cow of the Year, dam of Sidekick, Select, Subban, and Summerfest
- *Edair* - from the Elegance family at Budjon
- *Lucky Rose-Red*-dam of All-Americans and All-Canadians
- *Annelise* - dam of numerous All Americans and Reserve All Americans
- *Micheret Alexandra Sid* and her daughter Ariel from one of the greatest cow families in Canada
- *Honour* - from the Hez family

Many of their offspring will be offered for sale on February 5th. Approximately 60 head will sell of which 50% are from 94 and 95 point dams and another 14 are from 93 point dams! All with deep pedigrees. The selection includes many show prospects for upcoming fairs and junior shows along with high quality foundation herd replacements. Indeed, this is your chance “to get in the game” with genetics from some of North America’s finest cow families.

Finally, I would be remiss if I didn’t thank the many people who have made my quest for the best genetics and this sale possible. First, my brother, Fred, who runs Cal-Denier Dairy on a daily basis with few days off. My long time friend and consultant, Tony Cabral-indeed a student of the breed. Tim Abbott at Borderview and Tom and Kelli Cull at Budjon for taking care of these very special cows. Case Vlot and Vlot’s Calf Ranch for working with me to develop a very special feeding program for our calves and show heifers. Dr. Lori and Douglas from Landers Vet Clinic for the absolute excellent results they have had in transferring our embryos; to TLAY and in particular Jake Bettencourt and Natalie Sanders for their diligent work in organizing the sale; Tim Natzke and his fitting crew for their hard work in preparing these selections for your consideration; my wife, Kathy, and son, Connor for letting me pursue my passion, and finally to my FFA advisors, Jack Scott, Neil Cook, Jim Porter and my Cal Poly dairy professors, Harmon Toone, Doc Rickard and Harry Markos.

Rich Denier

Denier Genetics

(a consortium of Cal-Denier Holsteins, NDIRA, St. Johns River, LLC and JDR Genetics, LLC)

Denier's 'Headache Free' Showing Opportunity

Any animal that sells for \$3,000 or more, may be part of Denier's show string at no charge at the California State Show, April 28 - 30, 2022.

Buyer's responsibilities:

1. Must enter animal for show and pay necessary entry fees.
2. Must have animal broke to lead well for show ring presentation.
3. Notify Rich Denier by entry deadline of your desire to be part of the Denier string so that they have sufficient stall space.

Fitting crew will be headed by Andrew Hetke and his Wisconsin fitting crew.

Think about it: 'Headache free showing'; none of the work but all of the fun!"

Simple and Reliable

The Lely Astronaut A5 robotic milking system is designed with a focus on longevity and reliability. With a user-friendly interface, the Lely Astronaut A5 makes the function, settings and reports simple, so you can enjoy farming while having total control of your herd. The Lely Astronaut A5 is built for peace of mind.

HOLSTEIN ASSOCIATION TERMS AND CONDITIONS FOR PUBLIC SALES

EFFECTIVE MARCH 2, 1996 - Amended October 1, 1997, June 28, 2000, June 23, 2002, and March 26, 2010

TERMS: The terms of the sale are cash unless arrangements are made prior to the sale or are printed in the sale catalog. Only when the above conditions are met will the buyer be entitled to the warranties listed below. In no case will animals be released unless settlement is made with the clerk of the sale.

RESPONSIBILITY: The seller, buyer, and manager of this sale are obligated to comply with the provisions of these terms and conditions.

EXPORT SALES: Buyer assumes all responsibility for health tests required by the importing country.

BIDS: The highest bidder is the buyer. Bidding parties or their agents are responsible for all bids placed. Every animal or lot presented for bidding is pledged to absolute sale. In case of dispute, the animal or lot will again be put up for advance bids, and if there is no advance bid, the animal or lot will be sold to the person the auctioneer accepted the last bid from. In case two or more claim the bid, the auctioneer will indicate the party whose bid he recognized. Other claimants will be given an opportunity to increase the bid and bidding will be restricted to the two or more claimants.

BY-BIDDING: Bidding directly or indirectly by the sole owner of any animal or lot is prohibited unless the intention to bid is disclosed specific to each animal in the catalog and announced when the animal enters the ring. Bidding by any member of a partnership, syndicate, or other entity having an ownership interest in an animal or lot is permitted.

TRANSFER OF OWNERSHIP: For all Registered HolsteinsSM, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA and a certificate of registration showing that transfer of ownership will be provided to the buyer free of charge. For embryos, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA free of charge to the buyer.

RISK: All animals located at sale site are at the purchaser's risk as soon as struck off, but will be cared for free of charge for a maximum of 24 hours following the end of the sale.

WARRANTIES:

- 1) Each consignor warrants clear title to the animal or lot, and the right to sell same.
- 2) To the best of the seller's knowledge, each animal is sound and healthy in every respect and embryos have been recovered, processed, frozen, transferred and graded in keeping with IETS recommendations unless otherwise noted in the catalog or announced from the auction stand. Every precaution will be taken to represent the physical condition of each lot exactly as is known. Examination of all purchases should be made immediately after the purchase and before the close of the sale, and if found not to be as represented, complaint must be reported to the sale management before the close of the sale. In the event no complaint is filed, it is understood that the buyer assumes full ownership in the case of animals at sale site together with all risks, after which no representations of the seller can be challenged through the sale management. Heifers that never calved are in no way guaranteed as to the condition of their udders following calving.

3) Breeding Warranty

The seller guarantees all animals to be breeders, but not beyond the purchase price, with the following understanding:

- a. Males - Should any bull after reaching the age of fourteen months fail to prove a breeder after being used for two months on cows or heifers known to be breeders, the matter shall be reported in writing to the seller within three months of the sale date. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed,

by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller. The seller makes no guarantees with respect to the ability to freeze semen.

- b. Females - All females are guaranteed to be breeders with the exception of:
 1. Cows over 7 years of age when sold;
 2. Cows and/or heifers carrying a pregnancy that is the result of an embryo transfer.

Report of a non-breeder must occur in writing within 3 months of the date of sale or before the animal reaches 21 months of age and must be submitted to the seller. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed, by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller.

Females bred when sold and pronounced in calf are presumed to be pregnant but pregnancy is not guaranteed unless so announced. The seller makes no warranty that pregnant cows will deliver calves or that they will carry calves full term.

- c. If, after the sale, embryos or oocytes are recovered from a female or an attempt is made to superovulate her, this negates the breeding warranty unless there is a separate written agreement between buyer and seller.

SHIPPING: Assistance will be given in arranging shipping of the animals after the sale. All costs, risks and responsibility will be borne by the purchaser.

PEDIGREE INFORMATION: All production, classification, type and production summaries are current. Only information recorded on Holstein Association USA pedigrees is used. Any production or classification records supplied by the seller or consignor will be properly identified as provided by owner. Records in progress are identified as such.

GENOMIC INFORMATION: If genomic information on the animal or embryo is available, it must be dated and disclosed at or before the time of sale.

EMBRYO TRANSFER: All registered animals that have resulted from embryo transfer are identified with one of the following suffixes in the name: ET, ETS (from split embryo), or ETN (from nuclear transfer). If unregistered, the appropriate technology will be identified. Donor dams are identified.

HEALTH WARRANTY: The seller will provide an official health certificate to the buyer for each animal showing the results of all health tests made in preparation for this sale as required by the state where the cattle reside. Other health tests completed for this sale will be disclosed.

ERRORS: The material in this catalog has been carefully edited. If any errors or omissions are discovered, they will be announced. Such announcements take precedence over that printed in this catalog.

ACCIDENT: The sale management, the consignors, and the owner of the grounds will not be responsible in any case for the condition of the grounds or the behavior of the animals and disclaim any liability in the event of personal accident or property loss.

LIMITATIONS OF WARRANTIES: Warranties contained herein, unless terminated earlier, will cease upon the resale of an animal.
