

The 55th Annual
North Carolina
Hereford Classic

MAY 13, 2023 • NOON

Shuffler Farm, Union Grove, NC

The 55th Annual North Carolina Hereford Classic is Dedicated to

Wes and Andie Carpenter

Andie (Fishel) and Wes Carpenter have been active and influential members of the North Carolina Hereford Association and the Hereford Industry for many years.

Andie's passion for the Hereford breed started at a very young age. Growing up on her family's purebred Hereford operation, Windmill Acres Farm, with her brother, Neil Fishel, and parents, Phil and Brenda Fishel, Andie's love for the Hereford breed was inevitable. They exhibited cattle on both the local and national levels and found the most joy in the lifelong friends they made along the way. After a successful show career and a bachelor's degree from Western Carolina University, Andie accepted a position with the American Polled Hereford Association after an impromptu interview "straight off the wash rack" in Louisville. During her 10 year career at the APHA, Andie was instrumental in the implementation of Creative Services, working directly with breeders across the country to create advertisements as well as the design and layout of the organization's national magazine.

Upon returning to North Carolina, Andie stayed involved in her family's cattle operation as well as the North Carolina Hereford Association. While working in public relations for Dale Earnhardt, she met the love of her life, Wes Carpenter - a Navy veteran who served on a submarine for 8 years. They both left the racing industry and purchased the AlphaGraphics franchise in Winston-Salem. Wes dove headfirst into agriculture and quickly became involved in the family's farming operation. As their nieces and nephew continued to exhibit Hereford cattle, Andie and Wes were fixtures at every show. Andie was always ringside, taking photos and cheering all of the juniors on while Wes could be found on the wash rack and helping prepare animals to show. He is now the voice of several local shows, taking up the microphone as an announcer. Wes also serves in many leadership roles in local agriculture organizations. He is the current Vice-President of the North Carolina Hereford Association and serves on both the Forsyth County Cattlemen's Association and Forsyth County Farm Bureau Board of Directors.

Through their ownership of AlphaGraphics, Andie and Wes have supported numerous farm families and livestock organizations by using their extensive marketing expertise to design and develop print and promotional products

such as farm signs, print ads, sale catalogs, branded farm apparel and so much more. They have both designed and printed the North Carolina Hereford Association Membership Directory for many years as well as sale catalogs, ads, and other print and digital media for the NCHA. One of their greatest passions, however, is supporting juniors. Andie and Wes have become some of the greatest supporters of the North Carolina Junior Hereford Association by providing them with custom stall cards

and banners for Junior Nationals, t-shirts and promotional products for them to sell to raise funds for junior activities, and numerous print materials and design services for events including the Southeastern Regionals Junior Hereford Show.

Wes and Andie are always willing to help any junior, breeder, or friend in need. They are humble in all the things they do and never hesitate to put others before themselves. They are giving, welcoming, knowledgeable, resourceful, and above all, they care deeply about the Hereford breed and the people they meet along the way.

- If you're looking for stout and pretty, look no further! Only the second Jazzy daughter to be offered, the first was the high seller last fall in the Appalachian Elite Sale. Charlie has the pieces to make an outstanding show heifer and go on to produce even better ones. Stout, sound and elegant in her front third, she is hard to look past. We know the birthweight from United is intimidating, but don't let a number scare you. While the actual birth weights do not reflect that EPD, it can still easily be bred down. Charlie will be ready to roll for summer shows, and we really think she'll shine this fall!

- Given the change in this year's sale date we thought we would offer up something that we seldom let go, a spring pair straight out of the keeper pen. 35J brings production and functionality on both sides of her pedigree, on the top side you have the "656" Hometown 10Y son, that has made some awesome females at the beef unit backed up by the time tested R117 bull on the bottom side.

- A daughter of 409B, Dam of Distinction. It is a burden to let this kind of power cow go. Her sire, the late and great X51, has made such an impact on the breed. Ed says we will make another one. One look at her calf at side and you will know why this is a great breeding tool. Long-spined, deep sided cow. She has many years ahead of her to produce heifers or bulls with real power.

- This young 4013 daughter has posted two calves with a 96.5% BW and her first calf posted 107% WW. I'm sure the calf at side will post a high WW when data is turned in. She is dark red and pigment in both eyes. Her udder structure is ideal and ample milk based on ww of first calf. She blends power and carcass of 4013 with JMS genetics. Long bodied, this cow has many productive years ahead of her and is on track to be a great breeding tool.

Sired by the \$135,000, High Roller, who was the 2019 National Champion Bull. He is without a doubt one of the most complete, balanced, and fault free bulls out there. High Roller is huge footed, big-boned, square hipped, and loaded with power. Mated to the Beefmaid 642Z donor, who produced the 2022 Reserve National Champion Horned bull, DCF 642Z Dilly, owned by Dry Creek, Buck, and Hoffman. Future progeny will have much success in the show ring.

Sired by the \$107,500, Fresh Prince, who was the high selling Hereford bull in the 2021 Hereford Night Sale at the Cattlemen's Congress. Fresh Prince progeny are very attractive, with beautiful dark color, fancy front ends, and loads of pigment. Mated to Ladysport, who is a tremendous 88X donor cow for us and Day Ridge Farm, she is pigmented in both eyes and out of the NJW legendary donor cow, Ladysport 78P. I would expect future progeny to be super attractive, and be able to compete in the show ring.

Sired by the 2-time Champion at both the 2022 Cattlemen's Congress and 2022 Ft. Worth Stock Show, Maverick. I was blown away by Maverick when I saw him for the first time at the 2022 Cattlemen's Congress. From his depth of rib, to his big hindquarter, and his sharp front end, I knew I was going to use Maverick quite a bit. One thing I also like so much about Maverick is the freckles on his face, like icing on the cake. Mated to Ladysport, who is an extremely long spine, deep bodied, huge footed, has a top as big as a dining room table, and like Maverick, freckle faced. We are looking forward to seeing these calves hit the ground. I feel they will not only compete in the show ring, but also go on to be extremely productive as you have the famed Ladysport 78P on the maternal side and the \$60,000 valued 7009 donor cow from Perez, you can't go wrong here.
