21 AGE ADVANTAGED BULLS, 20 FALL CALVING COWS
& 30 FALL CALVING BRED HEIFERS

APRIL 25, 2020 - THE 5TH ANNUAL SPRING

FOCUS NOW

VALUE LATER SALE

SALE LOCATION

Lazy Acres Angus Farm
703 Woodman Rd.
Rocky Mount, VA 24151

DIRECTIONS

From intersection of Hwy. 220 / Hwy. 40 in Rocky Mount, VA travel East on Hwy. 40 for 1.8 miles, turn left on Woodman Rd. (watch for sign).

AUCTIONEER

Andrew Conley.....706.781.8656

SALE DAY CONTACTS

Steve Furrow.....540.520.4804
Jason Thurman.....540.493.4813
John Thurman.....540.493.6025
Mike Hodges.....540.263.0731

SALE FORMAT

Cattle will be shown by video on sale day. In addition to on site, bidding will be available online and via tel-o-auction sale day. Please see instructions in catalog to register. You must register by noon on sale day in order to participate online or tel-o-auction. If you choose to attend on site, please practice social distancing and follow the CDC recommendation maintaining a social distance of 6 feet.

INSPECTION OF CATTLE

Offering may be viewed at the farm anytime. Please call ahead to arrange viewing.
Videos are available at www.lazyacresangus.com.

LUNCH

Food will not be served on site this year.

SALE TERMS & CONDITIONS

HEALTH: All cattle will be accompanied by proper health certificates for immediate shipment.

EPDS & VALUES: The American Angus Association is calculating and updating EPD's on a weekly basis. EPD information is current at time of printing and any new data submitted between the print date and sale date could affect individual EPD's. If your purchase decision is heavily dependent on EPD's, please refer to www.angus.org for the latest information. Any changes will be noted on sale day supplemental sheet.

TERMS: Cattle sell under the suggested Terms and Conditions of the American Angus Association.
www.angus.org/Pub/suggested_sale_terms.pdf.

HERD HEALTH: Routine herd health and vaccinations up to date on all animals. Bulls and Heifers ear notched and tested negative for PI-BVD. All bulls have passed a Breeding Soundness Exam performed by Dr. Pete Fulper.

GUARANTEE: All cattle sell satisfaction guaranteed. All bulls are guaranteed for one year provided he has been properly cared for. Buyer is entitled to credit or replacement.

DELIVERY: We offer free delivery. If you pick up your purchase, deduct \$75 off the purchase price.

BULL DEVELOPMENT: All bulls were weaned in early May and placed on fescue paddocks after weaning. They were shipped in early June to Wardensville, WV and tested using the Growsafe systems there. They returned home in mid-October. Ultrasound and yearling weights were taken in October. After collecting yearling information, bulls were placed on a maintenance ration of hay and silage. 30 days prior to sale, bulls were supplemented with a commodity pellet. Every effort has been made to ensure bulls are sound and healthy. We feel our development allows the bulls to be best prepared for the upcoming breeding season.

GENETIC ABNORMALITIES: The American Angus Association has identified genetic abnormalities and all potential carriers in our sale have been tested and identified. As carriers, they are not affected by the defect, but could have an affected calf if bred to another carrier. For additional information, refer to www.angus.org. Please ask if you have any questions.

WELCOME

This year marks the 60th year of Lazy Acres Angus! Our mission is to create value for our customers through reliable genetics and focused customer service while maintaining a viable and enjoyable family farm for generations. On Saturday, April 25th we will be offering the largest and best set of cows we have ever offered. We began our spring sale 5 years ago with the decision to offer every coming 6-year old female and this year is no different. Several of the bulls and heifers are from these females. They represent the heart of our herd.

Our family business has transitioned from a Case tri-cycle to a T4-95 New Holland; from a nurse cow, tobacco and 100% square bales to one dusty tobacco barn, step in posts and lots of net wrap. You want a lesson in cattle handling, just ask John about working cows when he was growing up. On the cow front, we've progressed from estimated breeding values to genomically enhanced expected progeny differences.

We have seen many changes over the years, but our passion for a great Angus cow has remained the same. It all started with four cows and a bull from the Frenches in Eden, NC. Cattle would later be added from Montana, the Dakotas and even the New England states. Stories of deliveries to Florida, Colorado and trips to shows all over can be told as a result of this pursuit, but the friendships created and nourished prove to be our greatest reward. We have been blessed to be a part of the cattle business for 60 years and really appreciate your being a part of it.

Thank You for your participation and interest in our program. We have done everything to minimize risks and will stand behind our cattle in the event an issue arises. If you have questions about the cattle before or after the sale, please let us know.

May God Bless you and yours.

Sincerely,

Steve Furrow

LIVE INTERNET BIDDING AT WWW.COWBUYER.COM

• View/bid online in Real Time • Registration is required. Please register at least one (1) hour prior to sale time at www.cowbuyer.com

• High Speed Internet is required. Slower speed will not permit you to bid and keep pace in real time.

• Terms: Purchasing online constitutes a legal contract and promise for payment of purchases. All purchases must be paid within five (5) days of sale date and prior to load out or delivery of cattle purchased.

• Cowbuyer.com is a service provider and is not responsible for the activity or inactivity of any technology, internet connection at the sale site or connection and technology of the bidders.

• No APP required on mobile devices.

Questions please contact
Aaron Ray Tompkins 336-363-4639

TEL-O-AUCTION WILL BE AVAILABLE. Please call Steve Furrow at 540 520 4804 or Jason Thurman at 540 493 4813 by NOON on sale day to get registered for the Tel-O-Auction. Registering prior to sale day is encouraged. After you have registered, you will be given information to call in and participate.

WE WOULD LIKE TO EXTEND A BIG

Thank You

to Wardensville Bull Test.
Dr. Kevin Shaffer, Jerry Yates & crew.

Also, Thank You to Dr. Pete Fulper,
Mike Hodges & Dr. Andy Meadows!

CED	BW	WW	YW	SC	CEM	MILK	CW	MARB	REA	FAT	\$W	\$B	\$M	\$C
3	2.6	65	114	0.46	4	26	47	0.51	0.81	-0.02	63	145	44	232

Calving Ease Direct (CED), is expressed as a difference in percentage of unassisted births, with a higher value indicating greater calving ease in first-calf heifers. It predicts the average difference in ease with which a sire's calves will be born when he is bred to first-calf heifers.

Birth Weight EPD (BW), expressed in pounds, is a predictor of a sire's ability to transmit birth weight to his progeny compared to that of other sires.

Weaning Weight EPD (WW), expressed in pounds, is a predictor of a sire's ability to transmit weaning growth to his progeny compared to that of other sires.

Yearling Weight EPD (YW), expressed in pounds, is a predictor of a sire's ability to transmit yearling growth to his progeny compared to that of other sires.

Scrotal Circumference EPD (SC), expressed in centimeters, is a predictor of the difference in transmitting ability for scrotal size compared to that of other sires.

Calving Ease Maternal EPD (CEM), is expressed as a predictor of how easily a sire's daughters will calve.

Milk EPD (Milk), is a predictor of a sire's genetic merit for milk and mothering ability as expressed in his daughters compared to daughters of other sires. In other words, it is that part of a calf's weaning weight attributed to milk and mothering ability.

Carcass Weight EPD (CW), expressed in pounds is a predictor of the differences in hot carcass weight of a sire's progeny compared to progeny of other sires.

Marbling EPD (Marb), expressed as a fraction of the difference in USDA marbling score of a sire's progeny compared to progeny of other sires.

Ribeye Area EPD (REA), expressed in square inches, is a predictor of the difference in ribeye area of a sire's progeny compared to progeny of other sires.

Fat Thickness EPD (Fat), expressed in inches, is a predictor of the differences in external fat thickness at the 12th rib (as measured between the 12th and 13th ribs) of a sire's progeny compared to progeny of other sires.

Weaned Calf Value (\$W), an index value expressed in dollars per head, is the expected average difference in future progeny performance for pre-weaning merit. \$W includes both revenue and cost adjustments associated with differences in birth weight, weaning direct growth, maternal milk, and mature cow size.

Beef Value (\$B), an index value expressed in dollars per head, is the expected average difference in future progeny performance for postweaning and carcass value compared to progeny of other sires.

Maternal Weaned Calf Value (\$M), an index, expressed in dollar per head, predicts profitability differences from conception to weaning with the underlying breeding objective assuming that individuals retain their own replacement females within herd and sell the rest of the cull female and all male progeny as feeder calves. Traits included are as follows: calving ease direct, calving ease maternal, weaning weight, milk, heifer pregnancy, docility, mature cow weight, claw set and foot angle.

Combined Value (\$C), an index, that is the combination of \$Maternal and \$Beef.
