

**4K Farms/Tarheel Angus
2019 Fall Production Sale**

Saturday November 23, 2019 1 PM

**Alamance County Cattlemen's Livestock Facility
7351 Beale Rd.
Snow Camp, NC 27349**

Welcome to the 4K Farms/Tarheel Angus 2019 Fall Production Sale

I want to thank you for your interest in our upcoming sale. The cattle business is changing at an alarming rate and it is easy to quickly become irrelevant if we don't change with it. In my cattle business at 4K Farms, I have embraced change. Technologies are allowing rapid genetic change in seedstock production. I also keep extensive records which allow me to document the animals that excel not only here in central North Carolina, but have the genetic merit to compete with any other high quality cattle. Again this year you will have the opportunity to purchase genomic tested commercial cattle. We are committed to documenting genetic improvement and working to earn your business.

Please print this document, it is your sale catalog, bring it with you.

The cattle will be sold at the Alamance County Cattleman's Sale Facility. Viewing will begin at 11:00 AM. If you need to move purchased animals other than Saturday November 23, make arrangements with the clerks during settlement.

Settlement must occur prior to removing animals from the premise.

Cattle sell under the recommended terms and conditions of the American Angus Assn.

All persons attending this event do so at their own risk, legal, or otherwise, for any accident which may occur. No consignor, nor the Alamance County Cattleman's Assn. will be responsible for any injuries that may occur before, during, or after the sale has ceased.

The information given in this document is believed to be correct. Consignors will only consider misrepresentation of information within 30 days of sale.

4K Farms/Tarheel Angus Fall Production Sale

ET Pregnancies

1 C510 1/25/15 [18128918](#) [Connealy Black Granite](#) [Connealy Lead On](#)

A nice young well bred cow with a nursing ratio of 102 on first 2 calves. Carrying an ET calf with breed leading potential. The ET sire is [Jindra Acclaim](#) [donor 4K Blackcap D621](#). due date 2/14/20 Acclaim is siring high powered sale topping efficient performance cattle. D621 is the dam of 4K Bronc F811 (pictured). F811 BW 72 lb, adj WW 686 lb. D621 is top 5% for each \$index, and top 1% for heifer pregnancy epd, WW epd, and YW epd, and top 2% for feed efficiency. I had seven of these ET calves born in the fall 2019 and they are nice.

2 C540 9/15/15 [18321818](#) [Sitz Upward 307R](#) [N Bar Emulation EXT](#)

C540 carries the service of some of the most influential Angus genetics. She carrying an ET calf with Weherman/Woodside x Express/BoBo breeding. [Sire Woodside](#) [donor BoBo Barbara 2572](#) Woodside was a featured bull sired by Consensus 7229 out of 5F56. Barbara was a featured donor at Woodside now at Dixie Farms in Louisiana. Due date 12/27/2019.

Registered Angus Winter Calving Cows

3 A305 1/13/13 [17447560](#) [Connealy Consensus 7229](#) Rito 6I6 of 4B20 6807

In 2008 I purchased A305's dam. I was told she was the real deal. Thank goodness I listened. Offspring from that purchase dominate my herd today. Presently I have 7 daughters of A305 in my herd. Her sire Consensus has 18,000 progeny records. Her calves have ratioed 107 at weaning. [AI bred to Sydgen Enhance 5209 and due 2/5/20](#)

4 A370 1/13/13 [17702767](#) [Connealy Impression](#) [Nichols Extra K205](#)

Strong maternal female. Breed leading economically relevant maternal genetics for weaned calf production. An excellent mother, structurally sound, with good temperament. She has a 109% weaning ratio on her first 4 calves. First 2 bull calves are nice herd sires. Daughters are excellent. [Bred AI to G A R Inertia due 1/14/20](#)

5 B430 8/26/14 [17948852](#) [A A R Ten X 7008 S A](#) [Rito 2 878 of 2536 BVND 878](#)

Deep pedigree female with the most dominant bloodlines in the breed. Genomics are top 2% marbling, top 6% milk, and top 8% meat tenderness. Her first calf by Prophet is an excellent herd sire working in a registered herd. [Bred to 4K Bronc F811 and due 3/17/20](#)

6 B457 10/8/14 [17948877](#) [4K Upward Z27](#) [Bon View New Design 878](#)

Super maternal cow. First 3 calves have weaning ratios of 116, 121, and 122. All 4 grandparents are pathfinders. Upward-878-Bushwacker are some of the most proven Angus sires in the breed. A can't miss cow
[Bred to 4K Bronc F811 \(pictured\) due 3/15/20](#)

7 D630 8/7/16 [18628066](#) [V A R Discovery 2240](#) [4K Upward Z27](#)

This young cow has a royal pedigree. She has the genetic profile the industry is striving for, moderate birth weight, well above average growth, feed efficiency, and top end carcass merit. Her mother line has excelled with 2 pathfinder cows of the last 3 dams. Discovery her sire delivers multi trait superiority.
[Bred to 4K Bronc F811 and due 4/1/20](#)

8 D637 8/11/16 [18628072](#) [V A R Discovery 2240](#) [G A R Prophet](#)

Young cow with stacked pedigree. She is the first daughter from Rita B451. Her dam has excelled with each calf delivering moderate birth weights with well above average weaning weights. Her genetic profile is exactly what we strive to produce. Her first calf, a heifer, by Bronc ratioed 109 at weaning and is really nice.
[Bred to 4K Bronc F811 and due 3/8/20](#)

9 E702 1/6/17 [18797102](#) [Deer Valley All In](#) [Connealy Black Granite](#)

Young 2 year female with outstanding genetic merit. E702 is the first calf of the Lot 1 female in this sale. Her genomic scores are on target. CED top 1%, weaning top 10%, tenderness top third. Just weaned a nice heifer calf by Bronc.
[Bred to 4K Bronc F811 and due 3/20/20](#)

10 Z215 2/25/12 [17275756](#) [Connealy Lead On](#) [Alcoa New Standard 427](#)

Nice Angus cow originating from the Chinqua Penn herd. Has left several daughters in my winter calving herd. Bred to a baldy simmental bull for a SimAngus calf. The service sire is noted as a "deluxe cow maker."
[Bred AI to ASR Longevity Y184 due 2/4/20](#)

Registered Angus Winter Calving Bred Heifers

11 F802 1/4/18

[19136496](#)

[T C A Visionary 158](#)

[Sitz Upward 307R](#)

Angus bred heifer. Sired by Visionary out of an Upward daughter. Visionary has been identified as one of the most feed efficient bulls in the Angus breed. This heifer has a well balanced EPD profile and will make an outstanding cow.

AI bred to [G A R Reliant](#)

due 1/11/2020.

12 F803 1/5/2018

[19136497](#)

[WR Journey-1X74](#)

[Connealy Impression](#)

Journey daughter out of the cow selling as lot 4. Weaning ratio of 110. Deep pedigree with proven sires and dams. Excellent fertility with top 5% heifer pregnancy EPD.

AI bred to [G A R Reliant](#)

due 1/11/2020.

13 F807 1/19/18

[19136500](#)

QHF WWA Black Marble 5Q41

[A A R Ten X 7008 S A](#)

Sired by a Black Granite son from Quaker Hill Farm. Bred for moderate calving ease, good fertility, and carcass merit. Slick haired.

AI bred to [G A R Reliant](#)

due 1/10/2020.

14 F808 1/22/18

[19136501](#)

[T C A Visionary 158](#)

[Connealy Lead On](#)

Another Visionary out of a Lead On daughter. Balanced EPD profile.

[Bred to 4K Bronc F811 and due 3/10/20](#)

15 F809 1/23/18

[19136502](#)

[S S Niagara Z29](#)

[Connealy Consensus 7229](#)

F809 is a AI sired daughter of lot 1 A305 sired by Niagara one of best performance bulls at Select Sires. Starting at 67 pounds she is maturing into a beautiful slick haired female. Her weaning ratio was 107.

[Bred to 4K Bronc F811 and due 3/10/20](#)
