For Your Information

Cattle Housing...

The World Classic 2022 cattle will be housed throughout the week in Pavilion 1. Your inspection is welcomed.

Cattle Release...

The sale management will assist you with trucking arrangements for your purchases. Please inform the clerks at the time of settlement if you desire assistance. After satisfactory settlement has been made, the animals will be released any time after the sale; proper loadout protocol is required and can be obtained by contacting Sandy Morris at 715-410-0919. All animals must be removed from the World Dairy Expo grounds by noon on Saturday, October 8, 2022.

Absentee Bidding...

If you are unable to attend the World Classic, feel free to contact the sale management or any member of the sales force. They will be happy to assist and represent you at the sale. Also, sale will be broadcast live via www.cowbuyer.com with real-time bidding to pre-approved buyers. See further Cowbuyer information in back of catalog.

Mortality Insurance...

Full mortality coverage for your World Classic purchases is available through the Paula Bovre Livestock Insurance Agency. An insurance form is printed in the back of the catalog with further information.

Terms, Live Animals...

The live animals, whether physically on the World Dairy Expo grounds or selling in absentia, will be subject to the terms and conditions listed in the back of the catalog. The terms are payment in full sale day, unless prior written arrangements have been made with the consignor and/or sale management. **Any animal selling in absentia** is guaranteed to be in good health and condition at time of sale, and is guaranteed to pass all necessary health tests to enter the state to which she is going. These tests will be performed at the seller's expense. Buyer should contact seller ASAP to arrange health testing and shipping. Any animal sold in absentia under 4 months of age may be housed at the seller's facility at no extra charge to buyer until 4 months of age, at buyer's request.

Terms, IVF Sessions...

Buyer of each IVF Lot is purchasing rights to control the next IVF sessions until a minimum of 8 #1 or #2 IVF embryos are produced. Embryo grades are determined at the time of transfer if fresh embryos, or at time of freezing if freezing is requested by buyer. Buyer keeps all resulting embryos from these controlled IVF sessions. Buyer is responsible for all costs of the aspirations and mating sire decisions. Sessions offered in the World Classic must be performed by a certified IVF facility or practitioner that is agreeable to both seller and buyer. If after 4 IVF sessions the guarantee has not been fulfilled, the seller will remit to the buyer a refund on pro-rated price based on original sale price of 8 #1 or #2 embryos to be transferred or frozen if requested by the buyer. Example: Sale price of \$40,000 on an IVF session would equal \$5,000 (or sale price divided by 8) refund per embryo not produced in event all embryos are not produced. IVF flush histories available upon request.

There's Only One!

Welcome to the 2022 edition of the World Classic! This World Dairy Expo main event is like no other, and this year is no exception! Our history of selling the world's best each fall has been a labor of love, with many happy buyers! The sale series is unprecedented for a lifetime sale average, and the memories people make standing and watching the sale in the crowd make for a great event!

This year we have assembled a stellar type lineup, with so many past Grand Champion or class winners having offspring offered. You can buy a pedigree and develop it to the fullest, and maybe some day live your Expo dream on the colored shavings!

The Holstein genomic lineup is truly the "best of the best". No sale has ever offered as many high genomic IVF sessions in one setting. The live lots selling are unique to all and the bloodlines coveted by so many!

Again this year, we offer a limited Jersey genomic group. The breeders are offering their very best, as they know the exclusivity in this group and selling them at this venue makes them very elite!

We are offering two males this year: A breed-leading Jersey genomic bull, and the highest NM\$ free-agent Holstein bull. They are unique in their respective breed ranks and covet attention and breed success in genetic improvement.

Our sale staff is hand selected to represent all buyers and offer guidance to any questions. Our sale team of Tom and Sandy, Scott Culbertson, Cara Ford and Jason Danhof again work together to assemble this great lineup, and we wish you all the best with your purchases!

Tom & Sandy Morris

*We proudly present
a limited offering of the world's most sought-after Holstein & Jersey genetics.*

Hellenbrand Lasting Legacy Award

Mike & Linda
Hellenbrand

**Feed your Passion | Grow your Potential
Showcase your Opportunity**

Alison Gartman, a 14-year old high schooler from Sheboygan, WI, is the consignor and co-owner of a September 2021 daughter of Springhill Mentor Jazzy-ET, the 2017 World Dairy Expo (WDE) Guernsey Grand Champion. Alison acquired the heifer by being the first winner of the **Hellenbrand Lasting Legacy Award (HLLA)**, an annual award established to honor Mike Hellenbrand's contributions to the dairy industry and World Dairy Expo, in particular, and to perpetuate Mike and his wife, Linda's, dedication to fostering the interest of aspiring and deserving youth with the chance to own and show the offspring of a previous WDE winner.

Alison's HLLA Guernsey calf, Springhill TK Jazprit-ETV, was added to the family owned-and-operated Phil-Mar-Ru Farms in April, in time for a busy show season that has taken Alison from county, district, and Wisconsin state shows to World Dairy Expo. The home dairy herd, comprised of approximately 200 registered Holsteins and a few Brown Swiss, now has an elite Guernsey addition that has fed Alison's passion for knowledge of genetics related to all dairy breeds, while growing her potential to be a skilled judge and showman, and to further future opportunities for her, like becoming a large-animal veterinarian. Alison, a volleyball player and an active volunteer in her church and local community, hopes that she will be an example to other dairy youth, and that pursuing grants, special awards, and other opportunities to learn from influential breeders, mentors and educators keeps youth like her involved in the dairy industry.

The choice of a good mentor is a critical part of selecting an HLLA winner. Alison designated Dr. Jeff Bleck of Dairy Doctors Veterinary Clinic in Plymouth, WI, known to many not only as an exceptional veterinarian, but also for his active presence, education of, and dedication to youth showing, judging and competing in any number of dairy-related activities. Dr. Bleck's support of Alison for the HLLA was based on her work ethic, balance, willingness to learn, dedication to her family and her love of the dairy industry. His clearly articulated mentoring plan for Alison and her calf has been evident in his bond with Alison, and her progress, enjoyment and comfort showcasing her calf this year. At World Dairy Expo, Alison and future HLLA winners will consign their calf to the World Classic Sale. Alison's hope, however, is that the outcome of the sale brings Springhill TK Jazprit-ETV back to the family's farm.

The winner of the second HLLA calf, a daughter of Marilie Gentleman Karmina, the 2021 Ayrshire World Dairy Expo champion owned by Budjon Farms and Peter Vail, will be chosen in March, 2023. Applications for that award are open now and until January 1, 2023, and can be found at <https://www.hellenbrandlastinglegacy.com>.

- 1 Month Term.....2.40%
- 3 Month Term.....3.60%
- 6 Month Term.....4.00%
- 1 Year Term.....6.00%

Minimum Policy Premium is \$100.00
 Policy must be in place a minimum of 3 months prior to calving to cover any loss resulting from calving.

Signature of Applicant:

Date: _____

This is not a Binder until accepted by Insurance Company Representative

LIVE INTERNET BIDDING AT www.cowbuyer.com

- View /bid online in Real Time
- Registration is required. Please register at least one (1) hour prior to sale time at www.cowbuyerlive.com
- High Speed Internet is required. Slower speed will not permit you to bid and keep pace in real time.
- Terms: Purchasing online constitutes a legal contract and promise for payment of purchases. All purchases must be paid within five (5) days of sale date and prior to load out or delivery of cattle purchased.
- Cowbuyer.com is a service provider and is not responsible for the activity or inactivity of any technology, internet connection at the sale site or connection and technology of the bidders.

For questions or information, contact:

Aaron Ray Tompkins – 336-363-4639, atompkin@vt.edu

TERMS AND CONDITIONS OF SALE

TERMS: The terms are cash or check on sale day payable to Tom Morris Ltd, in U.S. funds unless other arrangements are made with the seller and management prior to the sale. All payments must be made to the clerk of the sale and no release of animals will be given until satisfactory settlement has been made. Compliance with the above terms of payment on the part of the buyer will then entitle him to the guarantees offered by the seller and listed below.

EXPORT SALES: Buyer assumes all responsibility for health tests required by the importing country.

BIDS: The highest bidder shall be the buyer. Bidding parties or their agents are responsible for all bids placed. Every animal or lot presented for bidding is pledged to absolute sale. In case of dispute, the animal or lot shall be again put up for advance bids, and if there is no advance bid, the animal or lot shall be sold to the person from whom the auctioneer on the stand accepted the last bid. In case two or more claim the bid, the auctioneer in the box shall indicate the party whose bid he recognized. Other claimants will be given an opportunity to increase the bid, and bidding will be restricted to the two or more claimants.

BY-BIDDING: Bidding directly or indirectly by the sole owner of any animal or lot is prohibited. Seller reserves the right to be a member of a buying partnership or syndicate. Bidding by any member of a partnership, syndicate, or other entity having an ownership interest in an animal or lot is permitted.

RISK: All animals, whether on site or sold in absentia, are at the purchaser's risk as soon as struck off. Those at the sale will be cared for free of charge until noon on Saturday, October 8th. Animals are solely at the seller's risk prior to selling in the event of fire or other eventuality.

TRANSFER OF OWNERSHIP: For all Registered HolsteinsSM, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA and a certificate of registration showing that transfer of ownership will be provided to the buyer free of charge. Jersey consignments will be transferred in the same manner with the American Jersey Cattle Association.

WARRANTIES:

1) Each seller warrants clear title to the animal or lot, and the right to sell same.

2) To the best of the seller's knowledge, each animal is sound and healthy in every respect, unless otherwise noted in the catalog or announced from the auction stand. Every precaution will be taken to represent the physical condition of each lot exactly as it is known. Heifers that have never calved are in no way guaranteed as to the condition of their udders following calving.

3) Breeding Warranty: The seller guarantees all animals to be breeders, but not beyond the purchase price, with the following understanding:

Should any female less than eighteen months old when sold, fail to become pregnant by the time she reaches the age of 21 months, after having been bred to a bull known to be a breeder and after having been examined or treated by a licensed veterinarian, the matter shall be reported in writing to the seller within three months of the stated limit. The seller shall then have the privilege of four months' time in which to prove the animal a breeder by service to a registered Holstein bull before refunding the purchase price or making other settlement satisfactory to the buyer. Females bred when sold and

pronounced in calf are presumed to be pregnant but pregnancy is not guaranteed. The seller makes no warranty that pregnant heifers will deliver calves or that they will carry calves full term.

If, after the sale embryos or oocytes are recovered from a female or an attempt is made to superovulate her, this negates the breeding warranty unless there is a separate written agreement between buyer and seller.

4) Health tests completed for this sale will be disclosed. The results of any future health tests are not guaranteed. The seller and sale management hereby notify buyers that according to the State of Wisconsin ATCP Rule 10.21, all animals are sold as originating from a maximum risk paratuberculosis herd. The seller and sale management cannot be held liable. Any animal that is a member of a herd enrolled in an official state supervised Herd Status Program may be identified as such with status level shown.

5) Buyer of each IVF Lot is purchasing rights to control the next IVF sessions until a minimum of 8 #1 or #2 IVF embryos are produced. Embryo grades are determined at the time of transfer if fresh embryos, or at time of freezing if freezing is requested by buyer. Buyer keeps all resulting embryos from these controlled IVF sessions. Buyer is responsible for all costs of the aspirations and mating sire decisions. Sessions offered in the World Classic must be performed by a certified IVF facility or practitioner that is agreeable to both seller and buyer. If after 4 IVF sessions the guarantee has not been fulfilled, the seller will remit to the buyer a refund on pro-rated price based on original sale price of 8 #1 or #2 embryos to be transferred or frozen if requested by the buyer. Example: Sale price of \$40,000 on an IVF session would equal \$5,000 (or sale price divided by 8) refund per embryo not produced in event all embryos are not produced. IVF flush histories available upon request.

SHIPPING: Assistance will be given in arranging shipping of animals after the sale. All costs, risks and responsibility will be borne by the buyer.

PEDIGREE INFORMATION: All production, classification, type and production summaries are current. Information recorded on Holstein Association USA pedigrees is used in this catalog. All records, except records in progress, are shown on crude protein scale. Any production records followed by a quotation mark ("") have been supplied by the seller. Donor dams are identified.

GENOMIC INFORMATION: If genomic information on the animal or embryo is available, it must be dated and disclosed at or before the time of sale.

ERRORS: The material in this catalog has been carefully edited. If any errors or omissions are discovered, they will be announced. Such announcements take precedence over material printed in this catalog. Neither the editors of the catalog, the sale management, nor the sellers can assume any responsibility for any errors or omissions in the catalog.

ACCIDENT: The sale management, the sellers, and the owner of the grounds will not be responsible in any case for the condition of the grounds or the behavior of the animals and disclaim any liability in the event of personal accident or property loss.

RESPONSIBILITY: The seller will represent and be responsible for his animal. In no case, however, will the seller be responsible for any damages beyond the selling price of the animal. Seller's responsibilities and warranties will cease when the animal is resold. Tom Morris Ltd., as sale manager, assumes no responsibility, acting only as an agent, but will endeavor to protect the interests of both buyer and seller.
