The Dairy Science Club at Iowa State University

Welcome to the 2nd annual Cardinal and Gold Classic!

The Dairy Science Club at Iowa State University is delighted to introduce the 2nd annual Cardinal and Gold Classic. Last year, we had the opportunity to sell 35 heifers and 70 embryos for the Iowa State University Dairy Farm. This year, we are excited to announce the sale will be in consignment form, featuring live lots and embryos from Iowa and the surrounding states.

Iowa State University is one of the few universities in the nation that still has a Dairy Science major, and having the opportunity to grow skills and knowledge from putting on this sale is extremely valuable. With nationally-competitive Dairy Challenge and Dairy Judging teams, a wide range of activities available through the Dairy Science Club, the DairyCy Student-Managed Dairy, valuable dairy research opportunities, and the ISU Dairy Farm, students are engaged in the dairy industry from every angle. We want to sincerely thank our advisors, professors, farm and university staff, alumni, industry professionals, friends, and family for their support.

Sincerely,

Regan, Irene, Madi, and Anne

Sale Terms & Conditions:

Payment in full cash or good check is due to CowBuyer within five business days of the sale. No exceptions. Any special terms MUST have prior approval by the seller or sale management. Females bred and sold are presumed pregnant, but pregnancy is not guaranteed. The seller makes no warranty that pregnant heifers will deliver calves or that they will carry full-term. Embryos are sold on a per embryo basis times the number of embryos offered in the package. The final responsibility for shipping arrangements or the pickup of lots is that of the buyer.

2023 Iowa Dairy Producers Luncheon

The Dairy Science Club at Iowa State University is excited to host the second annual Iowa Dairy Producers Luncheon from 10:30 am - 2:30 pm on Saturday, April 29th, 2023, at the Iowa State University Dairy Farm.

We are excited to introduce Dr. Pamela Ruegg from Michigan State University College of Veterinary Medicine and Dr. Cody Sacquitne from Iowa State University College of Veterinary Medicine. Both will share on improving udder health and milk quality with on-farm practices. This free luncheon will provide a networking opportunity and a dairy farm tour.

Schedule:

10:30am: Check-In

10:45am: Luncheon Introduction

11:00: Dr. Cody Sacquitne

12:00pm: Lunch from Hickory Park

1:00pm: Dr. Pamela Ruegg

2:00pm: Refreshments and tour of the ISU Dairy Farm

Dr. Pamela Ruegg

RumaWAY LAUNCH

As an anionic pre-fresh liquid, RumaWAY LAUNCH is designed to lower the DCAD level of the pre-fresh diet to aid in the prevention of milk fever.

LAUNCH combines the benefits of molasses with a negative DCAD in an easy-to-use liquid product that complements dairy rations.

To learn more and locate a dealer near you:

 **Westway**
Feed & Supplement

1-800-800-7517
www.westwayfeed.com

The advertisement for RumaWAY LAUNCH features a photograph of a black and white cow lying in a pile of hay. The text is arranged in a vertical column on the left side of the image, with the product name in large, bold letters at the top.

Without your support, the Iowa Dairy Producers Luncheon would not be possible!

Meet the Chairs

L to R: Anne, Madi, Irene, and Regan

Irene Nielsen is a junior at Iowa State University studying Dairy Science with minors in Public Relations and International Agriculture. She has grown up raising and showing a small herd of Holsteins. After graduation, she hopes to enter the industry working in young stock management.

Madi Palmer is a junior studying Animal Science with a certificate in Dairy Cattle Production Management and a minor in Spanish. She grew up on a dairy farm in Northeast Iowa, participating in all aspects of the operation, dairy judging, and showing dairy cattle. After graduation, she plans to attend graduate school for her Master's in Ruminant Nutrition.

Regan Kramer is a junior at Iowa State University in Agriculture Studies and International Agriculture. She grew up on a small registered Jersey and Holstein farm and has been involved in the industry since a very young age working on the farm or showing cattle. After graduation, she plans to work in the industry advocating for dairy producers and raising cattle of her own.

Anne Simpson is a freshman at Iowa State University studying Animal Science. She has grown up showing dairy in her home state of Minnesota. In the future, she plans on either attending veterinary school or going to graduate school to earn a Ph.D.
