## *Sales Clerk*

Nicolet National Bank

## The Synergy Story

We sometimes joke that Evan is ultimately responsible for the birth of Synergy Dairy. The birth of our third son solidified a strong desire we had to raise our children in the dairy business. We are not sure how many parents would have joined us in our huge leap of faith, but appreciative credit goes to Heather's parents, Gary & Linda, who had the vision and foresight to trust in our vision and pack-up their home of 20+ years in a move to Pulaski, Wis. We didn't know a soul in Shawano County, but our new neighbors quickly became trusted friends.

Although today is not a dispersal, we have transitioned through a few chapters of the Synergy story. Today marks yet another with Jay's decades-long dream of hosting a sale finally coming to fruition. We have always been "cow people" and really enjoy genetics and trying to breed great cows.

Synergy Boliver Daffy EX-90

In our first chapter, we just focused on maximizing cow comfort, milk production and trying to stay profitable. In the next, we were able to start investing to improve and further develop our genetics. Synergy Boliver Daffy, currently 16-years-old and +445,000 lbs. milk lifetime, was created during that phase as we honed in our strategy of "Breeding Cows We Love to Milk."

to start developing the "Protein Powerhouse Pirates" that make up over half our current herd. Our genetic focus began to pay off with selling a few bulls into AI each year, along with some females and embryos for premium prices.

Glo-Crest Oman Pirate was an early matriarch in our herd. Through her Planet daughters, we were able

Synergy Planet Piper-ET EX-91 GMD DOM

We have also been fortunate to have some wonderful success in the showing, which was a thrill for our family and extended family to enjoy together.

We have decided to share the opportunity to incorporate these successful genetics with all of you and are excited to see the development of our best cow families in the hands of great cow people.

Now turning yet another chapter, we are looking ahead to the future of Synergy Dairy. We are excited about the possibility of incorporating another generation into this business that has treated us so well. Although the genetic world has changed dramatically in the past 10 years, we will continue to focus on breeding profitable cows we love to milk.

We are so thankful for our team of employees and consultants who have helped us grow Synergy Dairy into what it is today. Our family is also especially grateful for the welcoming home we have found here in Shawano County.

As we celebrate this next chapter, we hope you too find the area as wonderful as our family does. We are very excited to see what is to come for Synergy Family Dairy.

Thank you for joining us in this celebration and welcome to the Breeder's Bash!

Jay, Heather, Mason, Carter and Evan

## Unlock the value of your milk samples

Research shows one hour of lost resting time leads to reduced milk production.<sup>1</sup> Unlike traditional methods, testing milk samples, promotes resting time, and eliminates labor to find, sort and lock-up cows. Talk to your CentralStar team about the convenience of using milk samples.

## **FARMS & HARVESTING**

From spring to fall, we offer it all! Family owned and operated, established in 1981, Hylok Harvesting works endless hours to provide all your demands. At Hylok Farms and Harvesting we strive to provide excellent services unique to your operation! With the latest technology and equipment, we provide: spring tillage, custom applying, planting, forage harvesting, packing, combining, fall tillage, and drainage tile.

What we offer:

- Drainage tile: ability to survey land, create drainage plans using RTK GPS. Our plow is a self-propelled Bron 550. Ability to do surface drainage and create waterways.
- Harvesting: Three large forage harvesters, two large combines, 11 semis with forage and grain trailers.
- Custom Applications: Spraying and nitrogen applications, John Deere R4044 120ft booms with exact apply nozzles, Y-drops at 80ft swath.
- Planting: Two, 16-row corn planters with electric drive, in furrow and 2x2 fertilizer applications and a 40 foot air drill with 7.5/15in spacing.

# HOLSTEIN ASSOCIATION TERMS AND CONDITIONS FOR PUBLIC SALES

EFFECTIVE MARCH 2, 1996 - Amended October 1, 1997, June 28, 2000, June 23, 2002, and March 26, 2010

**TERMS:** The terms of the sale are cash unless arrangements are made prior to the sale or are printed in the sale catalog. Only when the above conditions are met will the buyer be entitled to the warranties listed below. In no case will animals be released unless settlement is made with the clerk of the sale.

**RESPONSIBILITY:** The seller, buyer, and manager of this sale are obligated to comply with the provisions of these terms and conditions.

**EXPORT SALES:** Buyer assumes all responsibility for health tests required by the importing country.

**BIDS:** The highest bidder is the buyer. Bidding parties or their agents are responsible for all bids placed. Every animal or lot presented for bidding is pledged to absolute sale. In case of dispute, the animal or lot will again be put up for advance bids, and if there is no advance bid, the animal or lot will be sold to the person the auctioneer accepted the last bid from. In case two or more claim the bid, the auctioneer will indicate the party whose bid he recognized. Other claimants will be given an opportunity to increase the bid and bidding will be restricted to the two or more claimants.

**BY-BIDDING:** Bidding directly or indirectly by the sole owner of any animal or lot is prohibited unless the intention to bid is disclosed specific to each animal in the catalog and announced when the animal enters the ring. Bidding by any member of a partnership, syndicate, or other entity having an ownership interest in an animal or lot is permitted.

**TRANSFER OF OWNERSHIP:** For all Registered Holsteins<sup>SM</sup>, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA and a certificate of registration showing that transfer of ownership will be provided to the buyer free of charge. For embryos, the transfer of ownership to the buyer will be recorded on the records of Holstein Association USA free of charge to the buyer.

**RISK:** All animals located at sale site are at the purchaser's risk as soon as struck off, but will be cared for free of charge for a maximum of 24 hours following the end of the sale.

## WARRANTIES:

- 1) Each consignor warrants clear title to the animal or lot, and the right to sell same.
- 2) To the best of the seller's knowledge, each animal is sound and healthy in every respect and embryos have been recovered, processed, frozen, transferred and graded in keeping with IETS recommendations unless otherwise noted in the catalog or announced from the auction stand. Every precaution will be taken to represent the physical condition of each lot exactly as is known. Examination of all purchases should be made immediately after the purchase and before the close of the sale, and if found not to be as represented, complaint must be reported to the sale management before the close of the sale. In the event no complaint is filed, it is understood that the buyer assumes full ownership in the case of animals at sale site together with all risks, after which no representations of the seller can be challenged through the sale management. Heifers that never calved are in no way guaranteed as to the condition of their udders following calving.

### 3) Breeding Warranty

The seller guarantees all animals to be breeders, but not beyond the purchase price, with the following understanding:

- a. Males - Should any bull after reaching the age of fourteen months fail to prove a breeder after being used for two months on cows or heifers known to be breeders, the matter shall be reported in writing to the seller within three months of the sale date. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed,

by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller. The seller makes no guarantees with respect to the ability to freeze semen.

- b. Females - All females are guaranteed to be breeders with the exception of:
  1. Cows over 7 years of age when sold;
  2. Cows and/or heifers carrying a pregnancy that is the result of an embryo transfer.

Report of a non-breeder must occur in writing within 3 months of the date of sale or before the animal reaches 21 months of age and must be submitted to the seller. The report must include the animal's examination record, a written statement of treatment, and a statement of the animals' inability to breed, by a licensed veterinarian. The seller has the option to refund the purchase price or make other settlement that is satisfactory to the buyer. In either case the rights of ownership of the animal return to the seller.

Females bred when sold and pronounced in calf are presumed to be pregnant but pregnancy is not guaranteed unless so announced. The seller makes no warranty that pregnant cows will deliver calves or that they will carry calves full term.

- c. If, after the sale, embryos or oocytes are recovered from a female or an attempt is made to superovulate her, this negates the breeding warranty unless there is a separate written agreement between buyer and seller.

**SHIPPING:** Assistance will be given in arranging shipping of the animals after the sale. All costs, risks and responsibility will be borne by the purchaser.

**PEDIGREE INFORMATION:** All production, classification, type and production summaries are current. Only information recorded on Holstein Association USA pedigrees is used. Any production or classification records supplied by the seller or consignor will be properly identified as provided by owner. Records in progress are identified as such.

**GENOMIC INFORMATION:** If genomic information on the animal or embryo is available, it must be dated and disclosed at or before the time of sale.

**EMBRYO TRANSFER:** All registered animals that have resulted from embryo transfer are identified with one of the following suffixes in the name: ET, ETS (from split embryo), or ETN (from nuclear transfer). If unregistered, the appropriate technology will be identified. Donor dams are identified.

**HEALTH WARRANTY:** The seller will provide an official health certificate to the buyer for each animal showing the results of all health tests made in preparation for this sale as required by the state where the cattle reside. Other health tests completed for this sale will be disclosed.

**ERRORS:** The material in this catalog has been carefully edited. If any errors or omissions are discovered, they will be announced. Such announcements take precedence over that printed in this catalog.

**ACCIDENT:** The sale management, the consignors, and the owner of the grounds will not be responsible in any case for the condition of the grounds or the behavior of the animals and disclaim any liability in the event of personal accident or property loss.

**LIMITATIONS OF WARRANTIES:** Warranties contained herein, unless terminated earlier, will cease upon the resale of an animal.
