Since the first Limousin cattle were imported into the United States the breed has impacted the beef industry. The breeds superior efficiency in turning feed and forage to pounds of beef made it a mainstay in profit-minded breeding systems and continues to do so today. The WV Limousin breeders are offering you the chance to improve your bottom line with their selections of Limousin cattle. Please feel free to contact me with any questions in your selections in this years sale.

All Limousin Bulls In This Sale Have Passed A Semen Test. **There Will Be A \$1,200.00 Minimum Bid On Each Bull.**

Thank you doesn't seem adequate enough to describe our gratitude and appreciation for all the support many of you have provided over the years to keep our program moving forward.

We couldn't continue without you and are exceedingly grateful. We appreciate your purchasing Maple Lane genetics and will strive to continue providing cattle that will work for both the purebred and Commercial breeder.

Thanks again from all of us at
