

HERD REDUCTION SALE

Friday, March 3, 2023 • 11:00 AM
Belmont, Ohio

We would like to extend a warm welcome to our farm.

Plainfield farms was established in 1944 when Orville Simpson SR. purchased the farm and moved here in that spring. In the mid-70s, the farm was taken over by Orville Simpson Jr. and his wife Betty and now is owned by Donald and Danette Simpson since 2011.

Through the years the farm has progressed from stanchions to pails to one of the first milking parlors in Ohio in 1962 to the facility we have today. But one thing has held true, that is cow care and management. AI breeding has been a mainstay since the 1960s. The first registered Holstein was introduced in 1984 as a FFA project, and the passion has never left and now the herd is 100% registered Holstein.

Throughout the years we have made purchases to upgrade genetics with most important being maternal lines that breed true with the use of ET and IVF we have been able to continue to develop these families. At today's sale we have tried to offer something for everyone from many of these cow families.

The registered Holstein cow is certainly something special. The friends we have made over the years are some of the greatest friendships we have. We hope you find some that special animal here today and make an impact on your herd.

Thank you to all buyers and we wish you much success with your purchase.

Sincerely,
Don and Danette Simpson
Plainfield Farms LLC
